The Secretary Indian Affairs Branch Dept, Mines &. Resources.

I would like to make an explanation re. Voucher no. 258 covering the non draft glass which I purchased on request of Mr Cowan Principal of the U. C. School.

The widows are so low in the school, that he asked if it would be possible to buy some glass to set on the in side of the windows to prevent the direct draft on the Children when the windows are open, it was necessary to buy plate glass, then they had to be ground on one edge, to prevent the kiddies getting cut, I hope my action in this connection will meet with your approval. You will note that the kinder garden table did not cost very much, as we were able to make over an old table, and all that was necessary to buy was a few bits of lumber, and some oil cloth to cover it. Mr. Cowan did the work after 4 O/C

Re- In reply to yours of July 31, file 6-1-4. Sink in U.C.School.

Without asking the plumber to come to the Island and measure up for the piping and sink, and thereby add to the cost of this job, he has given me a price of between $ 20.00 and $ 25.00. this will include the sink 18x28. cutting of the pipe and all necessary fixtures to hook it up.

The only addition to this will be the digging of a sespool, and some material for walls in same, this will be done by the Indians. I would estimate that the job compleete would not exceed $ 45.00

As reported last year. I feel there is a definate need for both the R.C. & U.C. Schools to be painted outside this season. The wood work is beginning very badly cracked. I believe this could be done by Indian day labour

Mr. G. E. Hurl, Indian Agent,

I have your letter of the 5th instant, with reference to painting the outside of the two schools on the Christian Island Reserve. How much paint would be required and what colour do you suggest?

I note that you can secure Indians at 35¢ an hour. What amount would be involved for labour? The Department requires the above information before making a final decision regarding the painting of the buildings.

You may have a plumber examine the heating system at the United Church School, with a view to remedying the condition which you mention.

Extract from Monthly Report of Day School Attendance

for U.C. SCHOOL, CHRISTIAN ISLAND, Ont. for February, 1946.

Re: Katharine Monague - The parents have voiced a complaint that a predisposing cause of this girl's serious illness was the cold classroom. We agree with them. The teaching conditions in this classroom during the winter are, at times, highly unsatisfactory, e.g.,

On Fri., Feb. 15 -	Room temp.	9 A.M.	42
	" "	4 P.M.	36
Jan. 21 -	" "	9 A.M.	34
" 22	" "	9 A.M.	32

The temperature on these days rarely rises to a comfortable degree of heat.

How can a teacher insist that pupils attend school on such days? We try to carry on in one room, but this is not conducive to good teaching results.

When submitting his monthly report of day school attendance for the month of February, the Principal of the Christian Island United Church School points out that the classroom is very cold in the winter time. Please discuss this matter with the teacher and let me have a recommendation regarding what action should be taken in order to improve conditions at this school.

Window Blinds	(2 downstairs)		3 (36")		

Note.- During the past 3 years we have used our own home made equipment in addition to what little was on hand. Now we shall be taking our things with us & some articles, namely towels, flannelette blankets, knives & forks, tumblers, sauce dishes & pillow slips are entirely lacking. Handles come off knives & forks. Poor construction.

War time shortages were no doubt responsible for short supply wherever came.

N.B.—Explicit information regarding address must be furnished.

Ottawa, August 12, 1946.

Mr. H. E. Gauthier, Acting Indian Agent,
Christian Island, Ontario.

With reference to requisition of May 1, for supplies for the Christian Island United Church Indian Day School, you may purchase the following:-

1	mattress,	½	dozen dish towels,
1	sugar bowl,	½	" tumblers,
1	butter dish,	½	" sauce dishes,
6	cups & saucers.	½	" knives and forks.

1 linoleum rug for living room, 6' x 9', green and rust.

3 window blinds, 36".

The former teachers requested sheets, blankets and pillow slips in addition to the articles mentioned above. We do not supply the latter. These should be purchased by the teachers and can be taken away when they leave the school.

EX'D.

Ottawa, August 19th, 1946.

Henry Gauthier, Esq., Acting Indian Agent, Christian Island, Ontario.

Reference is made to your voucher No. 106 and No. 99 dated August 15th, 1946, and August 12th, 1946, in favour of Gerald Monague and the Georgian Bay Tourist Company Limited, respectively.

They are being returned herewith for the reason that on voucher No. 106 you indicate the item as being for school well supplies. We are at a loss to understand why this is chargeable to Band Funds.

On voucher No. 99 you state "Chargeable to Band Funds and Vote 76". The same confusion exists on your voucher No. 97, dated August 7th, 1946, which we note is a Credit voucher. When a Credit voucher is submitted it must be against an advance made for the purpose. Would you be good enough to give the number of the cheque which you received to be used in this connection. We are also returning voucher No. 97.

It is requested, please, that where separate expenditures are required, i.e., an expenditure from Vote 76 - Education, and an expenditure from Band Funds, that separate vouchers be drawn up indicating thereon the amount chargeable and the authority for the expenditure or in the case of an advance, the cheque by which you received the advance. If you will destroy these vouchers and, in due course, return separate vouchers for each account we will arrange to pass them for payment.

The above remarks are not made in any spirit of criticism because we are aware of the fact that you cannot be expected to follow all the details of correct procedure until you have had an opportunity of familiarizing yourself with them. It would be appreciated, however, if you would be guided by the foregoing remarks and if there are any points on which you desire information do not hesitate to advise us and we will be glad to assist you.

A.G. Leslie,
For Chief Clerk,

File: 6-1-5

Extract from Acting Inspector J.E. Morris' report of his inspection of the Christian Island Agency dated June 23, 1948. Original on file 77-6 Ins.2.

United Church School.

Two room school with residence for two persons attached. The school is in good repair. The residence is on a foundation but there is no foundation, or cellar, under the school room section. There were complaints that the class rooms are very difficult to heat. Mr. Gauthier reports that he had the furnace pipes under the class rooms repaired and covered with asbestos last year, which made a big improvement in the heating. Consideration should be given to boarding up the lower part of the floor joist and fill it in with shavings and lime. This small repair could be done at little cost and, no doubt, would be very helpful.

There are no outside windows on the school, or residence. I would recommend that the Superintendent be authorized to pruchase for the school 9 windows 5'6" x 3' and six outside windows for the res dence 5'6" x 30".

The desks are in very bad condition. I would recommend that thirty of the new type desks be supplied - 10 small, 10 medium and 10 large.

It was drawn to my attention that in the senior class room, the windows with an eastern and southern exposure should have blinds. The Superintendent was instructed to purchase blinds and submit a voucher in the usual manner.

Mr. H.E. Gauthier, Superintendent,
Indian Agency, Christian Island, Ont.

In his report regarding the Christian Island U.C. Day School, Mr. Morris stated that the heating of the building would be improved if the lower part of the floor joist was boarded up and filled in with shavings and lime. It is understood that this repair can be done at little cost and you can arrange for it before the cold weather starts.

Mr. Morris also suggested we purchase nine storm windows, each 5'6" x 3' for the school and six storm windows, each 5'6" x 2'6" for the residence. Please let me know at what cost you can obtain these.

It is our intention to purchase thirty new desks for this school.

Sir,

I have to call your attention to the fact that in your report on the affairs of your Superintendency for the year ended 30th June last, you state that school matters on the Dokis Reserve are in a very bad state, as there is no school and consequently the education of the children is entirely neglected.

The Department would like a report from you, showing the number of children of school age in this Band and, if the number be too small for the establishment of an Indian school, whether they might be sent to some white school in the neighborhood. Kindly give full particulars in this matter.

SIR,—

In reply to your favor of the 21st inst requesting a report on the lack of educational facilities for the education of the children at the Dokis Reserve. I with to say that owing to the isolated position of the Dokis Reserve, located as it is on the French River, about forty miles west of North Bay, it would be impossible for the children of this band (who number 12 of school age) to attend any white school in the vicinity of the Reserve, as I do not know of any white school being located within a very considerable distance of Dokis.

The only manner in which the children of this Band can be educated, would be by the establishing of a school at their Reserve, but owing to a lack of funds I do not see how this is to be accomplished at present. I may say however that the Dokis Band are the owners of one of the most valuable tracts of pine timber in this district, which if disposed of, & the proceeds thereupon placed to the credit of their Trust Fund, would enable them to establish & maintain a school for the education of their children, as well as to entitle each member of the band to a sum of interest money sufficiently large to purchase a great

many of the necessaries of life which they do not at present enjoy. The accomplishment of this most worthy object which would place the members of this Band in such a prosperous condition is prevented by the absolute refusal of Chief Dokis to consent to the sale of their timber; who being himself fairly well off, cannot be made to understand the many benefits which would accrue to the members of his Band through the sale of the timber, nor to appreciate the advantages which the establishment of a school on the Reserve, would give to the children of the Band.

I am therefor unable to see how any progress can be made in educational matters on this Reserve at present.

Memorandum:

Mr. Pedley,-

Superintendent Maclean, in his annual report, states that there are 32 children in the Dokis Band, French River, that they have no educational facilities whatever on the reserve, and that consequently the children are growing up without the advantages that education gives. I do not think the funds of this band will warrant any expenditure therefrom towards the construction and maintenance of a school on the reserve; but it is questionable whether it would not be advisable to ask Parliament to vote sufficient money for the purpose. I think that the refusal of these Indians to surrender their timber, to be sold for their benefit, is largely owing to their ignorance.. If the timber were sold they would have ample funds to maintain a school of their own and pay for expenses incidental to the management of their reserve.

Department of Indian Affairs:-

OTTAWA, 18th February, 1903.

The Deputy Superintendent General:-

Mr Supt. McLean has on many occasions called the attention of the Department to the fact that there are no educational facilities provided for the children of Dokis Band, whose reserve is on the French River. On two occasions provision for a teacher's salary has been noted for the estimates but has been disallowed. These Indians have no funds from which a salary could be paid and in the meantime their children, who number 32 of school age according to the last Census, are growing up without any education whatever. Schools are provided for other Bands with a smaller number of children and it is a question for the Department to decide whether anything shall be done for this Band.

Education

This band have not any school upon the reserve. Owing to the situation of the families dwellings they are separated.

The Dokis families and descendants reside upon the Island.

The Washusk families reside upon the south shore of the French River about two miles distant.

There are only eight children of school age upon the island who could attend school at present.

I think that a summer school for a start would be suitable as the Washusk children could attend school during the summer months.

I might say that I have suggested a school to the Chief several times but he does not appear to favour it.

Dear Sir -

Referring to that portion of your report which deals with the education of the children of the Dokis Band, I think that some arrangement should be made for the education of the eight children at present on the Island who should be attending school.

I would propose to try a summer school. Will you kindly let me know if there is any building available; if not, we will have to provide one. I do not propose to allow the Chief to stand in the way to the detriment of these children. If we do not establish a day school the children will be taken and placed in one or other of our residential schools. Will you kindly take the matter up with the Indians and let me hear from you at an early date.

I beg to acknowledge receipt of your letter of the 2nd April inst. in reference to Station of summer schools upon the Aboriginal Reserves. The matter was discussed with the Chief and Indians on Sept day. The Chief is not in favour of the schools and gives as his only objection that the expense would be taken from their funds. He would be willing if the Department paid the cost from Treaty moneys. The cost is considered unreasonable in view of the late payments. They were receiving in connection to other funds who were leading. The cost of their own schools a suitable building can be secured. which would also be convenient for the children residing upon the south side of the river and should the Chief interfere with the securing of this building we have a large funds in hand (objection stated as the Roman Catholic schools. which is used to suitable for the summer by erecting a platform.

Sturgeon Falls, Ont

dear Sir,
I just have your telegram and answer by the first mail.
It is my opinion that Alice Bitawanakwat, as you say, might be a competent teacher, as it is only for a month, it is worth while to try her. She is a well educated girl; she writes & thinks correctly and elegantly, She knows arithmetic, Geography history fairly well and she is a dutiful girl.
For the present I have none other in my mind, and the time is short to find one.
It would be an encouragement to Indian girls and especially this one who have been constantly in earnest to profit by all what was taught her.
Hoping that this will be satisfactory.
Stephen children are happy and healthy and progressing well in the school.

Very truly yours,

T. A. Desmarais, O.M.I.

Sir,—

I beg to acknowledge receipt of your letter No 203066 of the 25th instant in reference to starting a summer school on the Bad River Reserve

A suitable building has been arranged for at a rental of $10.00 per month which is to include cleaning, heat and any repairs that may be required.

I have made enquiry to secure a teacher there is a Miss Lafavre here who states that she has taught school for 25 years. She has not any certificate as to teaching and is willing to accept the position for a month and would continue providing it was agreeable to them.

I also beg to forward letter received from the Rev. C. G. Hesselberg Indian Missionary with reference to Miss Alice Bellanger Bad River an Indian girl 22 years of age who is residing here at present and who would accept the position

The girl was a former pupil of the Industrial school at Grand Rapids and appears to be competent for the position The pupils The pupils for the present term will be small children but she appears has not any certificate as a teacher. I also beg to forward a list of school material that should be.

Sir /

I beg to acknowledge receipt of your letter No203066/I of the 29th ultimO with reference to starting the school on the Dokis Reserve and report that I visited the Reserve with the teacher and have made arrangement to open the school tomorrow morning.

as previously reported the Chief is strongly opposed to this action and when I arrived there with the teacher and lumber to make desks and seats his manner caused considerable inconvenience in getting the building as previously arranged . the only the excuse the Chief gives that He does not want The Department to use any of their money for schoól or other purpose.

when I was leaving the reserve the Chief brought up the question of children attending school who do not belong to the Dokis band.

there are two families .Chertrand and Laravier the women belong to the band but their husbands or children do not belong.

the Chiefs brother Frank Dokis Sr has also two children of school age who belonged to his wife previous to his marriage .the Chiefs brother has always encouraged the starting of a school upon the reserve against the Chief s wishes . and I am under the impression this move is to try and deprive the above twO children of Frank Dokis attending school.

The Chiefs action may effect the attendance but like the timber question will come around in time .on the whole the band is in favour of a school excepting three families .

Dear Sir,

I just received, M. day, a letter from Miss Annie Mongean a letter in which she asks the place of teacher, at French River. I wrote her back to make application to you.

Miss Annie Mongean has been teaching, at Beaty. She knows very well English, for her mother is pure Irish, and even herself knows my little french. So she is well posted to ~~learn~~ teach English to the Dokis children. Moreover she is a good girl, and being 21 years old, she knows what she is doing and won't give any opportunity of complaints of all sorts -

OTTAWA, February 13th, 1923.

Sir -

I have to acknowledge the receipt of your letter of the 10th instant, enclosing an application from Mrs. Joseph Jalbert, Jr., for the position as teacher of the Dokis summer school, for the term beginning June 1st, next, and stating the qualifications which she possesses.

In reply I beg to say that as the past services of Mrs. Jalbert at this school were satisfactory, the Department will approve of her appointment for the next school term. She is to begin duties June 1st, 1923, and to teach until the end of the following September. The salary allowed will be at the rate of $60.00 per month, together with any bonus provided by law. You will note that this is an increase of $10.00 per month over the salary paid her last year.

It is presumed that the same building will be available for school purposes this coming summer, and at the same rate as was formerly paid.

You will be good enough to inform Mrs. Jalbert of her appointment, and you should instruct her to be ready to begin duties on the 1st of June. You will also be good enough to inform the Department as to the date on which she starts work.

Your obedient servant,

J. D. McLEAN

MEMORANDUM FOR FILE:

Mr. Agent Cockburn, who visited the Department today, was authorized to obtain a resolution of the Dokis Band to grant the sum of $4,000 from their capital funds for the purpose of erecting a school building. The Agent was also requested to obtain a quit cliam deed for one acre of land as a site.

He will arrange to erect the building by day labour, under the charge of a competent white foreman, employing Indian labour as far as possible. He will purchase all material and forward accounts, and keep proper time sheets of the labour employed. The building to be erected is to accommodate 30 pupils, with cloakrooms for boys and girls. The building will be erected of logs, and the roof will be covered with rubberoid roofing shingles.

Mr. Cockburn will forward the resolution as soon as he obtains the same, when, after the necessary Order in Council is obtained, instructions will be given him to proceed with the work.

BRANCH

Ottawa, September 26, 1927.

Sir:

The Department has appointed Mr. Basil Horan, of Palgrave, Ont., as teacher of the Dokis Indian Day School, at a salary of $90 a teaching month. He has a second class certificate. He is being instructed to reach Sturgeon Falls by October 3rd, and to report to you on his arrival. When he calls, please arrange to take him to the school and give him every possible assistance in commencing work.

If there are any classroom supplies required, you should have Mr. Horan make out a requisition at once, and you should then forward it to the Department.

Your obedient servant,

Dear Sir,

I received your check of $50.00 (6392) and I thank you for it.

I thank you also for the nice school that was built up at Dokis Bay Reserve. No doubt, you took a great share in this construction.

I think, that teachers to be hired there should be known for their ability. A teacher may have the science but the authority of the young boy who is their now has the science and certificates required, but he has to face wild children, and he has to learn how to keep discipline in the school. Ottawa, November 11th, 1927.

Rev. Sir:

I have your letter of the 9th instant, relative to the teachers who are employed at the Dokis and Whitefish Lake Indian Day Schools.

With reference to Mr. Basil Horan, the teacher of the Dokis School, I have to say that he was nominated for this position by Mr. J. M. Bennett, the Separate School Inspector, and he possesses a second class professional certificate. The Department will await the report of the inspection of this school by the Separate School Inspector before deciding as to whether Mr. Horan's services are proving satisfactory or not.

Relative to Miss Agnes Manitowabi, the young Indian girl who was appointed teacher at Whitefish Lake, I have to say that this girl has an Ontario second class certificate. In a report from Mr. Agent Lewis on his first visit to this school since she took charge, he states that the pupils in the classroom were making favourable progress and that the attendance had been above the average since she took charge. He further states that the Indian parents are well satisfied with her teaching and are taking more interest in sending their children to school regularly. We will also await the report of the Inspector as to the success which Miss Manitowabi is achieving in her work before taking any action.

Dear Sirs,

Mr Basil Horan, Teacher in the Dokis school requests that he be allowed to teach during the Easter holidays, this teaching time to be deducted from the school period in the month of June.

I heartily recommend that this concession be granted owing to the fact that he has been more or less isolated while teaching in this place. Even if he should be desirous of taking the Easter holidays it would be very unlikely, that he would be able to leave the reserve.

Please write him direct, sending me a copy of the answer,

Sir:

I have your letter of the 21st instant, enclosing a communication from Mr. Basil Horan, the present teacher of the Dokis Indian Day School, applying for re-engagement for the next school year.

In reply I have to say that the Department will approve of the re-appointment of Mr. Horan, with salary at the same rate as he previously received, viz., $95 per teaching month. Our funds this fiscal year are limited, and we will be unable to provide an increase in Mr. Horan's salary.

The present teacher intimates that he has resigned from this school. In view of the fact that so many of the people on this reserve are French-speaking, I should recommend that a teacher well qualified in both French and English be appointed and possibly some little time devoted to the teaching of French as a subject.

Dear Sir:

This is answer to your communication No. 43-1-6, dated June 5, 1931.

I have visited the Dokis Indian Day School, on the date of June 4th. The report on this school is going forward through the regular channels immediately. In the meantime, I should like you to know that I am not at all pleased with the condition of this school. The classes have made no progress during the past year. If at all possible I should recommend that a better qualified teacher be engaged for next term. Mrs. Jalbert, while of good character and good intentions, has been out of touch with teaching for so long that it is very difficult for her to do satisfactory work. On the other hand, unless a teacher with better qualifications is available, it might be wise to give her re-engagement some consideration.

Trusting that my inspection of this school and this letter will be of assistance to you,

In further reference to your letter of the first instant, regarding the application of Mrs. Joseph Jalbert for re-engagement as teacher of the Dokis Indian Day School for the next academic year, I have to say that a communication has been received from the Public School Inspector, who visited this school on the 4th instant. He states that he is not at all pleased with the condition of this school. The Inspector states that Mrs. Jalbert, while of good character and intentions, has been out of touch with teaching for so long, that it is very difficult for her to do satisfactory work.

The Department is of the opinion that there is an opportunity at this school to perform good service and therefore it is considered in the interests of the work that the services of Mrs. Jalbert be dispensed with at the end of the present school year and a qualified teacher obtained. You should, therefore, inform Mrs. Jalbert as soon as possible that the Department will not require her services after the school closes for the coming summer holidays. She should prepare the return, showing attendance, days taught, etc., for the current quarter, and forward same to your office, in order that payment of the salary due her can be made.

The Department has on hand a number of applications from qualified teachers, and the matter of a successor to Mrs. Jalbert will receive attention in due course. However, if you receive any applications from qualified teachers, you may forward same to Ottawa for consideration.

Elementary English (Quebec) 9 years experience. Has not been teaching in the 14 yrs. previous to engagement in present school.

The teacher is a poor writer. The pupils are very backward. They were better last year. If this teacher is to be kept on in this or any other school, she should be required to qualify by attendance at Summer School.

If the best success is to be attained in a school of this type, the pupils should be given a thorough training in Oral English, in special periods in Form 1, and in correlation with other subjects in the other grades. Pupils should be required to speak more loudly when answering. Examination of grading given above shows that very little of the work of the school is at all satisfactory. It would be advisable, if at all possible, to secure a teacher with Ontario qualifications.

Dear M. Ferris,

I was at my mission, Garden Village Mississauga, just a short while after you were there, and I would have liked to meet you.

Miss Addey, teacher that you met, has been 4 years at Garden Village and I am glad to hear that she is coming back. She was very encouraged when you told her that there was no complaint against her, which is absolutely true.

Mrs Jalbert, at Dokis Bay, is doing fine and I wish she would come back. Dokis Bay is so lonesome that a young girl or boy can't stay there, or if they stay they go too much with the ones born and become wild, according to the Indians point of view, of course. There was only troubles and complaints at Dokis Bay, when a boy or girl was teaching, there. So, I wish that Mrs Jalbert would be re-engaged for the Indian Day-school. I know of only one Indian kicking, but he don't even know how to sign his name, and in fact he kicked against every teacher.

at Pickerel reserve, a young teacher, Miss Mary Casper, from Pembroke is doing fine, but she is in alone with a boy, who goes in the house too often and too late at night. She gives lots of troubles, people saying that the fellow sleeps in there. But I don't believe that he sleeps in there, but I know, because I saw that the fellow goes there often, and leaves around midnight. Notice that the girl is always living alone. So last february, I tried to stop the boy, from going so often (the boy is an operator without work) and the girl and the boy, after a big scrape, fired me out.

So I would like her to change her school, because it is impossible to persuade them to quit those frequent visits. She will do fine in some other school. And really I am sorry to write about her dismissal, and it took me two years before doing it, for the girl has certainly great qualities. But love spoiled everything, and a two years curtship is enough, in a reserve, without any danger.

I will recommend you Miss Stella King, 2nd class certificate. She is Indian, but clean. You may ask Mr. Casselman, North Bay Normal school's principal, about her. She will be able to stick to the place, which is too hard for a white girl—

If it is possible, don't mention my name, in your dealing with Miss Casper, please.

Rev. Sir:

I have your letter of the 8th instant, relative to teaching services at the Garden Village, Dokis and Lower French River (Pickerel) Indian Day Schools.

Regarding continuing the services of Mrs. Jalbert at the Dokis School, I have to say that the Public School Inspector, who recently visited this school, states that he was not at all pleased with the condition of the school. He states that the classes have made no progress during the past year, and he recommends that a better qualified teacher be engaged for next term. The Inspector states that Mrs. Jalbert, while of good character and intentions, has been out of touch with teaching methods for so long that it is very difficult for her to do satisfactory work. In view of this report, the Department requested Mr. Agent Cockburn, Sturgeon Falls, to notify her that her services would not be required after the end of the present school year. It is considered that there is an opportunity at this school to perform good service, and it is in the interests of the work that a qualified teacher should be engaged for next year.

Regarding the services of Miss Casper at Lower French River, I have to say it is noted that the local Indian Agent will obtain her resignation. I may add that Miss Stella King has resigned as teacher of the Whitefish Lake Indian Day School.

Dear Sir,

They tell me that Mrs Jalbert was not re-accepted at Dokis Bay, Wispissing. I can't believe it, for she is the best teacher we never had in there since 1919. She has been teaching during 5 years when Dokis Bay had only a summer-school and one year in the steady school.

Those who taught out of that period were young people, and because Dokis Bay is very hard to stay in and the people very hard to please, there was no one who did the work well. The three years before Mrs Jalbert's coming, there was a young man well qualified in the Normal school, and who had no authority, no control, and the children learned nothing, and he learned himself how to gamble, drink and stay late at night. The same for the young girls who were teachers at Dokis Bay; as they were so lonesome and had to face first class kickers, they sought for consolation and amusements with outsiders, increasing the kicking and troubles, and the children learned nothing of them, the conclusion is that no young people should be teaching at Dokis Bay, because they can't please the Indians, who want a teacher quiet, giving good example, having control over the pupils and making them improve — Mrs Jalbert is the ideal for the Dokis Band.

she is quiet, aged, don't run after amusements, parties nor then, she has a good control on the pupils, teaches them well, and so I am no more stund with complaints when she is there.
So, I ask you eagerly for the good of the Dokis Bay Band and for the good of the children in there as far as instruction and morals are concerned, to endeavour to keep Mrs Jalbert into this Dokis' school.
I hope that the Department won't refuse us this great favor, and that the new Indian Minister, Hon. Murphy will understand our situation.
Moreover I belong to an order, the Jesuits order, which knows something about instruction and education, since it is our specialty, and who also, numerous as they are in Canada, can help considerably the Conservative Party ——
So, dear M. Cochlum, tell me the truth absolutely, is Mrs Jalbert re-accepted or not? If she is not accepted, I am going to write to Honorable Murphy, to explain the situation about the Indian missions.

Dear Sir,

According to the statement of an inspector you decided that Miss Jalbert, the best teacher who was ever in Dokis Bay, is not coming back. I declare that your inspector is wrong saying that she did not give satisfaction. She is aged, experienced, has control on the children, and made them learn something, although she is not qualified into the Normal school. A second class does not give necessarily the gift of teaching. The young Basil Horan, a 2d class certificate, who was at Dokis Bay before Miss Jalbert gave a circus and a shaw in the school during 3 years; the neighbors could hear shoutings coming from the school. Miss Casper and Stella King, both of them having a 2d class certificate, did not earn their wages. The best teachers I ever know were Miss Addey, in Tipiscaming, Miss Mc Dermott in Mississauga, Miss Jalbert in Dokis Bay. Yet they never went through Normal school.

You may say: the inspector says so. How can he know about it fairly well. He goes in the Reserves nice or twice a year, and I go 12 times a years. The inspector is well qualified, you may say. But I have been in the school and college and university for 5 years old till 35 years of age as a Jesuit, and I had my B. A. into an University. So, I must know something about education.

So, I say that if a young girl is to Normal school, even with a first class certificate from

is appointed to Dokis Bay's school, the troubles will start again, because a young person can't run that school We had a quiet year, that last year, and I thought this will last, but I am afraid that the circus will start again in the school, if a young person is appointed there. and hear the "kids" could learn when the teacher has no control on them, when he plays too much with them, or when he is afraid too much of the parents who run the school after all. So was the teacher Basil Horan. I may say that the Indians at Dokis Bay, are very kickers and hard to please and interfere too much with the school business. So it needs a teacher, old and firm enough, to make them mind their business. Which a young teacher cannot do, generally.

So, considering the welfare of the Dokis school, I beg again the re-acceptation of Mrs Jaibert.

You might also inform Mrs. Jalbert of the approval granted for her re-engagement and impress upon her the necessity of giving every attention to her work. Referring to previous correspondence regarding dispensing with the services of Mrs. Jos. Father Porcheron as to the services Mrs. Jalbert has performed and also as regards her suitability for the position, the Department has decided to revoke the instructions given to dispense with her services, and will now approve of her re-engagement for the coming school year. Father Porcheron states that, although she has not professional qualifications, she is able to perform the duties of teacher to better advantage than a younger woman who might be professionally qualified.

I have, therefore, to request that you will inform Mrs. Jalbert that the Department will approve of her resuming duties when the school reopens after the present summer holidays, with salary at the same rate as previously allowed her. I thank you for your letter and interest about the school of Dokis Bay school. There are two schools which will get along fine, namely garden Village with Miss Addey and Dokis Bay with Mrs Jalbert. There are only three schools which are not so certain: Byng Inlet, Pickerel and White Fish Lake. It is too bad that Miss McCool has resigned at Byng Inlet, but it is so. I tried my best to persuade her to stay, but in vain. But, however, there is this consolation, that the schools in those three vacant places

MEMO FOR FILE:-

Inspector Masse's report regarding his visit to the Dokis Indian Day School on October 29th, 1931, indicates that very little progress is being made.

If an official of the Schools Branch is in the vicinity of Sturgeon Falls any time within the next year, it might be advisable to have a personal interview with Father Porcheron.

Ottawa, December 31st, 1931.

Sir,-

On reviewing the returns received from the Dokis Indian Day School, it is noted that the average attendance for the quarters ended June 30th, September 30th and December 30th, 1930, was 21, 23 and 23, respectively.

For the same quarters during the year 1931, the average attendances were 17, 15 and 13, respectively.

These figures indicate a considerable reduction and the Department would appreciate a report from you, stating why you consider this has occurred.

Your obedient servant,

Dear Sir;-

I am enclosing herewith Miss Lillian Addey's application for the Dokis Reserve Day School for the next year.

Miss Addey has asked me if there is any possibility of her being transferred to another reserve, preferably Maher's School, Nipigon. If there is no vacancy available, Miss Addey is quite willing to remain at Dokis Bay.

I have had very good reports of Miss Addey's school at Dokis Bay, Reverend Father Lamoureux, of the Ottawa Normal School and Mr. Charron, Inspector for this district, claiming that her school is the best in my agency and her pupils more advanced.

Dear Sir:

Miss Velma Gribbon of Pembroke is at present teaching in a Public School in the Dokis Indian Reserve West of Sturgeon Falls. This young lady has been practically isolated all winter and has been teaching under considable difficulty. It appears that some of the Indians have gotten out of hand and are causing her considerable trouble.

The Indian Agent at Sturgeon Falls, Mr. Marleau was appealed to and he handed the matter over to the Royal Mounted Police. I contacted them and they said while the matter really should have been handled by Mr. Marleau, they would be glad to get Mr. Marleau and go in and see if they could adjust matters satisfactorily this week. In the meantime some of the adult Indians have advised Miss Gribbon that this is just what would likely happen and that they would not pay any attention to any gratuitous advice. We would write Mr. Charron, the Inspector, who has not appeared at the school yet but we do not know his address.

We will be glad if you could get in touch with him and have him go in and inspect the school immediately and get to the bottom of the dispute.

Yours truly,

Dear Sirs:

I have your letter of the 22nd instant, with reference to Miss Velma Gribbon, teacher of the Dokis Indian Day School.

The difficulties that she encounters in connection with her work should be brought to the attention of the Indian Agent. As a matter of fact, the Department considered that she was satisfied with the school as, in a letter dated March 16, 1942, she wrote in part as follows:

"I like this school very much. The country may be likened to Heaven. The people are very agreeable, but there is one disadvantage and, for me, not a small one. It is very difficult, sometimes impossible, to reach a doctor."

However, I am forwarding Indian Agent Marleau a copy of your letter and instructing him to have Inspector Charron visit the school, if Mr. Marleau considers such action necessary.

Dear Sir:

I enclose, for your information, a copy of a letter which has been received from Messrs. McGaughey & Little. You will note that it refers to the teacher of the Dokis Indian Day School. Please let me have detailed information immediately regarding the matter which was referred to you and which you, in turn, referred to the R.C.M.P. It would appear that such a matter should have been handled by you and, consequently, I do not see much merit in the suggestion of Messrs. McGaughey & Little that the Separate School Inspector, Mr. Charron, be requested to visit the school. However, if you consider that such action is advisable, you can no doubt arrange with Mr. Charron to inspect the Dokis School.

JUN 1 1942 REGISTERED

Dear Sir;

In reply to your letter of May 27th with enclosure from Messrs. McGaughey & Little, concerning Miss Gribbons, Teacher at Dokis Indian School.

I have to report that Miss Gribbons did report some trouble to me a few weeks ago, and at that time told me that she had, before speaking to me, already written to the R.C.M.P. in Ottawa. I told Miss Gribbons that we had R.C.M.P. at North Bay but that I would investigate the matter myself. Miss Gribbons did call at the North Bay office and one of the officers called me and told me that they would only go in with me.

I have had several letters and many verbal protests against Miss Gribbons recently. It was not a matter to be too impulsive about and I took time to hear all sides of the question. On May 26th I visited the school in the afternoon and found only 11 pupils, representing 3 families, present.

That night I held a meeting of all the men and women of the band. They were agreeable to send their children back to school but resented family matters being brought up by the teacher in class. Miss Gribbons did not follow my advice last October in selecting her boarding house, with the result that she has moved three times and left bad friends each time. She is also accused of having Indian boy friends, which has caused considerable jealousy among the village belles. In short, she is a complete failure as an Indian teacher.

Mr. Charron, Inspector, made his annual inspection on May 27th and reports that the pupils have only been retarded. I had occasion to judge Miss Gribbon's temper on Wednesday morning. After I had persuaded the Indians the previous night to send their children back to school, and with a class of 21 pupils that morning, the first thing Miss Gribbons did, I am certain she thought I had left the reserve, was to strap a big boy and send him home, for, as she claimed, telling lies out of school. I think the matter is adjusted till the end of the term, as I advised Miss Gribbons that she must leave personal and private grievances out of school.

I am well aware of my responsibilities as guardian of my Indians, at the same time, according to Section 10, Paragraph 6 of the Indian Act, the R.C.M.P. is truant officer of an Indian Reserve and I presume that was Miss Gribbon's reason for writing to them. I did not take the R.C.M.P. to the reserve with me.

The Commissioner:

FORWARDED, 11-6-42. It would appear that the above complaint has been the result of the inability of Miss Gribbon to understand the ways of the Indians on this Reservation. The Indians apparently have very little respect for subject and according to the Indian A ent, Mr. Marleau she has proven very unsatisfactory and will not be engaged for another term. No doubt the fact that Miss Gribbon has had to board with Indian families while teaching at the Dokis Reserve has led to a great deal of this trouble.

1. With reference to the complaint of the above named, dated the 7th., of May last which was forwarded to our Headquarters in Ottawa, Ont., this lady has been interviewed by the writer on two different occasions and this matter has been taken up with the Indian Agent at Sturgeon Falls, Ont. Different other reliable parties have also been interviewed who are well acquainted with conditions on the Dokis Indian reserve. A patrol was not made to the reserve to investigate this, as considerable exponse would have to be incurred, and the complaint which appears to be a personal matter, does not warrant a patrol being made.

2. Miss GRIBBON has taught school on this reserve for the past season only. She is a very young lady and quiet small. She is of Irish descent and has a very quick temper,

3. On her arrival at the Dokis reserve last September, she became friendly with two or three of the young Indian men there, which caused a great deal of criticism. She boarded at an Indian home, as no other boarding houses are available on the reserve, and found it rather difficult to live with Indians and found fault with the meals etc., and voiced her opinion to the Indian owner. Since this, she has moved from one Indian home to another and of course found conditions the same in each one. At the present time, she is forced to live in an Indian home there which/not any to good, nor are any of the others, however, Miss GRIBBON feels that Indians should keep their homes in the same condition as any clean living white man would and has told them this, and the result is that she is not liked for this.

4. In the class room, Miss GRIBBON has tried to impress upon the pupils that they should live like whitemen, not like savages etc., and in several cases has strongly criticised certain individuals on the reserve, in the manner in which they are living etc. The pupils in turn have carried this information to their parents, who in turn have accosted Miss GRIBBON and told her that it is not her affair how the Indians are living and that she is in no position to criticise others. At the present time, none of the Indians on the reserve have any affection for Miss GRIBBON and are quiet bold in telling her so, also that she is no good etc., and that she is only a man crazy woman. From inquiries made, it has been learned that Miss GRIBBON has punished pupils in the school for something that their parents have done and the pupil was not to blame, such as the pupils coming to school not properly dressed and very dirty. She has also ordered other pupils out of the school and not to return again.

Valma GRIBBON - Dokis Indian Reserve.
Complaint of -

5. Miss GRIBBON, in the manner in which she has attempted to correct the faults of the pupils, and in an effort to correct the faults of the parents, through the pupils, and in the manner in which she punishes the pupils, she created a discord between the Indians and herself, and has lost all control of her pupils. Instead of trying to get cooperation from the older Indians, she has tried to dictate to them and now has them all working against her.

6. Miss GRIBBON called in at this office during the early part of May, and when questioned, stated that the older Indians are always insulting her, but as yet, have not assaulted her. When further questioned she stated that the Indians are always teasing her, telling her that she is no good etc., but have not used any vile language. She was also questioned on other matters concerning the use of liquor on the reserve and stated that once in awhile some of the Indians get some wine from somewhere, but that liquor conditions general, was good on the reserve. She was also questioned regarding the unpatriotic ideas that some of the Indians are alleged to have picked up from the American tourists, but could not supply any worth while information whatsoever.

7. In general, it appears that the Indians have teased Miss GRIBBON to such an extent that she can no longer bear it. The majority of the pupils in her school are far bigger in statue than she is and therefore,has not been able to exercise any discipline over them. These she orders to stay away from school and when the parents want to know the reason why, her temper gets the best of her, which has resulted in many hot arguements.

8. Mr MARLEAU, the Indian Agent states she is unsatisfactory altogether and will not be engaged for another season.

9. American tourists do not go to the Dokis reserve, although they may fish and hunt near by. A large number of the Indians on the reserve are employed as guides, but the tourists do not remain on the Dokis reserve, which is a large Island in Lake Nipissing.

10. For the reasons as stated above, it was not considered that a patrol should be made to the Dokis Indian reserve. The difficulties she is having can be cleared up by the Indian Agent, however, if he requires any assistance, members of this Detachment will assist him. Fyle in this connection is being considered closed at this Detachment.

Dear Sir:

Is it necessary for a teacher to take insults from the Indians on a Reservation where she is teaching?

I have been approached insultingly in the class-room and on my way home from school, by two Indian girls belonging to the Dokis Reservation.

I refer the matter to you, I also wish to inform you that I believe an officer in here, steady, would have his hands full, both in maintaining law, and observing the tourists that come in here.

Some of the people in here have very unpatriotic ideas which they have picked up from the American tourists.

Dear Sir:

We have not yet been able to secure a teacher for the Dokis Indian Day School. Possibly, if you consult the Separate School Inspector, he might know a qualified, Catholic teacher to take charge of this school. I should appreciate your giving the matter immediate attention.

Dear Miss Morris:

I have for acknowledgment your letter of the 18th instant, in which you submit an application for the position of teacher at an Indian day school.

We do not appear to have at this date a vacancy at a two-room school. There is, however, a vacancy at the Dokis School, near Sturgeon Falls, in the Nipissing agency. The salary at this school is $85.00 a teaching month plus bonus which amounts to approximately 17%. There is also a teacher's residence. It would be appreciated if you would let me know at the earliest possible date whether or not you are willing to accept this position.

Yours very truly,

Dear Mr. Young:

Regarding letter, saying I might have the position at Dokis School.

I regret to say I will not be able to accept the position as my doctor says my nervous condition will not permit me being alone.

If in the meantime there is a vacancy in a two room school I will be glad to accept the teacher's change or if the Department has a vacancy in the Indian Affairs Branch Office in Ottawa I would be very grateful.

Thanks for your prompt attention

In view of the difficulty we are likely to experience in securing a teacher for this particular school during the coming year, it would be appreciated if you could let us know the exact location of this school, the distance to the nearest post office, railway station, etc. It would also be appreciated if you could let us know if there is living accommodation at the school and, if not, if board and lodgings can be obtained on the reserve. Dear Sir:

I beg to acknowledge your letter of September 10th with reference to Dokis Indian Day School.

The distance to Dokis Indian Day School from either North Bay or Sturgeon Falls is 30 miles by boat.

The mail during the summer months is sent to King & Glick, which is approximately two miles from the School. However, during the winter months, the Dokis Indians themselves usually get the mail for the Reserve at the Post Office here in Sturgeon Falls every week.

There is no living accomodation at the school, but excellent board and lodging may be obtained on the Reserve.

I am today in receipt of a letter from the Reverend Father J. Dwyer, in which he intimates that you have not yet succeeded in securing a school for the coming academic year.

We have at this date a vacancy at the Dokis School, in the Nipissing Agency. This is a somewhat isolated school with no teacher's residence, at which we have been paying a salary of $85.00 a teaching month. However, we might be prepared to pay $95.00 a month, should you decide to accept.

Replying to your letter of the 14th. which came to hand this a.m. I might say that until I have further information re this appointment I cannot give a decided answer.

You state there are no teacher's quarters. Where then, am I expected to live? As I have never heard of this reserve I would like direction as to how I should proceed there; the nearest town; the names of the present missionary, former teacher and inspector; number of pupils and condition of classes.

During the holiday I have had letters from Fr. P. Dwyer; Fr. Oliver; Fr. Duncan and Fr. Fa Dwyer all missionaries inquiring

about my new appointment. I was unable to give them any information as I had no reply to my letter of June 18th approx. All the Fathers were anxious that I stay on at Mississaugi, but with the conduct of your Indian Agent there, my usefulness was at an end. They, then, wanted me take over at Saganok as the chief there had asked me do. You will recall I resigned conditionally, and very early in the year, all in keeping with my instructions from the late Mr. Ferrier regarding transfers. In that light Mr Hovey, I feel that I have not had a fair deal. My services have been the best possibll, as those connected with the work know.

Would you be good enough to give me my successor's name, as I have personal belongings which I wish removed.

Dear Madam:

I have for acknowledgment your letter of the 16th instant in which you seek additional information in respect to the Dokis Indian Day School and conditions generally on the Dokis Reserve.

As I intimated to you in my letter of September 14, the Dokis school is in the Nipissing Indian agency and the Indian agent is Mr. J. A. Marleau, Sturgeon Falls, Ontario. Mr. Marleau, in a recent letter, states:

"The distance to Dokis Indian Day School from either North Bay or Sturgeon Falls is 30 miles by boat. The Mail during the summer months is sent to King & Glick, which is approximately two miles from the school. However, during the winter months the Dokis Indians themselves usually get the mail for the reserve at the post office here in Sturgeon Falls every week. There is no living accommodation at the school but excellent board and lodging may be obtained on the reserve".

The Dokis Indian Day School has at this date an enrolment of 28 pupils, in grades from 1 to 7. The last teacher at the school was Miss Velma Gribbon. The Dokis Band is a comparatively small one, the population at this date being approximately 180. From the standpoint of trust funds, however, this is one of the wealthiest bands in Canada.

Your successor at Mississauga is Mrs. R. T. Moran. In respect to your belongings at the school, you should communicate about these with the Agent and not the teacher. This property at the school, as you know, is under the direct control of the agent, who will be held responsible for its disposal. In this connection the Department is in receipt of a letter from Indian Agent Laurence, in which he states that, so far, you have neglected to forward the keys of the school. These keys, if they have not been already sent forward, should be forwarded to the agent at the earliest possible date.

We have no information in regard to the missionary or missionaries that may be employed on the Dokis Reserve. The name of the inspector who made the last report in May 1942, is Mr. C. X. Charron.

An immediate reply to this letter will be very much appreciated.

Dear Madam:

I desire to acknowledge receipt of your letter of the 19th instant in which you intimate that you are not prepared to accept the position of teacher at the Dokis Indian Day School.

In this connection I may state that the Dokis School was offered to you for the simple reason that in our judgment it was by all odds the most suitable Indian day school available. As I intimated in my last letter, the members of the Dokis band are the wealthiest in Canada and have reached a very high standard of living. Your appointment to that school was discussed with the Indian agent, who was very anxious to secure an experienced teacher for the position.

The Department is now in receipt of the resignation of Mrs. George, who has been for a number of years teacher in charge of the day school at Golden Lake, Ont. It is anticipated that we shall experience little difficulty in securing a teacher for this school. Salary will be allowed at the rate of $90.00 a teaching month plus cost-of-living bonus, which at this date amounts to approximately 17%. There are no living quarters at this school, but I understand board and lodgings can be easily secured close to the reserve.

This school, I may state, opened on September 1 but was closed as the result of Mrs. George's resignation on Friday September 18. We are anxious that it should reopen at the earliest possible date and not later than October 1. Your immediate reply to this letter will be very much appreciated.

Re: Teacher - Dokis Indian Day School.

I have for acknowledgment your letter of May 8, in which you intimate that Mr. Paul Landriault would be willing to teach at the above noted school for the period May 15 to September 1.

If, in your judgment, the attendance at this school would justify the employment of a teacher for the summer months, the Department would be prepared to employ him. It would be much better, however, in our judgment, if Mr. Landriault could be persuaded to take charge of the school during the regular academic year - September 1 to June 30. However, he may not be prepared to do this. The matter is one in respect to which you may exercise your best judgment. I am enclosing questionnaire and other forms to be completed by Mr. Landriault, if he is employed as teacher of this school.

Since there was no school at the Dokis Reserve last year, I would prefer having Mrs. Fox teach there if possible. My delay in replying to you at once was caused by waiting on word from a prospect for the Dokis Reserve. However, this has fallen through and I would be glad to have Mrs. Fox for there. She could get good accommodation there which would be better than keeping house when she has two children.

Since two years our school has been closed, and so the majority of us we had quit the reserve and live in town, to send the children to school. But we can't do that, for we are too poor, our pay being only $13.00 a month, and there is no child who could live in town and go to school, for that price. Besides we have a nice expensive school, built by efforts of the precedent agent Mr Cockburn, and it would be awful to let it go to pieces.

So, we are asking to re-open

I have your letter of August 29th with attached letter from Frank Dokis concerning Dokis Reserve School.

I have to report that I have tried unsuccessfully to get teachers for both Dokis and Nipissing schools. Mr. O'Neil, North Bay, Inspector for this district, informs me that it has been impossible to get sufficient teachers for his schools.

There will be approximately 25 pupils at the Dokis Reserve to attend school, the others reside permanently in town.

As yet I have not been advised by the Department that teachers are available for the Nipissing and Dokis Indian Reserve schools.

I have been unsuccessful here as Mr. O'Neil, Inspector for this district, informs me that he has not sufficient teachers for his schools.

The Indians residing at the east end of Nipissing Reserve can attend school in North Bay. The school bus will come as far as Beaucage and the children can commute for 10 cents per day.

There is no bus for the west end of Reserve and Garden Village. These children are 6 and 10 miles from school and will not attend unless their transportation is paid. The account for transportation last winter is not yet paid.

Now that vehicles from the army will be available, would it be possible to get a bus reasonably enough to warrant buying one for the purpose of transporting the children? I believe the children make much better progress in white schools.

Dear Sir,

Some 18 years ago a school was built at Dokes Bay, Nut, and the Indian agent, George Cockburn, a first class agent, was telling the Indians, and he was absolutely right, that all the children owned go, without exception, to school. He insisted stingly about the obligation of the parents to send them to school. And he was absolutely right.

Nov-a-day the children are 3 times more numerous. And the school is closed since 2 years, and starting the 3 year. So the children either stay in the reserve, without school in town and go to the white-people schools, which are already crowded, and they don't like to have them in their schools. A school-inspector was complaining about that.

Besides the Indians of Dokes Bay are too poor to live in town, and to pay rent, fuel-wood, water, etc, etc —

So, is there still an obligation for the indian children to get instruction and education, but how—

you may say you have an agent to see them. But I spoke to the agent, and he said that he could not find any teacher. and so he told to some Indians: go to school in Sturgeon Falls, with the white people. I asked you already what for is the indian school not re-opened, and I did not get an answer.

I am in receipt of a letter dated 7th instant from Chief Frank Dokis regarding the opening of the Dokis Day School. It appears from his letter that there are a number of children of school age on this reserve and he states that the parents are not in a position to send them to a white school in the neighbouring town. I presume he refers to North Bay.

On the occasion of your last visit to the Department I believe we discussed this situation but I have not heard anything further from you since that time. If there are sufficient children to justify the opening of the school, I would like you to make another attempt to secure a teacher, even though the teacher may not be highly qualified. I realize the difficulty in obtaining a teacher but every possible effort should be made to do so.

Please let me know what prospects there are for re-opening this school.

In reply to your letter of October 11th with reference to teacher for Dokis Bay Indian Day school, I am very sorry to report that I have been unsuccessful in obtaining a teacher for either Dokis or Nipissing schools.

However, when paying the Dokis Indians last week, I found that with the exception of 5 families, they are all residing in town and their children are attending school here.

Of the 11 children of school age still on the reserve, I found that three will be going to Bisco with their parents and will attend schbol there. Two others will be going to a lumber camp where the parents are employed.

Six children will remain on the reserve for the winter and even if a teacher could be found at this late date, it would not be worthwhile to re-open the school.

Re: School Teacher, Dokis Reserve.

I wish to acknowledge receipt of your letter of September 12, 1946, concerning the re-opening of the Dokis Indian Day School, on the Dokis Reserve.

Yesterday I visited the Dokis Reserve, to ascertain the number of children who would attend school this year, and how many families will be moving into Sturgeon Falls, as has been customary in the past. Due to the re-opening the the Sturgeon Falls, paper mill, in the near future, there is a shortage of houses in the town, consequently, the Dokis Indians will definitely stay on the Reservation. Thirty one children of school age would attend school if it is possible to procure a teacher.

Sister Helen of the Sturgeon Falls Convent, informed me that Miss Lepage was a brilliant girl, with natural talents. She left the Convent in the course of her third year High, but has not completed her High School.

Under the circumstances I am of the opinion that she could teach at Dokis Reserve.

If you approve, please advise, when the school could be opened.

I wish to refer to your official letter of Oct. 12, 1946, concerning the Dokis School. I have written to Miss Lepage, requesting that she advise when she could report for duty, but so far she has not answered.

I note from a letter received from Mr. Bernard Neary, Superintendent of Welfare & Training, that Mrs. Kinoshemag is available as a teacher, although I don't think very much of her conduct over an incident at Lake Penage, last summer. Could it not be possible to procure her services for the Dokis Day School. We have thirty-one children there, that should be going to school.

As reported, the housing situation in Sturgeon Falls, is getting worse, and we cannot hope that the Dokis Indians will reside in town this winter.

EX'D.

Dear Sir:

I have been teaching since the beginning of June at the Dahais Indian Day (summer) school here and have not as yet received any pay cheques which I understood were to be sent at the end of each teaching month.

Therefore I ask that this oversight be remedied at once and also I request a substantial raise in salary over the $125.00 monthly rate which is inadequate due to the high cost of living out here on the Dahais Reserve. (my bill for board and lodging alone is $40. per month). I mentioned this latter matter to you in a previous letter.

I trust that these matters will receive your prompt attention

yours truly

Attached is a letter received from Chief Frank W. Dokis. We are prepared to reopen the Dokis School if there are sufficient children and if a teacher can be secured.

We were recently advised by Mr. W.H. Bulger, Separate School Inspector, North Bay, that Miss Helen Cotnam, Markstay, Ontario, is anxious to secure a school.

As Markstay is comparatively close to you, I thought you might be able to get in touch with her by 'phone and ascertain if she would be willing to teach at the Dokis School.

Please give this matter your immediate attention and let me hear from you. When replying you should return the enclosed letter.

Dear sir.

I am writing to you again concerning the school on this reserve, why can't the Indian agent find a teacher to come and teach over here.. When this school was built, there was only a handful of children here, and it was said that it was obligatary to have a school.

Now this school as been here without being used for 4 years.

We had a teacher here for June, July, & Aug, and he didn't get his check every month like he was supposed to. He got them only just before his 3 month were finished, that didn't make him very happy & it's no encouragement for anyone to come here and teach. he also ordered school supplies, and the supplies didn't come until the teacher was through for the summer & gone home.

We want to know if our agent

really can't find a teacher or if he just doesn't look after us. I think he works more for the town of Sturgeon Falls than he does for us. because every time we go into his office there is always one or two Sturgeon men or women in there.

Dear Mr. Dokis:

Your letter to the Department, dated October 20, has been returned, for my attention and reply.

Once again, I wish to inform you that the Department are prepared to reppen the Dokis school, if a teacher can be procured.

Mr. Phelan, Chief, Training Division, has sent the name of a Miss Helen Cotnam, of Markstay, who had been recommended by Mr. Bulger, Separate School Inspector, North Bay. I contacted Miss Cotnam, but unfortunately, she cannot accept the position.

Rest assured that the Department is very anxious that the children of the reserve attend school, and it will be opened as early as possible. It is very difficult to procure teachers to go to your reserve, when there are so many openings in schools which are more accessible.

I wish to inform you that we are in receipt of a letter from Mr. Wm. Finn, teacher of the Dokis Day school, during the summer of 1947, in which he advises that he is unable to return this year, as he must undergo a major operation shortly.

I have communicated with Mr. G. Vachon, who was a student at the University in London, in an effort to obtain his services as teacher for the summer months.

His home is on the outskirts of Sturgeon Falls, although he is away at the present time. If I am able to secure the services of Mr. Vachon, he will be sent to Dokis Bay as soon as possible, and I shall advise the Department accordingly.

AIRMAIL

August 5, 1948.

Dear Mrs. Murphy:

I have for answer your letter of July 15 concerning the Rabbit Island Indian Day School.

I am fortunately now in a position to offer you a school which is not in the northern part of Ontario but which is situated in the central section. This is the Dokis Indian Day School, situated on Lake Nipissing, near Sturgeon Falls, Ontario. Yesterday I telephoned to Mr. Marleau, our Indian Agent at Sturgeon Falls, concerning the school and your possible appointment there.

This school has been closed during the winters for some years, due to shortage of teachers. Both the Missionary and the Agent have been very anxious to obtain the services of a full-time teacher this year. We have had a teacher there during the summer months but the children will require an experienced teacher to bring them up to standard again. I understand that most of the work will be with the primary grades, whereas at Rabbit Island you would have had all grades from one to eight, and a fairly large Entrance class.

The Dokis School has no teacherage but I understand from Mr. Marleau that a good boarding place is available at the rate of $40.00 per month. The school is reached by boat across Lake Nipissing and is rather isolated in the winter. However, the Indians are a fine type and I feel sure that you

I have for answer your letter of August 17th and am pleased to note that you will be reporting for duty at the Dokis Indian Day School.

Normally, the opening day for our schools is September 7th, 1948. Dear Madam:

In reply to your letter of August 9, I am pleased to read that you are interested in teaching at Dokis Reserve. The reserve is approximately 30 miles from North Bay, or 25 miles from Sturgeon Falls, on what is known as the Upper French River.

There are about 450 summer cottages and tourist resorts, on the various islands dotting the Upper French, in the vicinity of the reserve, and during the summer months transportation is very convenient. The Ontario Northern Railway, operates a large boat, transporting tourists from North Bay to the French River. You could, if you wished, spend your weekend at North Bay or Sturgeon Falls. Boat service is also available from Sturgeon Falls.

The Indians of Dokis are all half breeds, mostly of French and Scothh extraction. They receive a good income and live very well. They have good homes and speak either French or English at home.

During the winter months they have horses, and you can also travel by plane from North Bay.

The proposed boarding house for you is approximately 500 feet from the school. Mrs. Dokis was formerly a white person, and keeps a very clean house. They have no children. The previous and present teachers were both well pleased with the efficiency of Mrs. Dokis.

School attendance at present is 25, all between Grades 1 and 3.

I trust this is the information you desire, and will look forward to your arrival.

Yours very truly,

Dokis Indian Day School.

Further to my letter of August 19, I have just had an opportunity of discussing your appointment at Dokis with Mr. Indian Superintendent Marleau, who visited Ottawa.

As the children have been at school all summer, attempting to catch up on the year during which they had no school, we wish to give them a few days' holidays before you re-open the school.

Therefore, the present teacher, Mr. Dean, will close the school on September 10 and we would like you to re-open it on September 20. Would you please make the necessary arrangements to arrive at Sturgeon Falls on the train which gets there on the morning of September 19. You can then go to the Windsor Hotel for your breakfast and attend Mass. Mr. Marleau will be expecting a phone call from you and will then arrange to take you, by boat, across Lake Nipissing to the Dokis School.

I would ask you therefore please to make the necessary arrangements with the railway company and to advise Mr. Marleau directly as to your plans for arriving in Sturgeon Falls, as outlined above.

Sincerely yours,

Re: Salaries Indian Seasonal Teachers.

I wish to advise that my letter of September 14 was incorrect, regarding date of the closing of the Dokis Seasonal School.

Mr. Dean closed the school for the season, on September 10, and not September 6, as stated. This information was gathered when visiting the reserve on Sunday, September 19.

Dear [redacted] I must congratulate you to have started the School - Protem at Dokis Reserve, by sending a good teacher, Mrs L. J. Murphy. The school has been closed for many years, and the children are very ignorant. It would be the same need to re-open the school at Garden Village, out near Sturgeon Falls. That school has been closed for many years, and the children are neglected as far as their education is concerned. There is a taxe which come to get them in the reserve, to bring them to the school in town. Some children go, some don't, especially when they have to wait for the taxe in the cold weather.

Dear Father Porcheron:

I have for answer your letter of October 11th.

As you are probably aware, there is an acute shortage of qualified Catholic teachers. We were fortunate in being able to transfer Mrs. Murphy from one of our schools in Prince Edward Island to the Dokis School. I hope her services will be satisfactory.

CHIEF TREASURY OFFICER.

Re: Dokis Indian Day School # 385.

MR-IAE-385-3000.

Due to the shortage of teachers, this school has been operated as a seasonal school. We have now been able to obtain the services of a full time teacher and she has assumed her duties at this school effective September 20, 1948.

This teacher is Mrs. L. Murphy, formerly teacher at the Lennox Island Indian Day School # 270. Her salary should be at the rate of $192. a teaching month with credit for a Second Class Certificate, nineteen years' of experience in Provincial Schools and three years' of experience in Indian Schools. Her cheque should be forwarded to her in care of the Indian Superintendent at Sturgeon Falls, Ontario.

TO WHOM IT MAY CONCERN:

Mr. STEPHEN DEAN was employed by the Education Division of the Indian Affairs Branch for the following periods:

(a) During the summer of 1948 as a teacher at the seasonal school on the Dokis Reserve, Sturgeon Falls Indian Agency. He was employed for the period 10 June to September 15 and the Indian Superintendent reported most satisfactorily upon his work there. As it was his first teaching experience, Mr. Dean was faced with many new problems and difficulties which he overcame with initiative and dispatch.

(b) During the summer of 1947 Mr. Dean was employed on casual labour as a warehouse man and shipper. During this time he was mainly engaged in shipping library books to our various schools across Canada. During most of this period he worked alone and without close supervision. Yet he accomplished a great deal and proved worthy of out trust and confidence.

In view of the above, I am prepared to have Mr. Dean use my name as a reference in applying for permanent employment.

I am enclosing a letter from Mrs. L. N. Murphy, teacher at Dokis reserve, which is self-explanatory.

If the Department approves, I am of the opinion that the school should be closed, due to Mrs. Murphy's age, for the months of January and February in lieu of school vacation and re-open in March. I think she is afraid of the winter months and has already told some of the people on the reserve that she would not teach after Christmas.

Reference your 43/2-32-385

We are anxious to have our schools operate only on the regular academic year basis unless it can be proved that the Indian children can not attend during the winter months.

We have had many complaints from the Indians against our schools differing from the Provincial schools. We are doing everything possible to follow the Provincial Course of Study and are using Provincial text books.

It is felt that we only provide grounds for criticism if we operated this school on any but the normal academic year basis.

Therefore, we are not prepared at the present time to approve Mrs. Murphy's request that this school be closed during January and February.

If Mrs. Murphy is not willing to teach in January and February, please advise accordingly as it is believed that we can secure the services of another teacher for you.

Sir:

I have to acknowledge receipt of your letter of the 3rd instant, enclosing an application from Mrs. Joseph Jalbert, Jr., for re-engagement as teacher of the Dokis Summer Day School, stating the salary which she requires.

In reply I beg to say that, as you state the past services of Mrs. Jalbert at this school were satisfactory, the Department will approve of her appointment for the coming summer term, to begin duties on or about June 1st, next. The total combined salary that can be allowed her will be at the rate of $80 per month. She should keep the school open from the 1st of June until the end of September, and you should inform her of her appointment and arrange with her to begin duties on the date mentioned. Please inform the Department later as to the date on which the school re-opens.

No doubt the same arrangements for the carrying on of the work next summer can be made as were done in the past.

Your obedient servant,

J. D. McLean,
Asst. Deputy and Secretary.

Sir:

The Department has appointed Mr. Basil Horan, of Palgrave, Ont., as teacher of the Dokis Indian Day School, at a salary of $90 a teaching month. He has a second class certificate. He is being instructed to reach Sturgeon Falls by October 3rd, and to report to you on his arrival. When he calls, please arrange to take him to the school and give him every possible assistance in commencing work.

If there are any classroom supplies required, you should have Mr. Horan make out a requisition at once, and you should then forward it to the Department.

The Department is in receipt of the enclosed return showing the attendance at the Dokis Indian Day School for the month ended October 31st. As it is intended that this school will be open regularly in the future, I would point out that returns should only be forwarded at the end of each quarter, viz., December 31st, March 31st, June 30th and September 30th. The salary of the teacher will be paid on receipt of these returns as is done in the case of other Indian day schools. If, however, the teacher requires an advance on his salary at any time, application for same should be made to the Department by you.

Sir:

I have your letter of the 5th instant, enclosing a communication from Basil Horan, teacher of the Dokis Indian Day School, in which he applies for an increase in salary.

In reply I have to say that the Department will allow an increase of $5 per teaching month from the 1st instant. This will make the salary allowed him from that date at the rate of $95 per teaching month. Please inform Mr. Horan of the increase allowed him.

Your obedient servant,

Sir:

I have your letter of the 26th instant, with reference to the application of Mrs. Joseph Jalbert, Jr., for the position as teacher of the Dokis Indian Day School.

In view of your report that Mrs. Jalbert would have no family to accompany her to the Reserve, the Department will approve of her appointment, to begin duties when the school reopens after the present summer holidays, on September 2nd, next. The salary allowed Mrs. Jalbert will be at the rate of $90 per teaching month. It is considered that this would compare favourably with salaries paid to teachers in white schools having her qualifications. Please advise Mrs. Jalbert of her appointment, and arrange with her to begin duties on the date mentioned above.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy & Secretary.

Ottawa, June 30, 1931.

Sir:

Referring to previous correspondence regarding dispensing with the services of Mrs. Jos. Jalbert, teacher of the Dokis Indian Day School, I have now to inform you that, upon the strong recommendation of Rev. Father Porcheron as to the services Mrs. Jalbert has performed and also as regards her suitability for the position, the Department has decided to revoke the instructions given to dispense with her services, and will now approve of her re-engagement for the coming school year. Father Porcheron states that, although she has not professional qualifications, she is able to perform the duties of teacher to better advantage than a younger woman who might be professionally qualified.

I have, therefore, to request that you will inform Mrs. Jalbert that the Department will approve of her resuming duties when the school reopens after the present summer holidays, with salary at the same rate as previously allowed her. Please ascertain definitely from Mrs. Jalbert whether she will accept the position and inform the Department accordingly. I may add that we are informing Rev. Father Porcheron of the approval granted for the re-engagement of Mrs. Jalbert.

The Deputy Superintendent General:-

Mr Agent Cockburn, in his annual report for the year ended 30th June last, calls the attention of the Department to the fact that there is no school provided for the children of the Dokis Band. As far back as 1898 the Agent for this reserve pointed out the fact that these children were growing up in ignorance. There are about 20 children of this Band who could attend school. Although this Band owns a very valuable timber limit, which they are not disposed to sell, they have no funds of their own from which the salary of a teacher could be paid or a schoolhouse erected. It seems hard that the children should be made to suffer for the stubbornness of their parents, and if anything could be done to provide for their education, while they are making up their minds as to the disposal of their limit, I think it would be only fair that they should have the same advantages as all the other Indians of Ontario enjoy. The limit will no doubt eventually be sold, when they will be able to support the school.

Deputy Superintendent General.

If the the Dokis Band consents to the erection of a school house on their reserve there are ~~plenty~~ sufficient funds at credit of their account to cover the cost of building.

Provision would have to be made in next year's estimates for a salary for a teacher..

The school house could not well be erected before next spring, and it would not therefore ~~be~~ likely to be completed before the 1st of July, when the funds for a teacher's salary if voted, would be available.

It is observed that in your annual report for the year ended the 30th June last you drew attention to the fact that there is no school provided for the children of the Dokis Band.

In this connection I have to inform you that if the Band consents to the erection of a school house on their reserve the Department will take the necessary steps to have the same put up, and provide a teacher.

The Deputy Superintendent General,-

Ten years ago Mr. Maclean, who was then Superintendent at Parry Sound, called the attention of the Department to the fact that there was no school on the Dokis reserve and the education of their children was entirely neglected. He was asked to report the number of school age in the band and whether they might be sent to some white school in the neighborhood. He replied that the only way to educate these children would be to establish a school on the reserve.

Mr. Agent Cockburn has also brought this matter to the DePartment's notice, and now that these Indians are rolling in money it seems to me that a portion of it could not be better expended than in making provision for the education of their children. They have ample funds to build and equip an up-to-date school and Pay for a first-class teacher, and I think it would be well that this matter should be attended to at once, so that another year may not pass without something being done for them in this direction.

Before doing anything about the Dokis School I think we should communicate again with Agent Cockburn. It may be doubtful whether these Indians would make any use of the School. If Mr. Cockburn's report is favorable you ~~may~~ might have plans prepared and by that time the funds of the Indians may be arranged to stand the necessary expenditure.

SIR:

I beg to acknowledge receipt of your letter in reference to the advisability of establishing a school on the Kokis Reserve.

Chief Kokis has always opposed having a school on the reserve. in fact refused the Indian Missionary permission to erect a church for the use of the band.

The majority of the members would favor establishing a school. but the Chief and two of his brothers would prob.be favorable their father. The former Chief was always opposed to a school. and he influenced me that it would interfere with the members of his band.

The only members residing on the Reserve are the Kokis families the others live in Harper Township on the opposite side of Brenchs River. a school there could be erected on the Reserve. sufficiently central to accomodate all the children there are 17 children of school age that could attend a school. I will take this matter up again with the Chief and his brothers. and will report result at the earliest opportunity but would not advise erecting a building against there wishes at the present time.

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, March 28, 1912.

Mr. Pedley,-

The question of the establishment of a day school on the Dokis Reserve has been before the Department at different times during the past fourteen years and we are no nearer a solution of the difficulty now than then. Mr. Agent Cockburn, who has tried time and again to induce the Indians to authorize the expenditure of a amount of money from their capital to put up a school building, reported on the 1st instant that he had recently visited the members of this band and found that the majority are opposed to the building of a school from their capital funds at the present time. It is pure stubbornness on the part of the older Indians which blocks the building of a school. They have a capital of over $730,000.00 to their credit. There are only 89 members all told in the band and there are between 20 and 25 children of school age and they are growing up in ignorance and something should be done to educate them.

The opinion of the Department of Justice is that the

the Department cannot use any portion of their capital for the building of a school-house on the reserve without their consent. They evidently know that they cannot have their money used for this purpose unless they are willing and it is for the Department to say whether they will allow the children to suffer or come to their relief. The band could be charged with the teacher's salary and equipment and everything save the erection of the building. The Department will either have to give them a school building, obtain special legislation to take the money from their funds, or leave matters as they are now.

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, 16th April, 1912.

Memorandum:

The Department of Justice on the 25th day of May, 1899, gave an opinion with respect to the powers of the Governor in Council under Sections (now) 89 and 90 of the Indian Act, in which it was thought that a proposed expenditure under (now) Sec.90 for anything coming also within any of the classes mentioned in (now) Sec.89, would require the consent of the band.

I have discussed these sections and this opinion with the Department of Justice in connection with the Dokis Reserve School question as referred to in Mr. Benson's memorandum hereunder, and am advised that while these sections are not altogether clear, it is thought that Governor in Council could very properly expend the Capital belonging to a band for any of the purposes mentioned in Section 89 without the consent of the band, notwithstanding the provisions of Section 90 of the Act.

Sir,-

Referring to your letter of March 1st and previous correspondence I beg to say that the Department has decided to erect a school building on the Dokis Reserve, payment to be made from the Capital Funds of the Band notwithstanding their objection to this. It is considered that in the interest of the children this step should be taken.

I have to ask you, therefore, to be good enough to give the Department information as to the number of children that should be provided for; the kind of building that should be put up; whether accommodation should be furnished for a teacher or not and, if so, of what nature and to what extent; how, in your opinion the work should be done, whether by day labour or contract; means of communication between the reserve and the nearest point from which materials, etc., can be transported and such other information as you may consider necessary. I may say that it does not appear that the Department has at the present time any plan suitable for this building. For Whitefish Lake on the north shore a plan has been prepared providing living quarters at the rear with two rooms upstairs and two down. This plan, however, is for a building to accommodate 36 children, which would be altogether too large for the Dokis Reserve. I should be pleased to have this information above

Sir:

I have your letter of the 7th instant, enclosing a voucher for $200 in payment for the rent of the church building which was used for summer school purposes on the Dokis Reserve for the period from June 1, 1920, to the end of September, 1924.

In this connection it is noted that the missionary who succeeded Father Papineau did not wish to accept rent for the building. Please state why this matter was taken up with the present missionary in view of the fact that no rental has been paid since September 30, 1919, the date the school closed for that summer. Did you approach the missionary in the matter, or did he make a request to you for payment of rental covering the use of this building during the last four years?

MEMORANDUM FOR FILE:

Mr. Agent Cockburn, who visited the Department today, was authorized to obtain a resolution of the Dokis Band to grant the sum of $4,000 from their capital funds for the purpose of erecting a school building. The Agent was also requested to obtain a quit claim deed for one acre of land as a site.

He will arrange to erect the building by day labour, under the charge of a competent white foreman, employing Indian labour as far as possible. He will purchase all material and forward accounts, and keep proper time sheets of the labour employed. The building to be erected is to accommodate 30 pupils, with cloakrooms for boys and girls. The building will be erected of logs, and the roof will be covered with rubberoid roofing shingles.

Mr. Cockburn will forward the resolution as soon as he obtains the same, when, after the necessary Order in Council is obtained, instructions will be given him to proceed with the work.

I have your letter of the 2nd instant, enclosing a resolution of the Dokis Band authorizing that the sum of $4,000 be taken from the funds at their credit in Capital Account for the purpose of erecting a school building and requesting that a plan and specifications be sent you.

In reply I have to say that we are sending you, under separate cover, a blue print plan which was made for another school, which you may use as a guide. You may find it necessary to make some minor changes in order to work in the log construction.

It was understood at the time of your recent visit to the Department that you could arrange to have the building erected of logs, under the charge of a competent foreman, employing Indian labour as far as possible, also that you would purchase all materials and keep proper time sheets of the labour employed. A supply of labour returns for this purpose will be sent under separate cover. The returns should be prepared in duplicate, signed in the column for that purpose by the men employed, certified by yourself and forwarded to the Department. You may apply for an advance when you require same to pay for the labour.

It will be necessary to obtain an order of His Excellency in Council, authorizing the expenditure from the Band Funds of the amount required to erect the building. After consulting the foreman whom you will engage on the work, please state the approximate cost of erecting the building, as this information is necessary in the preparation of the memorandum to Council.

It is noted that the matter of selecting a suitable site will be decided in the near future and that you will forward a Quit Claim Deed for an acre of land for school purposes.

With further reference to my letter of the 2nd instant in regard to the erection of a school building upon the Dokis Indian Reserve, I beg to forward a Quit Claim Deed for the acre of land. Upon looking over the situation at this season of the year I find in order to secure suitable logs for the erecting of a log building it would be more costly than a frame building constructed of lumber, and would recommend the latter material.

Sir:

I have your letter of the 10th instant, enclosing a quit claim deed, in duplicate, for one acre of land for a site for the proposed new Indian day school on the Dokis Reserve, which is satisfactory.

Relative to your request that the building to be erected should be of frame construction rather than of log, I have to say that, in view of your recommendation, the Department will approve of a frame building being erected. You should have the man whom you engage as foreman on the work assist you in preparing an estimate of the lumber and other building material required, and you should then arrange, after obtaining competitive prices, for the purchase of same. You should see that all material is obtained at the most advantageous price. As instructed in our letter of the 9th instant, the work of erecting the building is to be under the charge of a competent foreman and Indian labour should be employed as far as possible. You may arrange to have the work started as soon as possible, and all costs should be kept down to the lowest possible point. The blue print plan sent you should be used as a guide in the construction of the building.

You should select the best possible site on the acre of land obtained for the erection of the building.

Sir:

I have your letter of the 23rd instant, and have to inform you that the Department is calling for prices on 34 school desks, 1 teacher's desk and chair, and 2 visitors' chairs, for the Dokis Indian School. When the seats have been arranged on the floor to the best advantage, you should then indicate what fronts and rears are required, and a supplementary order will be placed. I am asking the dealers to quote F.O.B. Sturgeon Falls. If this is not the best point for shipment, please let me know by return mail.

Your obedient servant,

A. F. MacKenzie.

Gentlemen:

With reference to your letter No. 43-I-5, of the 24th Inst.

We are pleased to quote you as follows:-

6	Single Box Desks	#5	at	$7.80
8	" " "	#5	at	7.80
IO	" " "	#4	at	8.IO
IO	" " "	#3	at	8.IO
I	No. I6 Teachers' Desk			23.00
3	No. 277 Chairs		at	4.50.

The above prices are F.O.B. Sturgeon Falls, Ont. with Government Sales Tax included but if tax is not applicable we will allow a discount of 4% from these prices, desks to be finished in Cherry Finish and with ink-wells.

You will note that we have designated the frst two items on your inquiry as #5 Desks. We have doen this as we do not make a smaller size than #5, but are qite sure that this size is suitable for pupils from age 5 to 9.

Under separate cover we are forwarding a copy of our School Furniture Catalogue and you will note that the Box Desks are illustrated and described on Page 6. The #I6 Teachers' Desk on page 24 and the #277 Chair on Page 28. Our desks are finished with lacquer and the tops are rubbed and polished. This finish costs us considerably more than the ordinary varnish finish which is as a rule used on pupils' Desks.

In the event of your not requiring the lacquer finish we would allow a reduction of 50 cts. per desk from the prices quoted.

We trust that we will be favored with your order which could be shipped promptly from stock.

Yours very truly,

Dear Sir:-

Replying to your letter of August 24th we are pleased to quote you as follows on Furniture for Sturgeon Falls:-

6 #6 Sanitary Single Desks	- Pupils 5 - 7 yrs.	-	$6.25 each,	- $37.50
8 #5 " " "	- " 7 - 9 "	-	6.25 "	- 50.00
10 #4 " " "	- " 10 -13 "	-	6.50 "	- 65.00
10 #3 " " "	- " 11 -14 "	-	6.50 "	- 65.00
1 #25 Teachers' Sanitary Desk, Oak, 26" x 42"		-	27.00 "	- 27.00
1 #112 Arm Chair to match Desk		-	9.00 "	- 9.00
2 #110 Plain Chairs		-	6.00 "	- 12.00
F.O.B. Sturgeon Falls, Sales Tax absorbed.				$265.50

We have altered our catalogue numbers on some of our Teachers' Desks and Chairs. The desk on which we are quoting is a plain oak one - size 26" x 42" - with three drawers on the right side and one large centre drawer.

Our #112 Oak Arm Chair, corresponding to our previous #0977, is a very substantial chair, with corresponding chairs, #110, also in quartered oak.

The Pupils' Desks on which we are quoting have the tops finished in cherry, with the backs and seats natural wood finish, which is our standard, and which we have supplied on all of your previous orders.

Department of Indian Affairs,

Dear sir,

May we call your attention to the quotation filed in your office by us on August 26th., in answer to your request for prices, dated August 22rth ?

In that request you asked for prices on our Style No. 101 Single Desks and our prices were based upon that style. It now occurs to us that it may be that we would be more in line with what we must meet in competition if we were to offer you our Style No. 18, an illustration of which is attached hereto.

Please note that whereas, our price for the quantity of Desks mentioned in your letter of August 24th, based upon the No. 101 Style of Desk, is $298.34 for the complete quantity, we find that by basing our figures on the No. 18 Style of Pupils Desks, we could offer them to you for a total price of $230.50

Would not this saving of nearly $70.00 make a difference in our chances of being favored with your kind requisitions ?

This letter is intended to call your attention to the fact that while the Style No. 101 Single Desks are without doubt the very BEST being manufactured in Canada and well worth what they cost the user, we seem to be unable to get any of your orders and therefor we thought it might be better for us to get into the PRICE CLASS.

Awaiting your kind comments, we are,

Sincerely yours,

Dear Mr. Paget:

We have your letter of September 6th, reporting that on account of our quotation not being the lowest received for the desks for the Dokis Indian Day School. It has not been accepted.

We are quite certain that such will be the case as long as you request us to submit prices, on the highest type of school desks manufactured in Canada which is our #101 style, being made with steel metal parts instead of cast iron, as then as is doubtless the case the order is placed strictly from the standpoint of price and without any consideration whatever of quality.

You will we feel sure agree that this places us in a rather unfavorable position.

Won't you please advise if you will consider prices on our lowest grade of desks? We shall appreciate hearing from you.

Ottawa, May 23rd, 1925.

Sir:

I have your letter of the 21st instant, informing the Department that Rev. L. Percheron has a 60 pound church bell which he offers to sell for the sum of $15 for the use of the new school building on the Dokis Reserve.

In reply I beg to say it is considered that a bell of this size would be small for school purposes. Where we have supplied bells for Indian schools, the weight, including mountings, has been approximately 125 pounds. Do you consider that the bell offered by Father Percheron would be large enough to meet the requirements. Please also state what arrangements you could make to place this bell at the school. Is there a belfry on the school building, and, if not, where would the bell be placed? When we have the information asked for, consideration will then be given to the purchase of the bell referred to by you.

Your obedient servant,

T. R. L. MacInnes,
Acting Asst. Deputy and Secretary.

Ottawa, May 30th, 1928.

Sir:

I have your letter of the 28th instant, with reference to the purchase of a church bell from Rev. L. Percheron for the use of the new school building on the Dokis Reserve. It is noted that the bell weighs 178 pounds, is in good condition and would be quite suitable for use at the school, also that there is a belfry on the school building in which the bell could be placed.

The Department will approve of the purchase of this bell for the sum of $15, and will also pay the cost of the freight and having the bell placed in position in the belfry. If any bell rope or other supplies are required in installing the bell, you may arrange for the purchase of same. You should see that the bell is properly installed.

You may forward an account, in duplicate, properly certified, in favour of Father Percheron covering the cost of the bell, and also an account, in duplicate, covering the freight and placing of the bell in position in the belfry at the school.

Your obedient servant,

T. R. L. MacInnes,
Acting Asst. Deputy and Secretary.

EX'D.

Ottawa, November 23, 1936.

Dear Sir,-

With reference to your letter of the 20th instant, it is considered that the janitor of the Dokis Indian Day School could not be expected to do the repairs mentioned in the first paragraph of your letter. You may, therefore, submit for our consideration the account which you have received from Albert Dokis.

Yours truly,

A. F. MacKenzie.

Dear Sir:

The Department finds it necessary to return your voucher No. 499 for further explanation. It is noted that the statement attached to the voucher from the teacher of the Dokis Indian Day School shows that the work performed by Albert Dokis was during the year 1934-35.

Please show on the voucher exactly what work this man did at that time, and you should also state why there has been such delay in submitting the account.

Yours truly,

A. F. MacKenzie.

Dear Sir,

Referring to your letter dated Dec. 2nd. 43-1-5- I have added the particulars requested in your letter relative to Dokis' statement.

In connection with the last paragraph of your letter, I cannot explain the delay about 1934 as I was not in charge of this office, in fact I was here only on the last days of 1935.

The teacher mentioned the repairs several times during 1936, and I told her to send an account which is forwarded for your consideration.

Re Secretary

Dear Sir. I have been advised by our Missionary at Albany that 15 families have left there to make headquarters at English River and that others are contemplating the same move. They have been attracted by higher prices for fur and cheaper goods. Three men of these families visited me several weeks ago and confirmed the above report. This means that there will be a goodly number of children - some 30 at least - at English River whose education should be provided for. I had thought several years ago that a teacher and school should be commenced at this place, but the number of children was small then and the outbreak of the war caused me to give up the idea. Now conditions are ripe and call for action as soon as possible. I had some correspondence with our Missionary at Albany who visits English River every summer as one of his charges. He also concurs with my plan and urges an immediate start with the school work. He has forwarded the enclosed requisition for that purpose. We cannot do anything this year, but I would like to have the material ready for next summer. I propose sending a man there by Nevillon's scows down the Pagwa River next May. He will teach the school for the summer

and if the attendance warrants it, continue for the winter. We have no building for school purposes, but the Church could be used in the meantime. If the school makes good, perhaps the Department will undertake a building. I understand that Dr. Caldwell, who passed that way on his journey to James Bay, noticed the need of a school and strongly recommends that a beginning be made. Possibly he may send you a report after his return in the autumn.

Will the Department be ready to give the usual grant for the school and forward the material enumerated in the requisition? This supply could be sent by Messrs. Revillon Bros. via Montreal, or perhaps better to save additional freight charges, direct to them at their warehouse at Rupert's, Ont. some 170 miles west of Cochrane. It could be sent at any time as Revillon Frères have a resident agent at Rupert's. The material, of course, could not be taken down till next May when the snows follow the ice as it breaks up and the water is high.

Yours sincerely

Pd. 100 members in Band

Standard Dear Sir. I have not received the promised advice contained in your letter of August 20th 1919 regarding the establishment of a day-school at English River.

I have a teacher ready to go down by Revillon Freres' scows from Pagwa, Ont. as soon as the ice breaks up in the river. His name is P. A. Northam and he is at present stationed at Hearst, Ont. I offered in a previous letter the use of our Church building until a school could be built and sent in a requisition for the school material.

I trust that the Department will decide to grant my request as some 20 or 25 families of Indians are now making headquarters at English River and it is important that a school be established at least a summer school to begin with.

I would like to have the material forwarded at once - preferably by express - addressed to P. A. Northam c/o Revillon Brothers, Pagwa, Ont.

Yours Sincerely - John G. Moosonee

Right Reverend Sir,-

I have to acknowledge the receipt of Your Lordship's letter of the 30 th ultimo regarding the establishment of a day school for the benefit of the Indian children at English River and stating that you have obtained the services of a teacher and requesting that a supply of school material be forwarded.

In reply I beg to say that it is considered that the benefit the children would derive from the establishment of a school for the summer months would not warrant the expenditure that would be incurred. The funds at the disposal of the Department are limited, and it is necessary that no new expenditure be undertaken unless absolutely required.

The Department regrets that it cannot see its way to comply with Your Lordship's request for the establishment of a school for the Indian children at English River at the present time.

Re 528286

Dear Sir, I have yours of the 6th inst: in reference to the establishment of a summer school at English River. I am very much disappointed that the Department feels unable to undertake the cost of school material and a salary for the teacher at the usual rate of $50 per month. This was undertaken at Waswanipi under similar circumstances and the splendid results have fully justified the step. I would not ask for anything that was not "absolutely required." I have had this intention of a school at English River for some years and each season has confirmed more strongly the need of such. If the Church offers the use of a building, I think the Department should meet us half way, especially as the Department owes the duty to the Indians to provide education. We pay the Missionary a salary for the whole year while the Department provides only a proportion for the 3 or 4 months of the summer session. I am sending the Missionary in any case as I have already engaged him and made arrangements for his transportation which is considerable and paid by us. I hope the Department will reconsider this matter and at least furnish the school material, if not the salary.

Right Reverend Sir,-

In further reference to Your Lordship's request for the establishment of a summer school at English River I beg to inform you that, upon further consideration, the Department has consented to provide a grant at the rate of $50.00 per month towards the salary of the teacher. This will be paid upon the receipt of the usual quarterly returns, showing the attendance, days taught, etc.

With reference to the furnishing of school material I beg to say that the Department will also be prepared to send a reasonable quantity of supplies, if instructions are given as to how it could be sent in to English River. Messrs. Revillon Bros. informed the Department that their scows would be leaving Pagwa on the 25th of this month and it is now too late to have these supplies sent in by them. If you know of any other means by which these could be forwarded, I should be pleased if you would give full shipping directions, when the articles asked for in the requisition which you enclosed in your letter of August 14th, last, will be sent, with the exception of the desks. The Department cannot furnish desks for this school until it is assured of the success which is met with by the teacher during the coming summer.

Letter dated April 29th 1920

Dear Sir. I am much pleased that the Department has decided to give a grant and school material for the English River Summer School.

Regarding the shipment of the school material, I may say that the season has not opened quite as early as Revillon Freres expected and I learned to-day that their [redacted] will not leave Lapwa before the 8th a possibly the 10th. They only began loading to-day and it takes 6 or 7 days to complete the work. So that if the material were dispatched immediately, it might reach Lapwa in time. If not in time, it can be taken down by canoe. There are always canoes plying up and down. I understand also that another party (Hole and Menzies) are sending supplies down the river a little later. So that there is abundant opportunity to get the material transported to English River which is only 75 miles from Lapwa. I have instructed the teacher - Mr. Northam - to make arrangements for the transportation of the material in case it is too late for the canoes. Kindly therefore send the material by express at once addressed to "Mr. P. A. Northam, English River, to Revillon Freres, Lapwa, Ont."

Be sure to include in the shipment blank forms for school returns.

Yours Sincerely - John G. Moosonee

MEMORANDUM

Mr. Scott,-

A request has been received from His Lordship the Bishop of Moosonee for the opening of a school for the summer months at Marten's Falls. He compares the conditions at this point with those at English River, where a school was open last summer from May 1st to August 31st. The pay lis shows that there are 77 children at Marten's Falls and the Bishop states that there are at least 25 of these of school age. He states that he has been fortunate enough to secure the services of a teacher, Mr. A. E. O. Anderson, a student from St. Johns College, Winnipeg, to carry on the work. Mr. Awrey informs me that there is a church building at this point and, no doubt, the school would be conducted in that building.

His Lordship also requests that the school at English River be re-opened next summer. The cost of this school for the past summer was as follows,-

Teacher's salary, 4 months	$200.00
Rent of building, 4 months	40.00
Stationery and school supplies	32.79
	$272.79

The school at English River, from reports received, seems to have been successful, having had an enrolment of 57 pupils, with an average attendance of 29.

I would beg to recommend that the school at English River be re-opened and that a trial be given during next summer to the work of conducting a school at Marten's Falls. The expense of carrying on the work at these points during the summer would be about $250.00 at each point. This is the only opportunity the children have of receiving any education.

Not to be opened by D.M.

Right Reverend Sir,-

I have to acknowledge the receipt of Your Lordship's letter of the 23rd ultimo enclosing requisitions for school material for the use of the summer schools at English River and Marten's Falls and requesting that a grant be allowed for the salary of teachers at both these points during the coming summer term.

With reference to Marten's Falls I beg to say that the Department will provide a grant for salary at the same rate as was allowed the teacher at English River last summer, namely,- $50.00 per month for a period of four months. The grant for the teacher at English River will also be continued at the above rate. It is noted that you have secured the services of Mr. A. E. O. Anderson, a student from St. John's College, Winnipeg, to take up duties as teacher at Marten's Falls and have also again secured the services of Mr. Northam for English River.

Withe reference to the requisitions which you forwarded I beg to say that the stationery and school material considered necessary will be ordered and the Department will endeavour to arrange with Revillon Bros. to take in these supplies by their scows next spring. The teacher of the English River School has requisitioned for a stove and stove pipes, but, as this school is open during the summer months only, the Department cannot supply a stove, neither is it prepared to supply desks, chairs, etc.

It is presumed that buildings suitable for carrying on the work at both these points can be secured.

I have to acknowledge the receipt of Your Lordship's letter of the 12th instant, informing the Department of the change in teachers for the coming summer in the schools at English River and Fort Hope.

In reply I beg to say it is noted that Mr. Edward Pratt will be placed in charge at English River as missionary and teacher in place of Mr. A. E. O. Anderson, and that Rev. D. Link-later, will be engaged to assist the teacher and missionary at Fort Hope. The above changes and appointments are approved.

Salary will be allowed Mr. Pratt, at English River, and Rev. D. McDonald, at Fort Hope, at the same rate as was previously paid. We are not prepared, however, to allow any salary to the assistant at Fort Hope, as it is intended that he will only have part in the teaching of the school during the absence of Mr. McDonald.

The requisitions for school material and drugs for the above schools have been received. I may say that a sufficient quantity of school material for the English River school was forwarded from the Government Stationery Office here on February 28th, last. This material was forwarded to Messrs. Revillon Freres, and will go forward by their scows from Pagwa. Dear Sir. This is to notify you that Mr. R. Dawson, of St. John's College, Winnipeg, will take the place of Mr. L. W. Watt, at the English River Summer School. He will begin teaching about May 1st.

As we have lost touch with Mr. Watt, I do not know just what requisitions for school material and drugs are required, as I cannot say ~~what~~ how much is on hand at English River. Probably you will know from Mr. Watt's returns last autumn just what is needed as well as school return forms.

In any case the usual yearly supplies of each will be known to you from your books and I shall be glad if you will send the same to Mr. Dawson, English River, c/o Messrs. Revillon Freres, Pagwa River, Ont., at once so that Mr. Dawson can pick them up and both after them on May 1st when Revillons' scows usually start down the River.

I visited the Boarding school at Albany but, as usual, did not see any of the pupils. At Moose Factory I visited the Day school at English River, and cannot speak too highly of the work done by Mr. Waller.

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir:-

I wish to advise You that I have appointed Rev. Neville R. Clarke, of St. John's College, Winnipeg, to the English River Mission and that he will teach the Summer School in connection therewith in the place of Rev. Jos. J. Walker. I have requested Rev. Clarke to ascertain from Rev. Walker, who is now Rector of St. James' Church, Fremont, Nebraska, U.S.A. just what may be needed for the School and what is on hand. So you may hear from Rev. Clarke soon or he may wait until he reaches English River about May 1st or when the river is clear from Ice.

Yours Sincerely
John G. Moosonee

Ottawa, April 26, 1933.

Right Reverend Sir:

I have Your Lordship's letter of the 21st instant, nominating the services of Mr. Neville R. Clarke as teacher of the English River Indian Summer School. In reply I have to say that the Department approves of the appointment of Mr. Clarke, with salary at the rate of $65 per teaching month, less 10% during the present fiscal year.

When Mr. Clarke forwards a requisition for the supplies he requires, same will be given attention. It is hoped that he will meet with every success in the work during the coming summer. I would request that you inform him of the approval granted for his appointment as teacher and instruct him to forward the usual returns of attendance, days taught, etc., in order that payment of salary can be made.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

A. F. MacKenzie,
Secretary.

The Secretary, Depart. of Indian Affairs

Dear Sir:- In checking over our diocesan accounts, I find that I overlooked advising you that I had appointed Mr. Stanley G. Ashman as teacher of the English River Summer School in place of the Rev. R. R. Clarke, who was transferred to Pagwa River at the end of the 1937 season. Mr. Ashman taught the school last summer 1938 and is again teaching this year. I regret the oversight. I thought I had advised you, but I can find no record in my books. Evidently Mr. Ashman did not send you returns for 1938. He was working under the Rev. R. R. Clarke, which was the cause of the oversight on my part.

With best wishes, Yours sincerely, J. G. Anderson Moosonee

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this regulation should be made without the Department's approval.

2. Salaries of teachers will be paid on a basis of 10 teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.

3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Department of Indian Affairs, Ottawa.

4. All teachers will be required to give at least one month's notice of their intention to resign.

5. All questions relating to the day school should be referred to the local Indian Agent.

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.

2. All the columns of the Return *must be added* and the totals placed at the foot thereof.

3. Number and date of holidays to be inserted in the column for remarks.

4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.

5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.

6. No names other than those of Indian children are to be included in this return.

7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.

8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.

9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.

10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.

11. The school must be opened and closed punctually at the hours approved of by the Department.

12. This form to be used for Day Schools only.

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within return is a true and faithful statement of the attendance and tuition at the English River Mission School for the Quarter ended 8th September 1939.

Teacher S. G. Ashman

P.O. Address St John's College Wpg.

Dated 25th September 1939.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

W J Lyon
Indian Agent.

Dated at Norway House

this 22nd day of Sept 1939

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. [redacted]terly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

St. John's College,
Winnipeg. Man.
14th December 1940.

Dear Sir,

I am sorry I have not sent these returns in before, but I mislaid them, and consequently thought I had done so weeks ago.

Through not having a sufficient number of forms, I have not been able to fill out any more than one copy for last quarter. If you require the other three forms would you kindly send me some more sheets, and envelopes, and I will fill them out and send them in.

Thanking you,

Yours faithfully,

DAY SCHOOL RETURN

I HEREBY CERTIFY that the within return is a true and faithful statement of the attendance and tuition at the St. Mary's Mission School for the Quarter ended 13th September 1940

Teacher Stanley G. Hakeman

P.O. Address St Johns College Winnipeg.

Dated 5th November 1940.

I have carefully examined the within Return and hereby certify that it is correctly made out in accordance with the Instructions of the Department.

.....
Indian Agent.

Dated at.....

this.....19.....

Agents should see that full explanations are given by the teacher in the column for "Remarks," if the school was closed during the quarter for other than authorized holidays, and should also themselves make any necessary comments in that column.

INSTRUCTIONS TO TEACHERS

1. Fill up all the columns in this Return.
2. All the columns of the Return *must be added* and the totals placed at the foot thereof.
3. Number and date of holidays to be inserted in the column for remarks.
4. By the total number of school days in the quarter is meant the number of days in the quarter exclusive of Saturdays and Sundays. All authorized holidays will be allowed.
5. The standing of each pupil must be signified by inserting opposite his or her name the figure 1 in the column designating the particular grade.
6. No names other than those of Indian children are to be included in this return.
7. The Quarterly Returns must end on the 31st March, 30th June, 30th September and 31st December respectively, and be immediately thereafter in each case transmitted to the local Indian Agent.
8. When, owing to the number of pupils, the form of Return is not long enough to contain all the names, use another form, paging it as No. 2, and carry forward all totals, placing them in the proper columns. Do not increase the length of the form by pasting another, or portion of one, to it.
9. The average daily attendance during the quarter may be ascertained by dividing the total number of days attendance of all the pupils by the number of days school was open in the quarter.
10. Should the school be closed at any time during the quarter, the reason must be given in the column for remarks for such day or days.
11. The school must be opened and closed punctually at the hours approved of by the Department.
12. This form to be used for Day Schools only.

INDIAN DAY SCHOOL REGULATIONS

1. The morning session shall be from 9 a.m. to 12 noon and the afternoon session from 1 p.m. to 4 p.m., with a recess during each session of not less than 15 and not more than 20 minutes. No variation in this regulation should be made without the Department's approval.

2. Salaries of teachers will be paid on a basis of 10 teaching months in each school year. Summer holidays are not taken into account in payment of yearly salaries.

3. Regarding the number of days school should be kept open and the holidays allowed, teachers should be guided by the yearly instructions issued by the Department. If a copy of these instructions is not in the school, the teacher should apply immediately to the Indian Agent, or to the Secretary, Department of Indian Affairs, Ottawa.

4. All teachers will be required to give at least one month's notice of their intention to resign.

5. All questions relating to the day school should be referred to the local Indian Agent.

Ottawa, April 21st, 1925.

Right Rev. Sir:

I have to acknowledge receipt of Your Lordship's letter of the 18th instant, informing the Department that you have arranged with Mr. R. Dawson, of St. John's College, Winnipeg, to take charge of the Indian summer day school at English River, and that he will begin duties on or about May 1st, next. In reply I beg to say that the Department approves of his appointment, and salary will be allowed him at the same rate as was previously paid.

With reference to the school material required, I beg to say that the requisition for the previous year has been duplicated, and the supplies have been forwarded by the Stationery Office, here, addressed to the Missionary in Charge, English River Post, and were sent c/o Revillon Freres, 134 McGill St., Montreal, securely packed. These supplies were shipped from the Stationery Office on the 7th of February, last.

Supplies were also forwarded at the same time for the schools at Moose Fort and Albany Mission.

I have the honour to be, Right Reverend Sir,

Your obedient servant,

J. D. McLEAN

J. D. McLean,
Asst. Deputy and Secretary.

Dear Sir,

Please find enclosed reports for 1938 & 1939 from English River for day school taught there during the summer.

I do not know what arrangements you have with the Ang.Mission but there has been a school there during the summer for at least 9 years.

There is no explaination as to why the report was not sent in last year for 1938-I do know that the Teachergot sick before the end of the season and had to go out,so likely he just forgot to send it in.

Yours truly.

RE: DIOCESE OF MOOSONEE

Dear Sir,

We have received from the Receiver General of Canada, a cheque dated 11th January, 1941, payable to the order of S. G. Ashman for $230.49. This amount, however, does not agree with the amount of $233.64 reported in your letter of the 6th January. We presume the difference represents the deduction of National Defence Tax, but we shall be glad if you will confirm this.

Yours faithfully,

Mr. R. A. Hoey.
Supt. Dept. Welfare & Education.
Indian Affair's Branch.

Dear Mr. Hoey;

The Indian school at Pagwa River Ontario is going along very nicely, but I am running short on the following articles. Chalk, Scribblers, pencils, and black-board erasers. Would it be possible for the Dept. to help us out this year again.?

I am also short of the "Primers " I bought three myself last year, but as the little one progress I need more, and they are quite hard on books too.

If you could help me out in this matter I would greatly appreciate it. Thanking you.I remain;

Your's sincerely;

Dear Bishop Anderson -

I have your letter of the 11th instant, with enclosure from Rev. Mr. Richards of Fort Hope. I shall make enquiries regarding the payment of the grants.

I am pleased to learn from Mr. Richard's letter that the Indians in the neighbourhood of Fort Hope are not suffering from any want. I return, as requested, his letter to your Lordship.

Encl.

Yours very truly,

My dear Mr. Scott
I have received a cheque from the Dept. of $150 in payment of salary of Rev. E. Richards, Ft. Hope School, for the Sept. and Dec. quarters of 1915. I have not received payment for the June quarter. Evidently the Department has not received the claims, though the enclosed letter from Mr. Richards testifies that he forwarded the claims in due course. They may get-lost the Department, as I have had letters not only long delayed but sometimes lost altogether. I am afraid that the same has happened regarding the Mistassinny School. I had a letter the ~~first~~ for only one for some fourteen months. From Mr. Isaac Hoff some ten days ago. Though he does not actually say that he forwarded his claims, the inference from his letter is that he did, at least for the summer Quarters.
Mr. Richards' letter will interest you as showing the Conditions of the Indians on the Albany River. Thanking you have ever wish to retain the letter, kindly return to me. With best wishes - Sincerely, Your's in His Service - J. Sheriff. Moosonee

The Secretary

Dear Sir. I have been absent from home for 3 months and on my arrival home I find that a cheque No. 1971 enclosed in a letter postmarked July 28th has been sent in payment of the teacher's salary (Fort Hope School) for the June quarter amounting to $112.50.

Why is this amount paid instead of $135.00? It may be that the teacher was absent on missionary work for part of the quarter. If so, that is all right, but I hope the balance will not be lost, because the teacher takes holidays when most convenient for his work, but makes it up in the other quarters, that is, he will teach in July and August, which are the usual holiday months as arranged by your Department.

Yours Sincerely

Right Reverend Sir:

In reply to Your Lordship's letter of the 7th instant, I beg to say that, as the June quarter return of the Fort Hope School showed that the school had been open for only 2½ months, we allowed salary for that period of time only. I note that the school has been open during July and August, and, when this teacher forwards his September quarter return, it will no doubt show the exact number of days it was in operation. We will then make payment of the balance which you mention is due.

I have the honour to be,

Reverend Sir:

I have to acknowledge receipt of your letter of the 9th instant, enclosing the June quarter return of the Fort Hope Indian Day School.

I note your statement that you have not received any bonus cheque for the quarter ended March 31st, 1927. In this connection I would point out that payment of bonus to teachers of Indian day schools was discontinued from March 31st, 1926. Previous to that time, salary was paid at the Fort Hope Indian Day School at the rate of $300 a year, plus bonus of $150 a year, or a total of $450. Since April first, 1926, the salary allowed at this school has been at the rate of $450. You will note, therefore, that the salary at the present time is as large as when the bonus was being paid. When the returns have been received, cheques in payment of salary at the above rate have been forwarded to Right Rev. J. G. Anderson, Cochrane, Ont.

Dear Sir:— In checking over the school accounts for the year 1929 I notice that the grants for the Fort Hope school for the June and Dec. quarters as well as for the month of September have not been paid. The last grant I received was for the March quarter.
I notice also that no grants for 1929 have been paid for the Albany school. The Rev. P. A. Northam fell sick last July, so that the returns for the March quarter at least should have been sent in. The school, I know, has been regularly kept by the Rev. Andrew Wesley, native assistant minister, who has so informed me by his letter written in syllabics. Though able to teach school quite well, he may not be able to make out the returns. This too soon, of course, to expect the returns from Fort George for Sept and Dec. quarters.
I shall be glad to have your decisions & information on the above at your convenience.

Yours Sincerely

Right Reverend Sir,-

In reply to your letter of the 7th instant, I beg to say that the salary of Rev. D. Macdonald, teacher of the Fort Hope Indian Day School, for the quarters ended June 30th, September 30th and December 31st, 1929, have been paid. Through oversight, cheques for these three quarters were sent direct to him instead of to you. A note has been made and future cheques in payment of the salary at this school will be forwarded to you.

The last return received from the Albany River Indian Day School was for the quarter ended December 31st, 1928, and, consequently, no salary has been paid since that time.

The return of the Fort George Day School for the quarter ended June 30th, last, has been received and cheque for $150.00 forwarded to the Royal Trust Company, Montreal. The September and December quarter returns have not yet reached the Department.

I have the honour to be,

Ottawa, July 31st, 1931.

Sir,-

I have your letter of the 25th instant, requesting permission to continue in operation the Indian day school at Fort Hope during the current quarter ending September 30th and to take the annual holidays during the months of October and November, following.

In view of your report that there would be a more regular attendance of the Indian children if holidays were taken during the months mentioned, the Department will approve of this arrangement. You should, therefore, keep the school in operation until the end of September and re-open it again after the holiday period, on December 1st, next. Please forward, at the end of the quarter, the usual return showing attendance, days taught, etc.

Your obedient servant,

A. F. MacKenzie.
Secretary.

Ottawa, January 24th, 1935.

Sir,-

The Department has just received the December quarter return of the Fort Hope Indian Day School and the amount due the teacher for that period is $135. As you are aware, we have forwarded cheques in payment of the teacher's salary at this school to you for some time past and you have credited same to the Diocese of Moosonee.

Owing to present regulations, salary cheques have to be issued in favour of the person performing the service and, as Rev. D. Macdonald is the teacher of the Fort Hope School, we are issuing the cheque in his favour and forwarding it to you. This letter will give you the necessary information in order that you may credit the amount to the proper account.

J. D. Sutherland.

Dear Bishop Renison:

The Department has received the Report of Attendance for the period Mr. Stackhouse taught the Collins Seasonal School during the past summer, namely, June 18 to September 13. However, the initials of this teacher are not legible and it is therefore impossible to have a cheque issued for his salary. It would be appreciated if you would let us have the initials of Mr. Stackhouse, in order that a cheque may be sent forward.

Yours sincerely,

Philip Phelan,

Dear Bishop Renison:

The Department has approved the appointment of Mr. R. W. Ross as teacher of the above Indian Day School for the 1948 summer, at a salary of $150.00 a teaching month.

Please find attached Income Tax form and application form for completion by Mr. Ross and for forwarding to Mr. G. Swartman, Superintendent, Indian Agency, Sioux Lookout, Ontario. Mr. Ross should forward these forms as soon as he reports for duty and should also tell Mr. Swartman the exact date upon which he opens school.

I also enclose a number of Quarterly Return forms which Mr. Ross should complete and forward to Mr. Swartman at the end of each month.

Yours sincerely,

Encl.

Fort Hope Indian Day School

E & D.

Dear Bishop Renison:

I wish to refer further to our recent conversation concerning the payment of rental for the above seasonal school, which is operated in the Anglican Church at Fort Hope. In September 1929 the Department reiterated its agreement to pay to His Lordship the Bishop of Moosonee the following expenses in connection with this school:-

1. Rent of building for school purposes - $5.00 per teaching month.

2. Allowance for janitor services - $3.00 per teaching month.

3. Allowance for fuel - $25.00.

Therefore it will be in order for you to submit for the next school term bills for the above to Dr. T. J. Orford, Indian Agent, Moose Factory, via Moosonee, Ont., for forwarding to the Department. The authority for the payment of such bills is our letter 44-5-5 of September 30, 1929.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare & Training.

Sir

I have the honor to herewith enclose Minute of a meeting held by School Section at French Bay Sangeen Reserve

The meeting was called to fill the vacancy made in the Trustee Board by the death of Wm Nashwashsogonoby I do not think they made a good choice but as the School & School Affairs is principally managed by the Council & Dept it does not so much matter

I would therefore ask the Dept to sanction the appointment of Samuel Wahbegee as one of the Trustees for French Bay School Section

In reference to the vote taken whether or not they retain the present Teacher Miss Helen Cameron is conclusive that the majority is in favor of a change

The desire for change being a characteristic of the Indian does not indicate that the pupils would be benifited thereby. The fault the majority has to the Teacher is that their School is not progressing as well as the other two Schools on the reserve this is owing to a great extent to the irregularity of attendance of pupils

In my opinion this Teacher is well qualified especially on account of her long experience, & being so well acquainted with the Ind.ns ways which is essential to progress in an Indian School she perhaps has not the force of Character that some teachers have to Command & Control, but if the pupils attended regular I believe she could do as good a work perhaps better than a Teacher without experience in Indian School which if we made a change we would be likely to get.

I have to acknowledge the receipt of your letter of the 15th instant, enclosing resolutions of the Saugeen Indian Council passed on the 12th instant.

In reply I beg to say that although it is observed that you do not exactly approve of the appointment of Samuel Wabbezee as trustee for the school at French Bay, the Department does not see sufficient reason to interfere in the matter.

With reference to the vote of the Council that the present teacher of the French Bay School, Miss Helen Cameron, be not engaged for another school year, as the School Inspector speaks well of Miss Cameron's management the Department is not inclined to comply with the resolution of the Indian Council in this matter.

Sir,-

I have the honor to call your attention to the unfortunate state of affairs now existing in connection with the Indian day school on the Saugeen Reservation. The facts as represented to us are these: Miss Cameron, the present teacher of the school has been in charge for about nine years, and during that period from evidence supplied us it would seem her services have been satisfactory. It appears, however, that an effort is now being made in the face of the protest of the majority of the Indians on the Reservation to have her removed and have another teacher of an another denomination put in her place. Miss Cameron is a member of the Methodist Church, and the majority of the Indians belong to the same body. A requisition signed by the Indians both at Saugeen and French Bay has been sent to us expressing the wish that Miss Ellen Cameron be allowed to continue to teach at least until the close of the year. Of course the school receives no grant from the Missionary Society, but the majority of the Indians being Methodists feel that under the circumstances their present teacher ought to be allowed to remain, and that some thing approaching denominational prejudice or preference on the part of the Agent enters as a motive into the attempt now made to discontinue the services of the present teacher. Sir,-

I have the honor to report the attendance of the French Bay school as visited on the 21st Feb. 1894 and found seven pupils six Ind. children and one white. A number went home for their dinner and did not return on acct. of the day turning out very stormy. Their studies are principally Read. Writ. Spelling, Drawing and Arithmetic and are progressing fairly well. The teacher is very attentive and if the children would only attend regularly they would make considerable progress. At this school there is considerable inconvenience felt for the want of a supply of wood and no doubt it is discouraging to the children coming to school in cold weather. They have to remain as near the fire before the room is heated up.

I beg to refer you to my letter of the 2nd December last,in which you were instructed to inform Miss Cameron,teacher of the French Bay school,that her services would not be required after the 30th June next.

Rev. Dr Sutherland,General Secretary of the Methodist Missionary Society,has written the Department stating that the majority of the Indians on the Reserve would like Miss Cameron to be allowed to continue to teach,and in view of this statement and of the recommendation of Mr Public School Inspector Clendening,the Department has decided that Miss Cameron may be re-engaged for another year.If the existing dissatisfaction has not ceased by the end of the current year,it may be necessary to make a change after the Ist of January next,and Miss Cameron should be so informed when she is being re-engaged.

I have the honor to acknowledge the receipt of your letter of the 25th instant;and in reply I beg to say that the Department's Agent at Saugeen will,in compliance with your request,be written to and asked to continue Miss Cameron's services as teacher of the French Bay school for another year from the 30th proximo and to do his utmost to allay the dissatisfaction which exists among the Indians in connection with this school.

The Department would be glad if you would request the local missionary of your Church to interest himself in reconciling the parents and the teacher of this section,as the unfortunate state of affairs which has existed there is the outcome of the natural love for change inherent in the Indian. Sir,

I have to acknowledge the receipt of your letter of the 24th ulto, enclosing a petition from the Indians asking to have a new teacher replace Miss Cameron at the French Bay school after the Christmas holidays.

In reply I beg to say that as no improvement has taken place in the management of this school the Department is of opinion that a change of teachers might be beneficial and with this end in view, it would like you to notify Miss Cameron that her services will not be required after the 31st December next.

Dr Sutherland has been advised to the above effect, and the Department would like you to consult with the Public School Inspector for the district with a view to obtaining the services of a ~~xxx~~ properly qualified teacher,-a Methodist if possible.

(Dictated.)

Toronto, 9th Nov., 1899.

Sir,-

Referring to your letter of the 6th inst., No.153978, I am under the impression that there is a mistake some where. We have no school at French Bay on our list, nor have we any teacher of the name of Cameron. If the teacher in question was continued in her position at our request, it must have been under a misapprehension.

I assume that French Bay is a settlement on the Saugeen Reserve. The Indians there are, for the most part, adherents of the Methodist Church, and If a new teacher is to be appointed I would suggest that in accordance with the provision of the Indian Act a Methodist be selected. If it would be any assistance to the Department we could submit names from which a selection might be made.

With further reference to the Indian schools on the Saugeen Reserve, I am just in receipt of a letter from the Rev W.B.Danard, the Missionary in charge there, from which I make the following extract:

"At French Bay we need an experienced teacher, and if possible a married man. There is a house there for the teacher to live in. At Chippawa Hill a male or female will do, but it should be one who has had experience in teaching."

SCHOOLS NOV 25 1899

In reference to the above, I do not know whether the house spoken of at French Bay is rent free or not. It would be impossible, I suppose, to secure a married man for less than $400 per annum; but if the Department concurs in Mr Danard's recommendation, and will provide a salary of $300, I will ask the Board of Missions for a supplementary grant of $100. When I hear from you on this point I will gladly avail myself of the permission you have kindly given to submit the names of one or more persons suitable for the school at French Bay.

Gentlemen:—

Your Indian Agent, Mr. John Scaffield, received a report from me re the work of you recently appointed caretaker for this School, and in all probability such report has reached you prior to this.

Mr. Scaffield informed me, when I took charge of this school, that your Department demanded of me a correct report, giving day and date of the work of the caretaker, as such caretaker was simply appointed on trial. I said to your agent that this was hardly fair, as he knew

and acknowledged to me prior to my coming here That no Indian boy could be secured to do the work properly, and it was on his authority that I applied for the position in February before I came here. That if I reported, I must report the facts; and according to his opinion the facts would not be favorable to the Indian caretaker, and hence would naturally antagonize the Indians against me. I have reported in good faith and tried my best to get the little Indian boy to do his best. When he opened the door in the morning and put on the fire and rung the bell within a few minutes of 9 o'clock, the 8 o'clock

I never said anything to a teacher before, that was here. Mr. Jesse Root." This is the note in full, and shows, when read between the lines, the veiled Indian threat of trouble ahead. Now I am not wanting the job of caretaking for myself, if it can be at all done by some other means, I do not want the ill will of the Indians for the sake of a twenty dollar job. Sir

Gentlemen,

After giving the subject serious consideration, I would beg to say, that so long as the Indians see any opportunity of securing the $20 salary attached to the position of Caretaker, they will be making trouble with the teacher, and would do anything to have him removed. in the hope that a change of teachers would throw the position open and thus give them a chance to secure it.

If the position of caretaker could be attached permanently to the position of teacher for $325 per annum all this trouble would be obviated for all time. The Indian agitation would cease and it would greatly strengthen

the hands of the teacher, as they would have no object in creating trouble. One thing is certain, The efficiency and usefulness of the school and teacher is going to be greatly interfered with if the said thing remains in the hands of an Indian. They have no clocks and depend on the school bell entirely, so that when it is not properly and regularly rung, the forenoons' school is almost lost. I am a life long supporter of the Reform party and am proud of our success and therefore do not make these suggestions for impertinence but because I know my party is always anxious to do what they consider best. I beg to acknowledge letter of the 23rd ultimo No. 153.978. re - the care taking of French Bay and Scotch Settlements Schools

In reply would inform the Dept that when I informed the Teachers of the decision of the Dep't in this matter, they refuse to be responsible for the safety and care of the Buildings and furniture of the schools before and after Teaching hours and as I do not consider the Buildings would be safe in regard to fire nor the furniture from getting broken as they would not be in care of any person in particular who I could hold responsible for the safety of them.

SCHOOLS MAY 14 1900

I therefore instructed the Teachers to Keep possession of the key and continue their duties as care-takers until I could correspond with the Dep't in the matter

I wish to state that in my opinion there is no one can so conveniently attend to the duties of care-taking as the Teacher. and in an isolated school Like Fr. Bay or Scotch Settlement. There is great danger from fire. not from the scholars alone but also from other Indians who are in the habit of congregating in the Schools Churches and Council Chambers.

vigilance has to be kept up to prevent them from entering these Buildings after Night. And if the Keys were in the hands of an Indian who was doing the work of a Caretaker without remuneration, he would not consider himself responsible for any damage that might occur

I therefore would not vouch for the safety of Neither Buildings or Furniture.

Also if the teachers do not attend to kindling the fire, and ringing the Bell at the proper time. I am sure that our Schools on the Reserve, will fail to maintain the Standard which they have heretofore held

DEPARTMENT OF INDIAN AFFAIRS SEP 19 1900

Sir

I have the honor to state that it is a matter of regret to me to enform the Dept. That the attendance at French Bay School has decreased so much that I would ask the Dept to advise me in regard to the matter

In explanation of the above I would say that from the week after Mr. Wallace assumed the duty of Teacher at French Bay School until the month of may Last the average attendance exceeded any three months since I came to the Reserve

Although the number that should attend had decreased on account of removals from that part of the Reserve from about 30 to about 20. The latter is the number that should attend now I do not expect that number every day but would expect a monthly average of 12 to 15. but for the last month it will not average more than 5 or 6.

SCHOOLS SEP 20 1900

I think the cause of the decrease is that in accordance with official letter dated april 3rd last No. 153978. the caretaking of the French Bay School was taken from Joseph Root (son of Jesse Root Indian Officer) and given to the Teacher. This appears to have aroused the antagonism of Jesse Root against the

against the Teacher as he at once kept his Children away from School and as far as I can learn influenced the parents of other children to do the same

The Teacher informed me of his neglect of duty as Truant officer. I had an interview with him, gave him a written copy of what appeared to me to be a Truant officers' duty

I heard no more complaints until the 23rd of may last when the schools were celebrating Empire Day. by recitations & Songs from the Children Speeches from the Trustee Teachers & others.

Jesse Root being a Trustee and on the Programme made a speech which the Interpreter informed me was full of resentment to the Teacher

In June last the Council & I were letting the work of erecting & repairing culverts in the French Bay Section. While there, we visited the School we were in the school a short time when Jesse Root came in & took this opportunity of complaining to the Council accusing the Teacher of unkindness to the Scholars and of teaching bad language because he taught the english word "pusky" which has an unmentionable meaning in the Indian Language. On Aug the 23rd I was visiting that School section and found Jesse Roots boys with others playing at the Lake. I also found a number of Children at their home, their parents would not give me any excuse for them not being in school.

I notified J. Root Truant officer that if he did not attend to his duties I would report him to the Dept.

attendance is no better but worse some days having only one pupil in School

The Teacher who appears to be doing his duty in every way is very much discouraged on account of the irregular attendance of the pupils. I believe there is no truth in Jesse Rosts complaints, as I informed him that if he could establish any wrong-doing on the part of the Teacher I would report the same to the Dept.

Sir,

I have to acknowledge the receipt of your letter of the 15th instant reporting that the attendance at the French Bay school has greatly decreased and giving reasons why it has fallen off. The Department regrets to learn of the attitude taken by Jesse Root, the truant officer,and thinks that it would be well to make an example of him if he does not send his children to school,as other Indians can hardly be expected to compel their children to go to school, while his are allowed to play truant. You will,therefore notify Root that you have been instructed to proceed against him under the Regulations unless his children are sent promptly and regularly to school. Failure to do this will entail his dismissal from office and in addition to the penalties provided by the regulations.

I have the honor to refer the Dept- to official letter dated 24 Sep last- No 153978 regarding the attendance of children, and attitude taken by Jesse Root the Truant- Officer at- French Bay School

I would inform the Dep!- that- the Truant officer sends his own children much more regular than he did previous to the date of the letter referred to, but I am sorry to say that there is not much improvement if any in the average attendance.

SCHOOLS
AUG24 1901

It is difficult for me to account- for the small attendance. as the Teacher appears to do everything possible to encourage regular attendance and his pupils appear to like him.

There may be room for complaint with the Truant Officer for neglect of duty. He has never reported to me or the Teacher of a case of truancy or neglect- of parents to send their children to School

The Teacher tells one that he has reported to the Truant officer more than once of the nonattendance of pupils and asked him to try and secure their attendance but- without- beneficial effect-. For these reasons I would advise the Dept- to try a change of Truant officer in the French Bay School Section and that- each Truant- officer be supplied with a copy of regulation relating to the education of Indian Children.

Hon. Mr. Sifton
Superintendent-General of Indian Affairs,

Hon. and Dear Sir,

I humbly beg to be allowed to bring to your notice the very small salaries which we, as teachers on the Sarnia Indian Reserve, are receiving and to pray you to raise our remuneration on a par with the teachers in the surrounding White Schools.

During the past three or four years teachers' salaries have advanced substantially in the province. The Inspector of public schools (Mr. Clendenning) informs me that salaries have advanced very substantially in all the schools under his care except the Indian schools. Our families are isolated, we have many discouragements to contend against unknown to teachers in White settlements. My wife has never been able to leave French Bay or to associate with her own race since last November, Cost of living has advanced rapidly since we came to this Reserve four years ago and notwithstanding all this our salary remains fixed at Seventy-five dollars a quarter. I have to support a family of five members on this sum a thing I could not accomplish were it not that the Missionary Society helps me a little and the same help had to be extended to Mr. Burr of Scotch Settlement since last midsummer.

I am well aware these conditions might exist indefinitely without your knowledge if your attention were not especially directed to them. Knowing your high sense of honor and justice as a public man and a Minister of the Crown I make bold to lay our case personally before you fully believing the justice of our prayer will lead you to extend unto us what assistance you may see our case deserves.

OTTAWA, 24th March, 1904:-

The Deputy Superintendent General:-

With reference to the application of Mr Wallace, teacher of the French Bay Indian school, on behalf of himself and the other teachers on the ~~Saugeen~~ Saugeen reserve for an increase of salary, I beg to say that the three schools on this reserve are entirely supported by the Band, which contributes $300 annually for the salary of each teacher. This Band has a very large capital and might be able to stand the expenditure of an additional $150.00 a year out of their interest.

Three hundred dollars is certainly a very small salary for a competent teacher of an Indian school. These schools were originally conducted by the Methodists, who contributed towards their support but the teachers are now wholly dependant on the salary paid by the Department. If it could be raised $50.00 for each of them, I do not think it would be too much for white teachers of Indian schools in Western Ontario.

I may add that Mr Wallace came highly recommended and is still doing good work.

About two years ago we raised the salary of the teacher of the Moraviantown school and charged the increase to the Band.

SCHOOLS 9-

The French Bay School was visited on May 3. There are 240 children of school age in ~~attendance~~ the district (11 Non Ty.), but the average runs between 12 and 15. The Teacher is very anxious to have an example of persistent truants made. He says he has asked the Agent to act but nothing has been done.

272939

The attendance found consisted of 2 boys and 4 girls. This small attendance probably was to be attributed to there being a funeral upon the reserve to which most of the children had gone, The schoolroom is bright and clean, the Teacher brisk and energetic. He should have a regular attendance of twenty at least. The number of children of school age in this district is quite sufficient to maintain a large attendance, and if the Agent exercises the authority entrusted to him this can easily be done. The Indians themselves would be pleased to see attendance enforced.

SCHOOLS
JUN 9 1904

The Teacher's house and stable are in good condition and the whole establishment is most creditable, but is not being as effective as it should be because proper control is not exercised. The co-operation of the Agent is needed for the exercise of such control.

Schools

Sir:—

I have the honor to state that Thos. Wahbezee Truant officer for French Bay School Section Sangeen Reserve has resigned the office, on account of being unable to secure the attendance of the Children satisfactory to the Teacher, and in accordance with the Law

I would say that irregular attendance of pupils will apply to every school on the Reserve, especially to the Indian Village as a look over my Report for sep. last will show

French Bay School has a very good average attendance for the year but it has been kept up by the determined efforts of the Teacher J. Wallace and Truant Officer Thomas Wahbezee who should be commended for the strenous efforts which has been made to secure the attendance of the Children; It has taken too much of the Truant Officers time for the amount of Salary $6.00 per quarter he receives

The enclosed Rolls sent by the Teacher to the Truant Officer will show something of the time spent and the effort made, to secure anything like regular attendence

I can not procure anyone to do the work of Truant Officer for French Bay Section at the salary paid Thos. Wahbezee

I think the cause of so much work for the Truant Officer is that we have not

have not the sympathy of the parents and guardians. They would rather sympathize with their children. and will not make an honest effort to have them attend

I have notified all parents & guardians on the Reserve more than once that it is the wish of the Dept to have the Compulsory School regulations enforced on this Reserve.

I have also summons some of them to give reasons why their children were not attending school; they make many excuses such as sickness, want of proper Clothing &c. I did not fine any of them as I did not see that any good would be accomplished by doing so.

Immediate action should be taken in replacing the truant Officer at French Bay. I think I could get Wahbezee or some one else to take the Office if the work was made less, say one day, or one and a half days per week should be all that was necessary, if we had the cooperation of the parents and guardians in securing the regular attendance of the Children

Will the Dept kindly advise me what action I should take in this matter at its earliest Convenience

Sir,-

I have to acknolwedge the receipt of your letter of the 8th inst., advising the Department of the resignation of Thos. Wahbezee as truant officer for the French Bay school section, on the Saugeen reserve, and stating that you cannot obtain the services of such an officer to replace Mr. Wahbezee at the salary paid him, namely, $6.00 per quarter.

In reply I beg to say that, in view of your explanations, the Department will, if the consent of the council is obtained, allow a salary of $10.00 per quarter to such officer.

There would not, however, appear to be much use in appointing a truant officer, unless action is occasionally taken against the delinquents, by way of example, and it seems hardly fair to expect such an officer to devote all his time to the work. You should be able to arrange with the teacher as to the number of visits he should be ~~xxx~~ called on to make.

I have the honor to state in reference to the following resolution that I do not consider it just to engage teachers at a stipulated amount of salary, ground & dwelling free of rent, and after they have been in the service for ten or twenty years, then ask them to pay rent. I cannot therefore recommend the Dept. to grant the prayer of the resolution

regular attendance of the children, and wish to force them to resign or bring some cause against them to secure their dismissal.

As far as I can judge I believe the Teachers to be quite competent for the duties required of these

As to engaging Teacher's holding First-Class Certificates, to teach Children who to my knowledge, scarcely ever attends School after being promoted to the senior third class would be superfluos. and an unnecessary expenditure, as First class Teachers in this County are getting from five to nine hundred Dollars Salary per year for the above reason I cannot recommend the Resolution

Sir,-

I have to acknowledge the receipt of your letter of the 13th inst., embodying two resolutions passed by the council of the Saugeen reserve, one to the effect that the teachers of the French Bay and Scotch settlement schools be charged a rental of $35.00 per year for the residences in connection with the schools; and the other that only teachers with first-class certificates be engaged for those schools.

With reference to the first resolution I beg to say that the Department cannot approve the same, as the salaries paid the teachers would not warrant their being charged rent.

In regard to the employment of only first-class teachers for these schools, the Department would, in the event of any changes taking place, prefer engaging such, provided they could be had for the salaries offered, but as very few teachers who look for rural schools hold first-class certificates, the Department does not consider it would be well to be confined to a choice from that class, and cannot, therefore, approve the resolution as it stands.

All the pupils of proper school age attended very regularly. Considering that the itch has become an epidemic among the Indians of French Bay, old and young. It is absolutely necessary that some means should be devised, if at all possible, in order to stamp out this loathsome disease: drastic means, if no other will accomplish it. Dear Sir.

Scabies (Itch) is spreading fearfully on the Saugeen Reserve and at the Creek Bay School most of the children have it.

I am at a loss to know how to cope with it. The want of changes of clothing and bedding and the general neglect of bathing and body cleanliness are a bar effectual to the treatment of the trouble. There are matters that I am unable to meet effectually. Scarcity of clothing and vague ideas of cleanliness stand in the way of effectual treatment. Perhaps Geo. Steel the School Agent just at hand some Method could be adopted remedy the trouble.

Sir:-

I have the honor to state that Aleck got into the School at French Bay, Saugeen Reserve, last year. I requested R. W. Williams M. B., Medical attendant for the Reserve to attend to the matter then, and he did so.

But it could not have been entirely got rid of, as it again made its appearance this Spring.

When I first noticed it this Spring, I suggested to the Teacher to send some of the pupils affected home. This he did not seem inclined to do, as it would lower his average attendance.

I wrote to the Doctor and reported the matter. At my next visit to the School, the children had not been sent home, the teacher claiming that it was not his business to do so.

I then interviewed R. W. Williams and asked him to visit the School and send me a written report which I herewith enclose.

I then brought the matter before the Indian Council, which passed the following Resolution;

Moved by Andrew Ritchie, Seconded by Peter Henry —

"That T. S. Mandamoub is hereby appointed to enforce the Doctor's orders in regard to means to be

to be adopted to get rid of the Itch; and that he be paid $1.50 per day from the Band Funds for the time spent in performance of this work."

Certified Correct — Carried.

Moved by T. S. Mandowoub, seconded by A. Ritchie "That all families affected with the Disease called Itch, be supplied with the necessary quantity of Cotton, Soap, Carbolic Acid etc.; and that the Agent retain the cost from their share of Interest Money next Pay Day."

Certified Correct — Carried.

The reason that I asked the Council to pass these Resolutions is that neither the Doctor nor I can get the Indians to attend to the proper washing of their clothing, and bathing of their bodies.

As they have not the necessary changes of clothing, I think it best to procure it for them and make them pay for it out of their Interest Money. The expense for clothing will not be great.

I would recommend that the proposed arrangement be authorized by the Department and I hope to have the trouble remedied before the School opens again after the Summer Holidays.

Sir,

I have the honor to state that T. J. Wallace has a great deal of trouble to secure the attendance at School of a child named Jerry Ahonoqnot. The child is an illigetimate is 13 years old and has lived all his lifetime with Band No. 7 Elijah Ahonoqnot- his daughter is mother of the child - His attendance at School has always been very irregular. Three or four years ago a complaint was laid against Elijah Ahonoqnot by the Truant Officer on account of the irregular attendance of this same boy. He was summons to appear before me, but did not appear. I had a Conversation with him, he promised to send the boy more regularly I let him of by paying $2.00 expenses of the Truant Officer. The child has attended school fairly regular until the end of the last quarter.

On the 22 ult. the Truant Office again laid information against him. Elijah for the same offence. Being busy in the Office I left the matter over until after Pay Day -

He & two witnesses were summons to appear before me on the [redacted] inst; neither he nor witnesses appeared

As it would be a bad example to the rest of the Indians to try to make a Settlement with him. I would request the Dept to kindly inform me what further steps I should take in the case. I enclose herewith a copy of the attendance of Jerry Ahonoqnot for Oct last.

SCHOOL BRANCH 1910

Sir:—

I have the honor to state in reference to the case of Band Rs. J Elijah Ahonoquot, that as instructed by the Dept. I issued a warrant and secured his attendance on the afternoon of the 26th inst.

He acknowledged the offence of neglecting to cause the child Jerry Ahonoquot to attend School, in accordance with regulations re. education of Indian Children.

I heard the case— Ahonoquot stated in his own defence that the child had been sent to school, most of the time that he was marked absent on the School Register.

That he was an old man and could not provide for the proper education of the child; he wished the Agent to request the Dept. to relieve him from any further responsibility in regard to the Childs education.

The other evidence heard strongly supported the defendants Statement.

As the defendant dissobeyed the summons served on him in the first place and had

and had to be arrested to secure his appearance, and as he was guilty of the offence I adjudged him to pay a Fine of $2.00 & Costs. and gave him one week to pay it in

I cannot advise the Dept. to relieve Elijah Ahonoqnot of the responsibility of the education of Jerry Ahonoqnot, who is not more than 14 years old. It would be a bad precedent to others.

The Boy will certainly have to earn his own living and I would suggest that the Teacher, by certificate, relieve him from attending School while he is at work this would compell him to attend School, when not at work

I will forward the fine to the Dept as soon as I receive it.

Chippewa Hill, Nov. 26th, 1910.

This is to certify that I have had charge of French Bay Indian school for almost eleven years, and during all this time I have never once refused to excuse a pupil from attending school when asked to do so by a parent or guardian.

This is also to certify that Elijah Ahmmequot and his boy Jerry were not moved to the Sauble when my Truant Officer laid the information against Elijah Ahmmequot nor for some time after.

This is also to certify that Elijah Ahmmequot was arrested against my wishes so expressed to Mr. Scoffield in writing, as we realized no good results would follow from the arrest, but that it would engender and create ill-will and animosity against the teacher and his family when the arrest was not made at the time of the trial.

Saugeen Indian Reserve,

Sec. Dep. of Indian Affairs, 15 3978-1
Ottawa, Ontario.

Dear Sir, —

On passing the Agent's office this evening at Chippewa Hill, Your Agent, Mr. Scoffield called me into his office. On going in I found Constable Henry Ritchie there and with him Elijah Ahmmequet whom he had arrested under Mr. Scoffield's warrant for not obeying a summons issued by the Agent some time ago re sending a boy to school of whom he is the guardian.

The Agent led me to understand that the said Elijah Ahmmequet acknowledged his fault and had requested the Agent to report a line of defence to the Department, coupled with a request to have the fine remitted and the Department to relieve the said Elijah Ahmmequet of the duty of sending the boy to school any longer.

As your Agent knows little about the history of Elijah Ahmmequet's case except the version given by Elijah himself, it seems to me a short synopsis of Elijah's course re school matters will enable the Department to decide this matter, not in the best interests of Elijah but in the best interests of French Bay school and the schools in general on this Reserve.

1, This is his second offence in disobeying a summons re the education of his children.
2, During my 11 years experience in French Bay school, he has given continuous trouble re educating his children.
3, He has raised a family of 3 boys and 6 Girls all, almost destitute of education.
4. Every possible means was used to get him to obey the Law prior to his being summonzed.
5, He willfully and persistently endeavoured to over-ride the Law and ignore it evidently his aim being to break the Law down and discount it entirely.

ARCHIVES PUBLIQUES

6, He failed to over-ride the Law, and now when he discovers his failure, he attempts to snatch a victory by cringing and pleading for sympathy.

7, He has no necessity for contributing towards the support of any of his legitimate children as they are all grown up and should be able to look after themselves. He has his wife and the boy Jerry an illegitimate son of Elijah Ahmoweets own daughter and on whose account he was summonzed. Thus his family consists of 3 including himself.

8, Mrs. Angus Nashkawa, the mother of the boy Jerry, informed David Root, my Tmant-officer, that she requested Elijah Ahmowequet and Mrs. Ahmowequet (her father and mother) to give the boy up to her and her husband and they would keep him and educate him. Elijah Ahmowequet and Mrs. Ahmowequet refused her request.

9, It is said the boy Jerry was sent to school one week but failed to come. I know that he was out of school Monday, Tuesday, Wednesday and Thursday. On Thursday evening my Tmant officer reported him to the Agent, and the next morning, Friday he was at school bright and early. He then came the following Monday, Tues. Wed. and Thursday. As Elijah had not yet received his summons, imagining the affair had blown over the boy Jerry was out of school again. A few days after this Elijah received his summons which he entirely ignored. His daughter, (the boy's mother) and her husband were summonzed as witnesses. They ignored their summonzes too.

10, Five of Elijah Ahmowequet's children including Jerry the boy in question, attended my school in their time 3 were taken out of school under age, one died and now Jerry is sought after to follow the same course.

11, Jerry is a member of my 2nd Part class, and poor at that,

12, I attempted to get Mrs. Elijah Ahmoogeut to send this boy Jerry to school when he was over 6 years of age. My Truant Officer came to me and reported that Mrs. Ahmoogeut declared to him that Jerry was only 3 years old. The Truant-Officer told me then that he himself knew Jerry was about 7 years old.

13, Taking the children out of school all too soon is a great evil in these schools and to my mind should be discouraged.

14, It requires some moral courage on the part of a teacher to brave the ill-will of these ignorant parents who refuse to properly educate their children. Fortunately these ignorant ones are in the minority.

These facts are submitted for the consideration of the Department. The Agent's report may not reach you until later.

It will be in the best interests of my work here for the Department to consider this report as confidential unless it becomes a necessity to return a copy to the Reserve. In such case I am prepared to substantiate every statement it contains.

Sir,

I have to acknowledge the receipt of your letter of the 28th ultimo reporting the arrest and conviction of Elijah Ahonoquot for neglect to send his grandchild, Jerry Ahonoquot, regularly to the French Bay Indian school.

In reply I beg to say that the Department wishes you to see that the fine and costs are paid and forward it here. You will be good enough to inform Ahonoquot that unless the boy is sent regularly to school in future the Department will have him committed to an industrial school under the Regulations relating to the Education of Indian Children. The teacher of the school will be requested to furnish the truant officer with a weekly record of the boy's attendance and you should instruct the truant officer to report to you for the information of the Department whether this boy is attending regularly or not and if absent for what cause.

Sir,

I have to acknowledge the receipt of your letter of the 26th ultimo in regard to the case of Jerry Ahonoquot whose grandfather, Elijah Ahonoquot, was arrested and fined for neglecting to send the boy regularly to school.

In reply I have to inform you that it is not the intention of the Department to remit the fine imposed by the Agent in this case, as the Indians must be given clearly to understand that it will not permit parents or guardians to neglect the education of their children. The Department wishes you to furnish the truant officer with a weekly report on this boy's attendance and the Agent has been instructed to see that the Regulations are strictly complied with.

Mr. David Root,
Truant Officer,

Dear Sir,

The Indian Department at Ottawa sent me the following instructions re Jerry Ahmoowequot,

" The Department wishes you to furnish the truant officer with a weekly report on this boy's attendance and the Agent has been instructed to see that the Regulations are strictly complied with."

I beg to inform you, that, since this boy's guardians, Mr. and Mrs. Elijah Ahmoowequot, absolutely refuse to send the boy to school as stated to you by them in person and as so reported to me by you, there is no use in me making weekly reports to you concerning the boy's attendance after this.

You are instructed to report the circumstances to the Agent. When doing so, state to the Agent that Mr. and Mrs. Ahmoowequot now claim that the boy is Seventeen years old.

Having now carried out my instructions I leave the matter in the hands of the Agent

Sir:—

I have the honor to state in reference to official letters and my letter of Nov 28 th/10 re Elijah Ahonoquot-Band no 7, neglecting to send Jerry Ahonquot to School.

I would inform the Dept That Jerry has not attended school one day this quarter, He has not been legally excused; he is not circumstanced so that he can claim an excuse under clause 3 of the Compulsory regulateons

Band no 7. is guardian & grandfather of Jerry, and has been fined for said neglect, but has not paid the fine as he promised to do. At the trial he asked that the Dept relieve him of the responsibiley of educating the child.

He was notified that the Dept refused to relieve him, and that he was expected to send the child to school tell he was 16 years of age. Band no 7 now claims

Band No 7 is an old man and I cannot collect a fine from him of sending him to prison The cost, would be considerable and he has the sympathy of the Band.

Before proceeding further I decided to report the matter, and have the advice of the Dept. as sending him to jail I think is the next thing that can be done

I enclose herewith communications that will show the actions of the Teacher I. J. Wallace in the matter.

DEPT OF IND. AFF. APR 28 1911

[redacted] Chippewa Hill, 38/1932 21st, 1911.

Sec. Department of Indian Affairs,

Ottawa, Ontario.

Dear Sir,

My Truant Officer came to me yesterday and informed me that your Agent-at- Chippewa Hill has arranged to relieve Jerry Ahmmoquat from going to an Industrial school as directed by the Department and instead he is to be allowed to attend French Bay school. ~~instead~~.

I have not been consulted in respect to this arrangement, and I strongly protest against it. I have exhausted my ingenuity in a vain attempt to manage this boy and unless peremptorily ordered to do so by the Department I shall not admit him to my school at French Bay. If this boy is permitted to give all the trouble and annoyance he has done and then is permitted to turn the whole business into a burlesque, it is simply useless for a teacher on this Reserve to attempt to enforce the Compulsory Act. Any pupil may give all the trouble possible and then when all arrangements have been completed and said pupil has exhausted every means of opposition and annoyance simply promise to attend the Reserve school and he is turned loose to follow his old tactics and thus the moral lesson is lost so far as others are concerned,

the [redacted]cher has been discounted and his hold on refractory pupils vastly impaired and the authority of the Department set at naught.

The point to emphasize is this, "Our object is not simply to look to Jerry Ahmmungwut's well being, but to have in mind the great moral lesson we are anxious to teach both pupils and parents and guardians that the Department is determined to see that all Indian children shall be properly sent to school and educated and that no shuffling or avoidance of this regulation will be tolerated by the Department.

As I am entirely responsible for the discipline, success and well being of French Bay School, and as my eleven years of faithful endeavour has not been entirely void of some little success, I trust the Department will see its way clearly to meet my wishes in this matter.

Shall be pleased to hear from the Department addressed to myself as soon as convenient

Sec. Dept. of Indian Affairs 382371
Ottawa, Ontario,

Dear Sir,—

As considerable discussion is being carried on re the legality of the Departments action in committing Jerry Ahmmegunt to an Industrial School and as to my authority in refusing to re-admit him as a pupil in French Bay School, I wish to lay before you a history of the Elijah Ahmmegunt business from the outset up to the present time in order to show the Department that both its action and mine are well and strictly within the Law. In this history I have well in mind Sections 9 and 10 as quoted in your letter to your Agent at Chippewa Hill.

Elijah was 1st summonged March 5th, 1908 to appear March 7th. He entirely ignored this summons.

Elijah was summonged 2nd time Nov. 5th, 1910 and at same time Jerry's mother (Mrs. Angus Nashkawa) and her husband were summonged as witnesses, All three entirely ignored their summonses and not one of the three appeared.

Elijah was arrested and appeared at Agency Nov. 24, 1910 but not one cent of expenses was charged against him by the Indian Constable or by the Agent. Simply a farce.

On or about Dec. 6th, 1910 Department wrote Agent that Jerry would be sent to an Industrial school if he did not attend the Reserve school at once. This was notice of intention to commit Sec. 9.

Your Agent, through Henry Ritchie (constable) notified Elijah of this intention and read and interpreted the Dept. letter to him, and to me as well, on Dec. 12th, 1910, over 4 months prior to the Department's committing him and no objection registered in all this time see Sec. 10,

Elijah Shawnegut came home from the Saddle with Jerry and I immediately sent my Tenant Officer to him and notified him that Jerry would be arrested and committed to an Industrial school if not sent to French Bay school at once. Elijah absolutely refused to send him and stated that Jerry was 17 years old when as a matter of fact he was not yet 14 years old. Here untruthful assertions are added, to exaggerate his disobedience. This was the 2nd notice of intention to commit, see sec 9: fully 2 months and over prior to committal and no objections registered in all this time, see sec. 10.

Agent received papers in March from Department and instructions to have said papers properly filled up, Jerry medically examined and removed without delay to Brantford Industrial School. If Elijah refused to sign said papers, Agent was charged to commit by Sections 9 and 10 of the Regulations. Henry Ritchie (Constable) Carried these papers in his pocket until April 7th, 1911, when he called on me and informed me that Jerry's mother (Mrs. Kashkewa) had consented to sign the papers and had done so that day viz April 7th. 3rd notification of intention to commit, see sec. 9 and 10 of Regulations.

On April 18th, 1911 eleven days after this, the first objection from any source was registered, see Sec. 9 and 10 as to 4 days.

Now I submit; Jerry was removed by the Department, from my jurisdiction on the day Agent received instructions and papers for Jerry's committal and forfeited all right to entering any school on the Reserve on and after said date, Your Agent contrary to his instructions allowed him to attempt to enter my school. Twice I turned him away 1st on April 24th, at 10 o'clock and over 5 hours and one-half before the Agent communicated or mentioned his proceedings to me. Agent allowed him to make a 2nd attempt, I again

turned him away and as his conduct has been so vicious and as he has many times during my absence at the noon hour taken from 3 to 8 and 10 of the smaller pupils away with him and as his conduct has a very demoralizing influence on the entire school I cannot allow him to attend this school so long as I am in charge of it. This Elijah Ahwinquat and his family have made trouble for me now for over eleven years, and in ten days this same Jerry would be practising his old tactics did he get an opportunity. As to section 15 of the Regulations — I interpret it thus: —— Where a case presents extenuating circumstances or redeeming features the Regulation would apply, but the circumstances and features in this case are overwhelmingly against the application of section 15.

Evidently your Agent knew it was unfair to me to have this boy admitted to French Bay school again as you will see from the following verbatim Exctation of his letter of 24 inst to me, yet he is permitted to come for another attempt the following morning. "You refused to have him there. I do not wonder at it" In fact I will enclose the Agent's letter to me in its entirety.

I beg to submit that inasmuch as the Department has followed a correct, straightforward and business-like course in this case throughout, Your Agent should be compelled to carry out his instructions in a business like way. I have given my best efforts and thought and time to my work here, I have set the pace for the Reserve but my efforts have been, at times, nullified by the shuffling, hesitating policy of your Agent. Nothing but a vigorous policy, fearlessly enforced is of any value in educational matters on this Reserve.

Sir,

I have to acknowledge the receipt of your letter of the 29th ultimo with enclosures in further reference to the attendance of Jerry Ahonoquot at the day school.

In reply I beg to say that the Department gave this matter very careful consideration, and in view of the definite promise made by the parents it was decided to withdraw the order for commitment. The boy must be given the privilege of attending your school upon the conditions laid down in letter of May 2nd, last, i. e., that he give you no trouble whatever while at the school or going to and from. Had the Department been made aware in the first place that this boy's character while at the school was altogether unsatisfactory different action might have been taken. However, in view of the fact that the Department has given its word that he will not be committed provided he attend the day school and his conduct be satisfactory, I must ask you to again enroll him as a pupil upon trial.trial.

Sir:—

I have the honor to acknowledge official letter re Jerry Shenoqnot In reply I would inform the Dept: that the extra condition imposed on the boy is accepted by his friends who have promised to do all they could with the boy that he may be no trouble to the Teacher. The boy has also promised to do all he can but claims that the Teacher does not treat him as he should And it is well known how easy it is for a Teacher to find fault and complain of a pupil with whom he is dissatisfied and I am convinced it will not be long before the Dept: will have a complaint from the Teacher, against him if he admits him to school at all, I form this opinion by the way the Teacher treats people generally

It is my opinion that the Dept might as well commit him at once to an Industrial, School.

Dear Sir,—

I beg to inform the Indian Department that Jerry Ahmmequot's friends have broken their solemn promises to send Jerry to school regularly according to the Regulations, three times in succession already. Sending a boy regularly according to the Regulations means sending him every day, "for the full term during which the school is open". see Regulations section 1. "The school must be opened and closed punctually at the hours ~~appointed~~ approved of by the Department" see Instructions To Teachers, Page 1. Quarterly Report. The hours approved of by the Department are from 9 o'clock in the morning of every legal school day until 4 o'clock in the evening. Each school day to consist of two sessions viz 9 A.M to 12 A.M. and from one P.M to 4 P.M. Every teacher being vested with the authority to refuse to admit a pupil to take a seat in the school-room who is not in his or her seat at the opening of the session viz 9 o'clock A.M. and 1 o'clock P.M.

and always has been, Jerry's pet methods of annoying the teacher. An appeal to his friends only caused the offensive habit to be aggravated. When I had exhausted all my powers of moral suasion in an effort to correct Jerry's bad habits as a last resource I used the switch. On this being done Jerry's grandmother, Elijah Ahwonogust's wife, actually came into my school and abused me first in the Indian language in the presence of the entire school while the school was in session. Not content with this method of abuse she finally assaulted me and I was compelled to eject her from the room. She refused to go until I was forced to remove her by force. The Department will clearly understand that I am prepared to prove every statement I shall make in my letters. I have been working throughout for this boys good and the good of the community. In his present environments I can do nothing to prepare him to become a useful citizen. At the very best you cannot hold him in this school long enough now to do him much good. His friends promises are not worth the paper they are written upon, and no man knows this better than your Agent, for he has tried the promise time and again at Scotch settlement under Mr. Burr. I never allowed it here.

I am convinced the officers of the Brantford Institute will use Jerry well, will do all possible to give him an education and to make of him a useful citizen. My only hope for Jerry is to have him removed from his present environments and away from these new friends and placed in some Institute where he will be under kind but firm restraint. The very best Indian parents on this Reserve exercise no control over their children, give them no moral training whatever. Young girls and boys of tender years will leave home and be away for days and the parents know nothing of their whereabouts or what they are doing. The only person on the Reserve who exercises any control over them for good is the teacher. The Agent seldom or never comes in contact with them and they fight shy entirely of the Missionary. The teacher, in day school and Sabbath School comes in touch with their young lives and is the only hope for their uplift. The teacher must be kind but always firm. His authority must not be impaired or his hold on the children is gone. Let me cite a concrete case. Last Saturday and Sunday it was circulated broad cast over this Reserve

that the Department would not allow Wallace to send Jerry Ahmmoqwut to Brantford and that the Agent was going to send Wallace away and get another teacher. Now I have not had a case of hookey for months until this week. No less than six boys played hookey this week, a direct result of the above report.

Now allow me to prove to you how Jerry's friends broke their promise from the moment they tried to get Jerry re-instated into French Bay school. Please do not misunderstand as I never make pretenses. Elijah Ahmmoqwut started out with the sole purpose of overriding the Compulsory Law and openly and brazenly bragged that he would do so. I simply said nothing but kept the law after him as he drifted towards the rocks. He was doing the very thing I desired he should do, otherwise I would be compelled to expell Jerry from the school for the sake of the other pupils. The action of the Agent re his friends solemn promises carried out without my knowledge, and without giving a correct and full report to the Department brought, in good faith by the Department, an answer adverse to my plans for

the [redacted]s welfare.

Jerry was brought to my school the first morning April 24th at exactly 10 o'clock. I refused to let him take his seat. School had been open one hour. He did not return for the afternoon session. I gave no reason for my refusal to the friend who brought him. The 8 and 9 o'clock bell had been rung. All knew the hour for opening school.

The next morning another friend brought Jerry at exactly 15 minutes after 10 o'clock. This time he came from the home of his aunt who is living in a state of adultery and fornication with the friend who brought Jerry to school. Jerry had about 40 rods to come from this home. Again both bells 8 and 9 rang out. I again refused to allow him to take a seat. He did not come for the afternoon session nor did he come again until May 1st. Another friend brought him the 3rd time. Late as usual. I refused him a seat and he has not been back since.

Elijah Shumnegut or his friends had evidently no intention of fulfilling either the letter or the spirit of the Law. The soul object was to override the law in some way. My truant officer laid the information against Jerry's Guardian on October 20th, 1910 over six months ago. Six months lost on Jerry's education.

Jerry [redacted] now over 14 years of age. If it takes six months to handle a change of this kind where the Law and Regulations are clearly stated and where plain and imperative instructions are given by the Department for the Law to be strictly complied with, it seems to me that Jerry will be over school age before the Agent could get another information dealt with.

His friends have now had another chance to act squarely and honorably but have sadly failed. I can prove the charge herein laid, by my truant Officer who was watching the case carefully and by others as well if necessary.

Sir,

I have to acknowledge the receipt of your letter of the 6th instant, and in reply I beg, to say that the Department desires you to give Jerry Ahonoquot and his friends every chance to make good the promises that they have made to the Department. It is not considered that you should refuse the boy admission to the school because he came late in the morning, but he should be allowed to take his place in the class-room and the facts may be then reported. In refusing the boy admission to the school-room you virtually exceeded your authority, as there is nothing in the school regulations or in the regulations of the Department that provides for this. Mr. Scoffield has been instructed that the boy is to have an opportunity during this month to make good his promise and it is expected that no obstacles will be placed in the way by you. Should his action and conduct during the rest of the month not be satisfactory the Department will take the necessary steps to have him committed.

Dear Sir,

I have to acknowledge the receipt of your letter of May 12th re Jerry Abramovent.

In reply I beg to say that Jerry has been enrolled since May 15th. Your reference as to me placing obstacles in his way instead of angering me, proved rather amusing. Why I should place obstacles in Jerry's way is a mystery to me. I can assure the Department that I am keeping perfectly sweet in so far as any instructions I may have received from the Department is concerned. Rest assured Jerry and his friends shall receive from me every assistance in order to enable Jerry to make good his promise and I shall be delighted at his success.

On April 4th 1910 the Department wrote me as follows:- "In view of your lengthy and satisfactory services at this school &c. &c. The Department trusts that you will be able to maintain the high standard at this school, which now compares favourably with the white schools in your district." I have acted throught this Abramovent incident simply and solely with a view of meeting the wishes of the Department as expressed above. This school has steadily improved since that date up to a few weeks ago when this trouble was

Dear Sir,—

Please find enclosed copy of report sent by me to the truant officer this evening.

You will notice mention made in said report of one Isabella Ayahbah a little girl about 8 or 9 years old daughter of Hiram Ayahbah of Scotch Settlement. Her guardian at present is one Joseph Root son-in-law to Mrs. Ayahbah, who resides in French Bay section. She gives no trouble at school when she comes and is a nice little pupil only for this one bad habit of running away. Her guardian is acting very honourably towards the teacher in this matter. He came to me for advice. He informed me that the child was found at 11 o'clock in the night in the bush on the road-side and sleeping soundly. He brought her to school himself last Monday. She came every day this week and punctually at 9 A.M. I referred him to Mr. Scoffield. I promised to report the facts as communicated to me to the Department.

Your humble servant.

P.S. No reply necessary in this case in so far as I am concerned.

Dear Sir,

As per instructions contained in Departmental letters as follows:- May 2nd 15-3978/1. May 6th, 15-3978/1, May 15-3978/1 I make the following report on the action and conduct of Jerry Shawnoquet during the balance of the month of May. (See letter of May 12. 15-3978/1)

When Jerry was admitted on May 15 I had your letter of May 2 read to him and interpreted by truant officer. It was impressed upon him that he must be at school at 9 o'clock, that he must give no trouble in school or going to and from school. That he must attend to his work at school and obey his teacher. He came to school eleven days in all. Eight days he came in late, three days he came on time. Mr. Scoffield visited the school on May 29. He asked me if I would allow him to speak to Jerry I said most assuredly. He then gave Jerry a lecture and told him he would have him placed in some Industrial School if he did not get to school in time &c. The truant officer being present interpreted to Jerry what the Agent had said. Jerry was not very seriously impressed for he came blundering in

the very next morning late as usual. Jerry does no work in school. He simply lolls around in his seat and keeps all the little ones within reach from their work. I had to take his knife from him to save his seat. He will not go home when dismissed but generally goes to the lake. On one occasion he asked me to go home at 3.30 telling me that Angus Washkewa wanted him to plant potatoes. I gave him permission to go. Instead of going home he walked out of the school-room and direct to the lake not even attempting to do it on the sly.

In conclusion, The boy's action and Conduct from the teacher's point of view has been very unsatisfactory and injurious to the general welfare of the school.

ACCOUNTANTS JUN 14 1911 BRANCH

Sir,

The teacher of the French Bay school has brought to the attention of the Department the case of Isabella Ayahbah, a girl about eight or nine years of age, daughter of Hiram Ayahbah of Scotch Settlement. It is reported that this girl is in the habit of playing truant and that on a recent date she was found asleep on the roadside at eleven o'clock at night.

It might be considered advisable to place this girl in an industrial school and I would ask you to report upon the circumstances.

Sir,

The following is my report for month ended 31st May

Number present from school on:—

Monday — 5 pupils
Tuesday — 5 "
Wednesday — 7 "
Thursday — 5 "
Friday — 8 "

Names as follows:—

Ephraim Knapp — 4 days
Isabella Elijah — 5 "
Thos. Pennington — 1 " played hockey
Peter Cook — 2 "
Andy Cook — 4 hockey all week
Alfred Hancock — 2 "
Victoria Stevens — 5 "
Carrie Mitchell — 2 " hockey
Evaline Smithens — 1 "
Ida " — 1 "
Michael Powless — 1 "
Peter " — 1 "
Leonard " — 2 " run out-10 days, the limit.
Patty Stevens — 2 "

I have just excused one pupil for one day this quarter. Those others were asked to be excused. I do simply as they like. I had playing hockey entirely stamped out until the Glimmering just incident removed all fear of being sent to an Industrial School. The pupils now seem to think they can play hockey with impunity. They may get a free before long. I hope they do.

I beg to state in reference to the child Isabell Ahyahba that she is the daughter of Band No 11 Miriam Ahyahba Her mother died when she was a few weeks old, She was adopted by John Rashkawa No 88. by request of her mother before She died When the childs eldest Sister married Joseph Root Band No. 194. Isabell was transfered from the Rashkawa family to Root where she now lives.

I interviewed Root in the matter. He tells me that he cannot control the child but would be glad if she was sent to An Industrial School

I would recommend that the Dept authorize that She be sent to an Industrial School

Report No. 2

Sangeen Indian Reserve.

Chippewa Hill, June 24, 1911.

Secretary, Department of Indian Affairs

Ottawa, Ontario.

Dear Sir,

Acts

385356

As I will not have time the latter part of next week I take this opportunity of reporting on the conduct of Jerry Shunnaquot for the month of June. I bore with Jerry's conduct and disobedience throughout the month of May in order to avoid any appearance of placing obstacles in the way of him making good his promise re regular attendance at school. His coming in at any hour of the forenoon had demoralized the whole school until no fewer than 16 pupils came in late on the morning of June 2nd, some coming in as late as 20 minutes to 11 o'clock. The thought pressed itself upon me that the Department concluded that if it compelled Jerry to attend school I was quite capable of managing him when he did come. In this the Department made no mistake so long as I was not interfered with from outside sources. Accordingly on the evening of Friday June 2nd, I informed the school that beginning on Monday June 5th, I would whip every pupil who was not in his or her

place in the school-room when the nine o'clock bell ceased tolling. Moreover I informed Jerry that henceforth every time he failed to have his school work done in proper time and every time I found him interfering with other pupils in the way of keeping them from their work I would punish him severely.

On Monday morning June 5th. Jerry came in late. I made good my promise before I allowed him to take his seat. The next morning June 6th. Jerry came late again. This time I took Solomon's advice Proverbs 19:18. Jerry soon realized he was late for school. This caused Jerry to consider the matter and to such good purpose that he has never been late one solitary morning since, nor have I had a single pupil late since June 6th. That is not all. I have had no trouble with him for idleness &c. I have not had to touch him since for any cause. Not one syllable of complaint has reached me from any of his friends touching my treatment of him. I have a diligent, obedient and punctual pupil in Jerry now and he will come regularly so long as he fears being sent to an Industrial School.

The attendance the week ended last night has

been the best since the second week in June.

There are a few boys who are giving considerable trouble in respect to irregular attendance. It is so near vacation now that it is not worth while taking any action until after the holidays. I find that the fear of being sent to an Industrial School works far better than fining the parents as it touches both pupil and parents and thus directly aids the parent though the Indian parent fails to comprehend this aspect of it. When the Department gives a parent personal notice of intention to commit to an Industrial School a certain pupil or pupils if not sent to school regularly unless excused as the Law provides ninety-nine times out of a hundred the trouble ends right-there and the so mentioned pupils are sent to school right along after such notice is served. It saves putting the parent to expense as well.

Secretary, Dep. of Indian Affairs,
Ottawa, Ontario,

Dear Sir,

385358

Some time ago I sent the Department a report re one Isabella Ayaabah formerly of Scotch Settlement, later adopted by one Joseph Root who is now the child's guardian and who resides at French Bay. When I sent my previous report the said Joseph Root was desirous to have the little girl sent to an Industrial school and the said Joseph Root informed me that Hiram Ayaabah the child's father was also anxious to have her sent to an Industrial School. The child ran away and was out of school the week beginning May 1st, again the week beginning May 15th again the week beginning May 29th again the week beginning June 5th again the week beginning June 12th, in all five weeks. Joseph Root, her guardian, brought her to school again on last Monday June 19th and she has been in school all week. Her guardian Joseph Root, when I sent my first report, lived back in the bush and the child had no company coming to or going from school. He has now moved out of the bush where the child has company to and from school. He informs me he is going to build near the school house and therefore thinks with my assistance he can keep her in school and would like if the Department would permit him to keep her until he makes another effort along these lines. Hiram Ayaabah, the child's father, also called on me last night, June 23rd, to urge the same thing. He informed me that Mr. Scoffield had received a letter from the Department requesting a report on the case and that Henry Ritchie had informed him that the Agent wanted to see him. He said he had not gone to see the Agent but promised me he would go to-day June 24th. These people are trying to

do the best they can in my opinion in regard to getting this little girl to school. If their request meets with the approval of the Department I shall be pleased and I shall do all I can to assist them in carrying out their good intentions. Note further, that from their new residence the child will be within full view of the school and the teacher's residence from she leaves her own door and also in full view of her own people until she enters the school-room.

Would be pleased to have a personal reply from the Department concerning this child's case.

Dear Sir,
Allow me to report & file with the request that you report to the Department that Elijah Cook's two boys Pelet and Andrew are not attending school with any degree of regularity. We have used our best endeavours to induce him to comply with the law to no purpose. Once already we have summonsed and fined him. To my mind the only course open now is to have the boys committed to an Industrial School as the parents do not seem to be possessed of enough intelligence to appreciate the value of an education. They are two bad boys and are learning all kinds of bad habits and will be eventually a menace to the Reserve.

Dear Sir,—

I beg to inform the department that Jerry Ahmoquet has not been in school since Christmas. He persistently refuses to attend school. The truant officer has called upon his Guardians and friends, who signed the written promise that they would send him regularly, to no purpose. I refused to report him in the December Quarter in the hope I could induce him to attend more or less regularly this winter. He did remarkably well in his studies up to December, being about ready to enter the 4th Standard. Infact in order to encourage him I promoted him into the III reader just before Christmas intending to give him special and individual attention as far as possible.

I understand Elijah Wahbagoma's two boys Peter and Andrew have been committed to an Industrial School. Neither of these two boys have been in school since Christmas. The father was notified of the commitment and informed that if the children were subsequently sent regularly to school, the

order of commitment would not be pressed. This was done with my approval. Instead of taking advantage of this offer, the parents closed up the house and I am informed went to the vicinity of Paisley. If the Department can find room in any one of our Institutes for these two boys, in my opinion, these two boys should be at once removed from the custody of the parents and placed in an Institute at the earliest possible moment regardless of cost. These boys, especially Peter, the elder one, is incorrigible. They will be back in the spring, three months older and more confirmed than ever in their evil habits to sow the seeds of evil in the minds of other children. This will be nothing short of a calamity.

Ahmoosenut is a big fellow now and will be 15 years old soon, hence little can be done for him by the Institute. These boys of Wabagoon are still redeemable if placed under proper restraint apart from their home environments.

Please note — The utmost harmony exists between the teacher and Agent re this matter.

Your humble servant

I have the honor to state in reference to the boys of Elijah Wabegona Band No. 139. that as instructed in Official letter of Dec 7th last. I communicated with the Rev. Principal of Mount Elgin Institute. requesting him to forward to me Forms of application as soon as a vacancy in his Institute occurs. but I have not yet received a reply.

Since my letter of the 1st of Dec last Wahbegona returned to the Reserve & has taken his wife and family away — I do not know where they are at present. If the boys are sent to an Industrial School. They will have to be arrested, as their parents are not in favor of parting with them.

I think that the teacher, is right stating that it would be in the best interest of the children to have them sent to Mt. Elgin Institute

Dear Sir,—

I beg to direct the attention of the Department to a Resolution passed by the Sanguen Indian Council of the Sanguen Agency in the matter of appointing Thomas Wahbezee to be Tmant-Officer for the French Bay Indian school of which I am the teacher in charge.

Just when said Council passed said Resolution I know not neither did I know that such a Resolution had been passed or the matter of a Tmant-Officer interfered with until this afternoon.

I take this, my earliest opportunity, in order to protest against the appointment of Thomas Wahbezee as Tmant-Officer of the Indian School at French Bay for the following reasons, viz.

1st Thomas Wahbezee cannot speak the English Language neither does he understand it when spoken by another, hence as a Tmant-Officer he is of no use as the teacher cannot communicate with him.

2nd, He was Tmant-Officer of French Bay School for some time about four years ago & Hereabouts

and his conduct was so detrimental to the best interests of the school that the late Mr. Scoffield dismissed him. Every time he entered the school-room the teacher was compelled to cease work entirely until he saw fit to leave owing to a habit he persisted in of running about the room talking to the pupils in the Indian Language the confusion rendering work impossible. Both Mr. Scoffield and the teacher instructed him not to do this. The Agent, on two different occasions, when complaint was made, sent for him to the school and with the aid of an interpreter gave him full instructions as to his duties the last time warning him that his prompt dismissal would follow any departure from the instructions then given. He still persisted in disobeying the warning and prompt dismissal followed.

3rd, His advanced age renders him entirely unfit to discharge the duties of a Truant Officer.

4th, He is a disagreeable, cantankerous, quarelsome old man with whom no one can get along. His wife cannot live with him and has been separated from him for some years.

5, The Teacher at French Bay (J.J. Wallace) did his utmost to try and get along with him

and did put-up with him as long as it-was possible to endure it, when endurance failed, Mr. Scoffield dismissed him and appointed David Root in his stead. David Root gave good satisfaction until total blindness about 12 months ago rendered him unfit to do the work. Mr. Scoffield and the teacher consulted and Joseph Mitchell was permitted to act as Instant-Officer under David Root. The Agent and the teacher agreeing to let the matter so rest until we could ascertain from actual practice as to the wisdom of appointing Joseph Mitchell permanently. Joseph Mitchell has a white man's command of the English Language, is an intelligent, agreeable and active Indian, and has proven himself after a long test to be the best Instant-Officer I have ever had as yet. He is non-treaty but his wife is treaty. Some of the Indians claim that being a non-treaty Indian bars him from holding the office of Instant-Officer. I fail to find this bar in the Indian Act or in the Compulsory Act. Had Mr. Scoffield been aware of what the Council were doing he would not have permitted it for one moment. He knew nothing of it as he was so unwell his

son kept all business away from him by his physician's advice. The Indians took advantage of this to get this Resolution slipped quietly through and sanctioned without the Agents knowledge or mine, knowing full well that the Agent's son, who was doing the business for his poor sick father, would never detect it in time to prevent its sanction by the Department.

For the sake of the school, I humbly beg the Department to appoint Joseph Mitchell as Tenant-Officer and cancel the appointment of Thomas Wahbezee, as, after a long trial, I, as teacher, cannot get along with Thomas Wahbezee as my Tenant-Officer for the reasons above given.

Hoping to hear from the Department at its earliest convenience re this matter — I am its humble servant

Sir:

I have the honor to forward to the Department the Agents Monthly report respecting the Schools on this reserve.

In reference to my remarks regarding the truant officers of the French Bay and Scotch Settlement Schools, I might state that I have brought to the notice of the Council a remedy for the existing trouble, which they have under their consideration, Viz. to appoint instead of three cheap men one good truant officer to do the work at all schools on the reserve. The wages of the three truant officers when taken individually are too small but if the total amount were paid to one man we could expect to get an official who would do the work satisfactorily, for all concerned, instead of the old pensioners who at present hold the offices.

DEPARTMENT OF INDIAN AFFAIRS MAR 5 1913

Dear Sir,—

As requested by your communication of January 10th, 1913. 15-3978/1, I beg to bring to the attention of the Department the matter of the appointment of a truant officer for French Bay Indian School. The new Agent is now in charge.

For particulars please refer to my communication of January 1, 1913.

Permit me to add, that my average is lower this Quarter, so far, than it has been for years. This is due to the fact that Mr. Joseph Mitchell a good and faithful truant officer has been displaced by this poor old man Thomas Wabbezee.

This old man, I am informed, has been presuming to act in the capacity of truant officer since the first of the year. He has not been in my school since Jan. 1, 1913 nor in fact for years. He has not approached me in regard to school matters in any form since the late Mr. Scoffield dismissed him some years ago, nor do I desire him to do so.

I beg to inform the Department that a member of the Saugeen Indian Council one Levi Wesley, solicited me for my consent to the appointment of his brother, William Wesley constable of the Reserve, to be truant officer for the entire Reserve he to have the salaries of the three schools as apportioned for truant officers, that is $72 a year. In my opinion such appointment would be unwise and detrimental to the best interests of the schools. He resides near Elsinore some six or seven miles from my school at French Bay.

Mr. Scaffield always allowed the teacher to name the truant officer for his or her school, He claimed the teacher bore the responsibility for the regular attendance of pupils and consequently should be given a truant officer who would act in harmony with the teacher.

I beg to leave this matter in the hands of the Department. I shall do my best to carry out its wishes and ruling.

I beg to refer the Department to page 7 Paragraph 5 of the Compulsory Regulations re appointment of truant officers. Indian Councils have no jurisdiction. Your humble servant

REMARKS.

The attendance has been irregular the quarter just closed owing largely to the foolish interference of the Indian Council with the truant officer. As your agent has rectified this error we will soon have a marked improvement in the attendance. We have an Indian at French Bay named Peter Moses, non-treaty, with three children of school age and they have not been in school one day this winter. They live one quarter mile from the school. This Peter Moses is a lazy-good-for-nothing fellow whom the Department put off the reserbe but was later allowed to come on again without the sanction of the Department. His three boys take the other children out of school. We should be disciplined in some way. They are a thieving gang.

Motion No 4

Moved by E. J. Wadwishkmund & 2nd by Richard Noon that we request the Indian Dept to grant us the privilege of appointing 3 School Trustees in each school section on this reserve, and also we ask the Dept whether an entreaty Indian can act as truant Officer or one do not approve of the appointment of Joe Mitchell as truant Officer for French Bay school

Carried carried carried

I cannot recommend the first part of this motion as I am not in a position to tell whether It would be wise or not I will be guided by the Dept in this matter, regarding the Truant Officer I went into the matter as there was a lot of complaints that the former Truant Officer was not doing his duty and Mr. Wallace Teacher recommended Joe. Mitchell and he also informs me that his attendance at School has increased since appointing Joe Mitchell as truant Officer but the appointment does not seem to satisfy some of the Indians

I have to acknowledge the receipt of your letter of the 7th instant, with regard to the appointment of trustees for the school sections of Saugeen Reserve and with reference to the appointment of a Truant Officer.

In reply I beg to say, that the Department does not approve of the appointment of the trustees. The fact that Joe Mitchell is not a treaty Indian does not make him ineligible to hold the office of Truant Officer. His appointment must therefore stand for the present.

Extract from Quarterly Return of the French Bay Indian Day School for the quarter ended June 30, 1914.

Original on File 153978-2

I desire to draw the attention of the Department to the fact that we have a family here (Peter Moses, non-treaty, 4 children) that must of necessity be disciplined in some way by the Department. They will not attend school. Both children and parents are a thieving bunch, and all your agent and I can do we cannot get them to do better. They are a nuisance and a disgrace to the reserve and must be removed off the reserve to save the other little Indians from their baneful influences. One of these little boys went to Owen Sound last week, stole a pair of shoes and is now in jail, The youngest boy is aged 7, the eldest about 14. This child of 7 was with the older one stealing the shoes.

Memorandum:

Schools Branch,

If the children referred to in Mr. T.J.Wallace's quarterly return of the French Bay Indian Day School as set forth hereunder do not attend school, action should be taken as set forth in the regulations for compulsory attendance. If these non-treaty Indians have just recently come to the reserve it might be well to have them removed, but if they have been permitted to reside on the reserve for some years I do not think their removal would be the proper discipline for neglecting to send their children to school. I would proceed against them for whatever offence they have committed or whatever regulation they have violated.

Mr. Wallace, teacher of the French Bay Indian School, in his return for the June quarter, last, calls the attention of the Department to the fact that there is a family by the name of Moses, non-treaty, who have four children who do not attend school and are a nuisance and a disgrace to the reserve.

The Department would like to be informed as to how long Peter Moses, the head of family, has been residing on the reserve and what steps ~~xx~~ have been taken to enforce the attendance of the children at school. So long as Moses remains on the reserve his children must be compelled to attend school regularly and you are hereby authorized to put the regulations in force. The Department was especially pleased to hear of the success which has attended your efforts in this regard .It is felt that the training in agriculture, received by the children, should prove of inestimable value to them.

Agent Stout was written on the 2nd, instant, and instructed to have the school garden ploughed this fall, and, if possible, to have manure placed on top of the ploughing. It is hoped that the garden has, already, been ploughed and the Department trusts that the garden, will be even a greater success, if possible, next year.

Sir,-

I beg to say that Mr. T.J.Wallace, teacher of the French Bay Indian School,has reported that Nixy Thompson, a pupil of the said institution, is in a deplorable condition owing to the fact that he is suffering from running sores. The Department desires that you will at once arrange with the doctor to examine this child, as it is said that he should not come in contact with the other pupils. The doctor should give necessary treatment in the case.

Sir:

As you are aware, Mr. T. J. Wallace has been retired as teacher of the French Bay Indian Day School from the 30th of June, last, and it will be necessary to obtain the services of a qualified teacher to succeed him, to begin duties when the school re-opens after the present summer holidays.

I have, therefore, to request that you will endeavour to obtain the services of a teacher having, at least, second class professional qualifications. It might be advisable to consult the Public School Inspector, as he may be able to advise you. If you are unable to obtain a teacher through the efforts of yourself and the Inspector, you may advertise for one for the French Bay School, and also for the Saugeen Village School.

If teachers having, at least, second class professional qualifications are obtained, the Department will allow salary at the rate of $800 per annum, which will be supplemented by any bonus provided by law.

The name, qualifications and experience of all applicants should be submitted to the Department for consideration and approval before the appointment is made.

The matter of obtaining teachers for both the French Bay and Saugeen Village Schools should receive your early attention, in order that teachers can be obtained in time to begin duties when the schools re-open after the holidays.

Dear Sir,

I am sorry that just at present I cannot tell you the schools for teachers. Just now is my busy time. I shall not be on the Reserve. During the year, but next week, I shall not be quite so busy. I certainly hope that for both schools. I fancy a very good plan would be to advertise the schools stating the salary. I do not know what salary the Department propose to give and most teachers wish to know the salary.

I have the honour to inform the Dept. that I have corresponded with Mr. John Mc. Cool, Inspector for this district, with regard to teachers for the French Bay and Indian Village Schools. He informs me that he does not know of anyone at present he could recommend and advises me to advertise.

I would recommend that the Dept. authorize the advertising in two Daily papers for teachers for French Bay and the Indian Village School, stating salary as any qualified teacher in this district demands from $900 to $1200, and I do not think that I can secure a qualified teacher less that $1000 perannum that would be satisfactory.

Sir:

I have to acknowledge receipt of your letter of the 4th instant, enclosing a communication from the Public School Inspector with reference to the obtaining of the services of teachers for the French Bay and Saugeen Village Schools.

In this connection I would refer you to official letter of the 9th instant, in which you were informed that you may advertise these vacancies, as recommended by you. You may place an advertisement in three issues of two daily papers for teachers having at least second class professional qualifications. You should state that the salary offered is at the rate of $800 per annum, supplemented by a bonus of $150 per annum; duties to commence September 4th, next; qualifications and experience to be stated. Applications should be forwarded to the Department before appointments are approved.

We note that qualified teachers in the district demand from $900 to $1200 per annum, but I would point out that the combined salary and bonus offered by the Department, amounting to $950, is considered to be a fair salary, in view of the fact that living quarters are provided for the teachers.

You should place these advertisements as soon as possible, and all applications received by you should be forwarded for the consideration of the Department.

The Indian Department,
Ottawa, Ont.

Dear Sirs:-

Wm. J. McCool, I. P. S. for Bruce East, has informed me that the Indian School at French Bay requires a teacher. Herewith I wish to make application for this school.

With reference to qualifications I have a Third Class Certificate. In academic work I have passed the Lower School, Normal Entrance, Junior Matriculation and Honour Matriculation (French, English and Mathematics) examinations. I have had one years experience under Mr. G. E. Pentland I. P. S. of Cameron Bay.

Yours respectfully,
Thomas E. Little

Dear Sir;-

The Chairman of our Walkerton District has been enquiring about the Teacher for the French Bay Indian School. Dr.Manning is at present in the West, and the records which I have been able to discover would indicate that your Department was to nominate a teacher for this school. I write to enquire whether this information is correct.

I beg also to report that Miss Lillian Jessup has accepted work in connection with the Toronto Public School Board, and feels that she cannot undertake the work at Chemong. We were informed by Miss Brown that there was an Indian on the Reserve who had qualifications, and was willing to undertake this work. I am getting in touch with him and shall report to your Department at the earliest opportunity.

Teacher,- Thomas E. Little.
Salary,- $800.00 and Bonus.
Qualifications, III Professional Graduate from Collegiate Institute.- Passed Upper School.
Success.- Rather youthful and lacking in experience. Does not relish the work enough.

The problem in connection with this school is to secure a good teacher, satisfied with the whole situation and anxious to work for the welfare of the pupils. Mr. Little will not remain longer than June of this year and the Department would do well to endeavour, early in the vacation, to secure a teacher with some ability and experience. The inspector will be on the lookout and will be glad to help to get a teacher capable of doing good work. It is a pity for pupils 15 and 16 years of age to be in the first or second reader. There should be better work done in this school along eduaational lines. The parents need quite a stirring up in order to take more interest in the education of their children.

Sir:

The Department is in receipt of your recent report on your inspection of the French Bay Indian Day School. Your remarks regarding the services of the present teacher, Thos. E. Little, have been considered. We note that he does not intend to remain after the end of the present school year, viz: June 30th, next.

We shall be pleased if you will assist in the obtaining of the services of a properly qualified teacher for this school to begin duties after the summer holidays next. If you will be good enough to bear this matter in mind and recommend a suitable teacher the Department will be obliged. At the beginning of the present school year we had applications from a number of teachers, some of whom were fully qualified, but, upon the position being offered them, it was found that they had secured employment elsewhere. It is considered that Mr. Little should be allowed to remain and continue his duties for the balance of the present school year. It would, no doubt, be difficult to obtain a qualified teacher before the beginning of the next school year. Your interest and assistance towards obtaining a suitable teacher will be appreciated.

Dear Sir, You are surprised in proposing to keep Mr Little at French Bay until June, as it would be difficult to get a teacher for the School then, and probably Mr Little will do as good work as a new teacher. He can teach fairly well, but his heart does not seem to be much in the work.

I shall be very glad to help to get a teacher, but of course, if Department decides one, it will be all the better.

Dear Sir, In reply to your of September 3rd, regarding a teacher for French Bay School, Sangeen Reserve, I shall be very glad to help to get a teacher. I had thought of advertising, but after considering your letter, the teacher must have your approval and if I advertised for a teacher for French Bay School, there might be some confusion. If you advertised stating the term which you state in your letter to me and also that a good dwelling is beside the School, you should get plenty of applications, as qualified teachers are very plentiful this year. A man telephoned to me to-night from Owen Sound on behalf of Wm Stacey Lindsay, a young man of 19 years of age with a district certificate. The great objection to Mr Lindsay and young men like him is that they are anxious to get money for some

purpose, and the only value which the Indian School has for them is the cheque that comes regularly. It may be said, but it seems to me that Mr Little has just kept the school until he was ready to go to university or something else that he had in view. The colleges open in October. He should have resigned French Bay School in June and given the Indian Department a chance to get a teacher, and besides, the Indian Agent should be wide awake to these matters, and look out for the best interests of the school. I have known Mr Saul Putnam for a good many years, and I should rely much for his judgment in choosing a teacher. He could probably choose a good horse if such an animal were needed for any of the schools.

favorable terms and ask applicants to apply either to the Indian Department at Ottawa or to me at Walkerton, I shall be very glad to help. Throughout the holidays, I have had 50 letters or more from qualified teachers, and I might have been able to recommend some of them, had the school been thrown open, which it should have been, as Mr. Little must have known what he intended to do.

There must be, however, a great many teachers without schools, and you may be able to get a suitable person. A regular teacher, who looks upon teaching, and especially teaching the Indians, as a serious business is the one to choose. I shall be on the lookout as your letter requests.

I have your letter of the 4th instant, regarding the appointment of a teacher for the French Bay Indian Day School, on the Saugeen Reserve, to succeed Mr. Thos. E. Little, who is resigning at the end of the present month.

In reply I beg to say that the Department will be pleased if you will arrange to advertise, if necessary, for a qualified teacher for this school. As a residence is provided, it would no doubt be more satisfactory to obtain a married teacher. A teacher having at least 2nd class professional qualifications should be engaged, if possible. The salary allowed would be at the rate of $800 for the ten teaching months, supplemented by the bonus provided by law, which, during the present fiscal year ending March 31st, next, is at the rate of $15 per month. The Department will approve of your making the selection from the applicants who may reply to the advertisement. We shall be pleased if you will forward the name, qualifications and experience of the teacher secured. I may add that we would not be prepared to approve of the appointment of Mr. Harvey Lindsay.

An account, in duplicate, should be obtained from the newspaper in which the advertisement is placed, and this should be handed to Mr. Agent Putnam, who is being informed of the authority given you to engage a teacher, and requested to certify the account and send it to the Department when payment will be made.

As we are anxious to obtain a qualified teacher for this school who would take an interest in the Indian children, the Department will appreciate any efforts which you may make in the obtaining of a suitable teacher.

Sir:

I have your letter of the 11th instant, applying for the position as teacher of the French Bay Indian Day School, on the Saugeen Reserve, and stating the qualifications which you possess, also enclosing copy of a testimonial as to your character, etc.

In reply I beg to say that Mr. John McCool, Public School Inspector, had nominated you for the position as teacher at the above named school. We informed both Mr. McCool and the local Indian Agent, Mr. Saul Putnam, that we would approve of your temporary appointment, to begin duties on or about October 1st, next, your retention in the position to depend entirely upon the success which you achieve in the work. The salary allowed will be at the rate of $800 per annum, supplemented by the bonus provided by law. The bonus allowed to teachers of Indian day schools during the present school year ending March 31st, 1925, is at the rate of $15 per teaching month. Payment of both salary and bonus is based on ten teaching months in the year.

You should report to Mr. Putnam, the Indian Agent at Chippewa Hill, Ont., who will give you any assistance he can upon your taking up duties. We hope that you will meet with every success in the work at this school.

Your obedient servant,

Dear Sir,

I am just forwarding my report on the Sarawak School which I inspected Thursday and Friday of this week. As Mr Putnam had stated in a letter that attendance was falling off in Mrs. Robb's school, I thought better to see for myself. I am satisfied from my careful observation that Mrs Robb's treatment in the Summer has not sunk her work at all in the school. Both teacher and pupils are on the best of terms.

The weak school is Hunch Bay, as the attendance has dropped very much. I am glad to say that I was going to recommend Miss Jessie Green of Chesley, holder of a Second Class certificate, as teacher. Although Jessie asked me to advertise, I thought that the Inspector might be saved, as Dingman had come to my office looking for a school.

Sir.—

With further reference to my telegram, re vacancy in schools, I have the honor to inform you that although there is no vacancy at present, I think the teacher, Mr. Gerald Green of the French Bay school should be changed.

My reasons for saying so , a married man would be better there, as the buildings are equipped for a married man, and they are all going to wreck, as he is only there on teaching days, and most of the house he doesn't use at all.

The garden this year was a total failure, Mr. Green holds a second class certificate, but this is his first school, but I don't think he will be a success as he doesn't take much interest in teaching Indian children. It was left to the inspector to employ this man, and he is strong on certificates, but this year in the Village school there were two pupils pass the entrance, and Mr. McIvor, the teacher, has only a district certificate.

It is my personal opinion that the French Bay school should be closed. The attendance is ridiculously small, and the outlay great. For less than half the present cost of this school the pupils could be driven to the Chippewa Hill school and such an arrangement could probably be made with Alex. Root, a Soldier Settler on the French Bay road. He has the necessary equipment and a contract to do this work would enable him to pay off his loan to the Department.

Memorandum,

MR. [illegible]:

From the formal reports of Nurse Cousins after her recent visit at Saugeen Agency, the following table has been prepared:

School	Teacher	Pupils examined	Unvaccinated.	Pediculous.	Skin trouble	T.B. glands.
Saugeen Village.	Mr. Knetchel	27	3	4	1	4
Scotch Settlement	Mr. McIver	20	2	4	2	3
French Bay	Mr. Gentleman	14	8	9	4	6

The condition of the French Bay pupils is apparent. The proportion of the pupils unvaccinated; with skin trouble; or with lice, usually reflects the attitude of the teacher toward matters of health and cleanliness.

Nurse Cousins, who recently visited the French Bay Indian Day School and examined the pupils, states that, out of fourteen pupils examined by her, she found nine that were infested with lice and four with skin trouble. The Department would like you to take remedial action to overcome these conditions among the pupils. The Medical Officer could, no doubt, advise you in the matter.

The Nurse also stated that eight of the children were unvaccinated. Please state if you have discussed with the Agent and Medical Officer the question of vaccinating those pupils who have not yet received this treatment. The Department desires to have the conditions mentioned by the Nurse cleaned up, and I would like to be advised by you as to what steps you are taking in this matter.

DEPT. OF INDIAN AFFAIRS MAR 18 1931 RECORDS

March 6th, 1931.

Dear Sir;

I have to reply to your letter No31-1-1 of the 2nd inst regarding the conditions of the children at the French Bay School as reported by Nurse Cousins.

I think I might say that I have not been unmindful of these matters, in fact when I came here five years ago I recall going into the subject with Agent Putman, and in my school reports I drew attention to the fact that these people are far from clean. They are much more dirty than the western Indians.

With regard to vaccinating the children, I would say that in 1927 Dr Laird of Southampton arrived at the school and vaccinated those pupils who happened to be present. I beleive at the time Agent Putman was under notice of dismissal, for the parents had not been informed, and some resented it. Since then I have had several new pupils, but I have not pressed the vaccination need, apart from telling the parents that they ought to get them done, feeling that the subject might at some time be explained to the people at one of their meetings, which would be better than rousing their resentment to any action that might be taken. Nurse Cousins held a meeting at the Hall, and I expect spoke on the matter, and I also have since spoken to the parents, so that the children, I think, might be done at any time.

With regard to lice and skin trouble, I might say that when this prevails in country schools among white settlers, the usual custom is to send the children home to get cleaned up. Such results in the parents feeling somewhat of the disgrace, and there is an improvement at once; but in the case of Indians here, they have no feeling of disgrace, and very little self respect. If I sent any children home they would simply stop at home for a few days, and take no notice. I am able, however, to impress upon the children the importance of clean hands, faces, and brushed hair, and this is done. In addition to this, I have used some small health posters sent from time to time, as reading lessons, writing exercises, and drawing copies, so that the children have these matters brought to the minds.

I would also like to say that one can do very little with the children along these lines, while their homes are so dirty. My wife and I have been on various reserves since 1911, and have never seen the conditions that prevail among these people. When the children of some families do have new clothes (seldom new) they simply wear them into holes. Some of them sleep in their clothes all winter, and I told that in some cases the women are just too lazy to clean up their homes. I am hopeful that the visits of Nurse Cousins, and the meetings of the Womens Institute will cause some improvement along these lines.

I would also like to take this opportunity of pointing out the need of window screen, and screen door for the schoolhouse. I must say That I feel rather strongly upon this point. Of course the need is not a present one, but with the childrens clothes so dirty, my schoolhouse in the fall of the year becomes very trying. I have never before been without screens, and I hope that this improvement might be granted to us before another fall comes round. I feel sure that if Nurse Cousins had paid us a visit in the fall she would see the need of this.

There is no regular Medical officer on this reserve.

Personal.

Dear Mr Ferrier.

Arising out of my school report, in which I referred to the fencing of these buildings, I have letter No 31-1-1 of 10th inst signed by the Secretary, stating owing to small attendance the question of closing the school has been seriously considered and no expenditure can be undertaken at the present time, etc.

I am sorry that it should have been felt necessary to write in this way, because for the past couple of years my school has had a much larger attendance than when we first came here, and as far as I can see will remain a good school for some years to come. At the present time I have an enrolement of 17, with an average age of between 9-10, and more pupils coming on within the next twelve months. I checked back the register for the past nine years, when making up my quarterly report, and found that the past twelve months has been the best during this period. It has so happened however that in the Agents monthly report, the attendance does not show high, mainly because his morning visits have occured on dull mornings. This is one of the difficult points with Indian children. On a bright morning their parents are up, and out early, and on dull bad mornings they are not. But the Agent knows we are getting a good turn out for apart from his visits the Attendance officer has called in about twice a month all winter, and so far I have not had to request him to visit the parents.

The children are making good progress. I am aware of this, but some of the parents are also informing me of this fact. We have not been envolved in any dispute with the parents over school or any other matter since Mr Putman left some years ago. Neither have we been with the Agent. As far as I know everything has been going along satisfactorily and there does not seem to be any cause to comment upon the attendance.

Regarding the fence, that is in very poor shape. The Dept. Inspector last fall asked the Agent and myself if anything was to be done as also the school steps, and approches to the closets. The house also needs shingles. He agreed as to the needs and the Agent and myself felt that it was only proper for us to state these needs. They are not in that condition that would compel us to close owing to lack of funds to repair, but they are in poor shape

Arising out of the report of Nurse Cousins, I stated "This reserve has no regular Medical officer" I was not aware until to-day that Dr Volumns of Southampton is our Medical officer. I called at the Agency this afternoon, and this fact happened to be spoken of. The Agent and I have never had any occasion to refer to the subject otherwise I would have heard. As a whole the children are much the same as other Indian pupils; they could be cleaner, and they could be worse.

All things considered I cannot help thinking it would be a mistake to close; there is no doubt that the question of reopening would be be brought up by the parents in a very few months.

Yours faithfully, J. P. Gentleman

French Bay School.
Saugeen Reserve.

Progress of Children, etc. May 8th.1931.

Grade 3.

Wilson Ritchie. Age 12. Entered school Jan.1926, unable to understand a word of English, or sit still. Present over period of five years, four months.

Reading. Able to read 3rd Ontario reader, and take dictation from same, slowly, 75% correctly, also write outline of story in own words

Writing. Took first prize for the whole reserve at last fair.

Arithmetic. Knows Multiplication tables, and Weights and Measures able to do addition, subtraction, multiplication, at present on long division.

Geography. Good knowledge of Canada. Albe to draw a fair map. Knows and can write, provinces, chief cities, lakes rivers.

Singing. Good, in English.

Bible. Has read daily portions as supplied by Inspector.

Health Posters, as supplied, well drawn, and well known and read.

Lawrence Root. Age 12. Entered school, same date as above, and has done same work. Lawrence is unable to speak plainly either in Indian or English, so does not appear to be as bright as Wilson, but he is much quicker.

Crawford Root. Age 10 Entered school Sept.1926, unable to understand a word of English. Very dirty. Present over period of 4 years 8 months

Work same as above. Reads 3rd Ontario reader better than above, but writing very poor.

Louisa Ritchie. Age 15. Entered school Sept.1923. This child is the only one remaining that was present when I took over in 1925.

Same work as above boys, but can read in 4th book General progress has been very fair, but Louisa, has moved up with me from the Primer, always in a class alone, thus not so much time has been spent with her as with others. From the Primer to 4th reader in five years is progress.

Examination given by Mr McCool April 18, for above. Louisa absent.

Reading. Three lines each from 3rd reader. Boys read very poorly.

Spelling and Dictation. The following direction was given by Mr McCool to the boys.

"Look round the schoolhouse and write down six things you see"

The boys could not understand him, but they did attempt to write something, but they did not have the slightest idea of what he wanted.

Arithmetic. One addition sum each, and one multiplication. I think Crawford Root got both right, but the others made mistakes.

Geography. The following questions.

Point north, south, east, west, The boys did so.

Name this lake just out here. (Huron). The boys did so.

Geography. Tell me a city in Ontario.
The first boy said "Bruce" and the others thinking that was what was required, repeated "Bruce". If Mr McCool had taken the trouble to tell the first boy that he had made a mistake, and then repeated the question slowly to the others, the other two boys would have given him all the large cities, and spelt them too.

No other examination given, nor exercise books examined.

The following remark was made by a pupil .As a rule they talk in Indian, but this was made in English for my express benifit, *a returning to school after recess*

"My goodness" "Dont do that" It is a sentence from the second Ontario reader, and when I came to this lesson with these boys I referred to it as an expression made for something that one does not like. This little remark alone is progress. I tried to get more; Why? But could not.

Grade 2.

Lizzie Neskewako. Age 10. Entered school, May 1929. Present over period of two years. Unable on entering to hold a pencil, sit still, speak or understand English.

Reading. Able to read 2nd Ontario Reader, and take dictation from same, 95% correctly, fast
Writing Good. First prize for primer work in 1929 show.
Arithmetic. Knows multiplication table, Can do addition, subtraction beginning multiplication.
Bible. Able to read daily portions with third grade.
Geography. Just beginning Canada as a whole, able to draw a moderate map.
Singing good in English.
Health posters, drawn and read.
General knowledge etc, fully up to I.Dept programme of studies on back of register.

Sadie Stevens. Age 12. Entered on register, May 1925, but kept at home most of time until death of grandmother some two years ago.
Progress and work same as above. Had this child attended school properly she should be with the three boys in grade 3.

Elevena Kate Ritchie. Age 10. Entered school May 1928, Unable to read, or understand a word of English, or hold a pencil, or sit still.
Work, and progress same as Lizzie, above. Singing is better.

Grace Neskewako. Age 11. Entered school September 1929. Unable to read . or understand etc. Present over 1 year 8 months.
Same as above, except writing, which is poor.

Examination given by Mr McCool, April 18 for above. Sadie Stevens absent.

Reading. Three lines in the second reader each. (I had only advanced these girls from the first to the second reader two days befor, the examination being made two days after reopening school after Easter holiday)
They read well.

Spelling and Dicatation. Mr McCool took a word of about five or six letters, from the piece they had read. Different word for each girl, and asked them to write it on their slates. They did so, Correctly in each case.

Arithmetic. One addition sum on the board for each girl. In a four column sum, two girls got three columns correct, and one girl got two columns correct.

No other examination was given, as far as I can recall to mind, in connection with this grade.

Every bit of work in grade 2 is progress, and good progress. In two cases during the past twelve months, two lots of parents of above grade have told us that the "Girls,he learn fast"

Grade 1.

Ellie Kewequom. Age 10. Entered school, May 1929. Unable to to do anything. For the first week I did not know if she could talk. Father dumb, Mother a cripple. Ellie is clean.
Moderate progree.

Reading. Reading good in first Ontario Reader, could read second. Able to take dictation from 1st book, 75% correct if given slowly.

Writing. Bad.

Arithmetic. Poor. Can do addition and subtraction, and knows multiplication table up to four times. This girl is very much of a baby. Whenever any stanger comes into the school, she is absent for two or three days following. She can do the work, but is too scared. (Never been to town in her life)

Vera Aniquot. Age 8. Entered school Sept.1929, Unable to speak or understand a word of English, or sit still. Present over period 1 year 8 months.
Progress execllent.

Reading. Able to read first Ontario reader, and take dictation from same, 85% correctly, fast

Writing Very good.

Arithmetic Very good. Knows multiplication table up to 4 times, can do addition, and subtraction.

Singing good. First child in five years to sing alone. Parents are poor, waste their money on old cars. Vera sometimes kept at home because of no breakfast. Parents well pleased, in spite of my giving Jerry Aniquot a calling down on several occassions as to how they look after Vera. Vera is the only girl in the school liable to tell the Inspector "do chase himself" in Indian of course.

Nancy Root. Age 8. Entered school Sept.1929. unable to understand English. Very dirty. Present over peroid of 1 year 8 months.
Execllent progress in every respect. Same as Vera in all details except singing. Has more confidence than Ellie, and not so forward in manner as Vera

Reading Execllent reading in first Ontario reader, and other work fully up to the mark.

Myrtle Ritchie. Age 10. Entered school April 1929. Present two years. Same work and progress as Nancy Root. Unable to do anything at all two years ago, Now reading first Ontario reader.

Rosie Thompson. age 8. Entered school Sept 1929.
General progress very poor owing to neclect, and non attendance, Mother a useless good for nothing, always on the road. Elder sisters sent to Muncy. Rosie is bright, and would make progress if given half a chance.

Helen Neskewako age 8 Entered school May 1930, unable to understand English. Present over period of one year.
Progress execllent.
Reading. Can read first Ontario reader and take dicatation from same. 75% correctly
Writing. Very good.
Arithmetic. Knows Multiplication table up to four times, can do addition.
Singing Good.
Helen is very much a baby, and a stranger would get little from her at first.

Isbel Johns age 11. Entered school April 1931, having been in Scotch settlement. Parents moved into this section.
Not on roll at

Primers.
Rosie Root. And Thelma Ritchie, unable to understand, or sit still. Just beginning to take interest.

Examination given by Mr MaCool for above 8 children in grade 1, and primer.
Reading. One line each from page 1 of first reader
Spelling. Nancy Root was directed to write on the board "I see a cat" Nancy wrote "I.C. cat" and then corrected it.
Arithmetic. No examination.
No further examination was made

This grade has made execllent progress, but it is a hopeless idea for ANYONE to come in and question them in a language that they have only the slightest idea of, and whom they are afraid of. How can anyone get a proper idea of what they can do when they are frightened.

Ex-pupils.
Inspector McCool, asked me what had become of Elsie Kewquom, age 17, who left last Christmas, and why she did not go in for High school entrance.
She would have failed in English in any case, and, there is no wish on part of Mother for her to do so. Her late Father told me he would never consent to Elsie leaving home.

SHE IS THE FIRST GIRL FROM THIS PLACE TO LEAVE THAT HAS NOT BEGAN AT ONCE TO LEAD AN IMMORAL LIFE AS SOON AS SHE HAS LEFT SCHOOL.
She is living at home, helping her mother, which is far more creditable than those who have passed the entrance.
In this case, so far, it is PROGRESSX

Ruby Nadjeone — Left on 25th January 1926, because I made her repeat work, age about 15. Inside of a year well known in Southampton as an immoral girl. In 1927, or 8, gave birth to a child, and still unmarried

Ethel Mitchell. — Left at September 1927 to go to Muncy Boarding school, and remained there a year. Refused to return. Within three months of her return this girl was "running wild" with the above girl in Southampton.
For the past year or so she has been living with a young fellow, unmarried in her Grandfathers house, Jessie Root, who is a Councellor

---

Ruby, Ethel, and Elsie where in the 2nd book, when I came here in 1925. Elsie stayed and made fair progress considering that her home is entirely Indian in every respect. She is home now, and living respectably, and I would consider this good work.
With the other two, I might have been able to do the same thing, but I did not have the chance. They did as they pleased, and their people backed them.

The following is of interest.

In September, 1925, when I took over, the school had three boys on the roll.
Oliver Kewqishig. Issac Naskhawa, and Percy Stevens, all down as 12 years of age, but more likely getting on for 15.
Oliver, and Issac could read with difficulty, the first reader. and Percy could hardly read the primer. None of them reached the second reader.
These are "beginners" I took over from Mr Green. They never did begin.
In January 1929, Mr McCool heard these three boys read in the Primer Ontario reader. They were a good deal bigger than the present three boys.
Mr McCool at the time said that Oliver, Issac and Percy should be more advanced, which I knew, but they had past the age of primer work long since

Chippawa Hill.
Southampton.Ont.
May [illegible].1931.

Dear Mr Ferrier.

Within the past two weeks, or so, I have received three messages, regarding our work here, hence the need of writing.

Agent Robertson told me of your intention of keeping the school open at any rate until June 30,1932, without any change either regards my position, or repairs.

The Rev.E.F.Bishop of Southampton who called at your office tells me that we had no need to be concerned to any great degree with regards to our employment, and

Mr Inspector MacGowan (I may not have caught his name correctly) told me that, for some years the Department have been entirely dissatisfied with my work, and that unless there was a change, I would have to get out, and in a very few months, at the end of the year in fact.

In answer to my question,"If this ment at the end of the coming June, or June 1932",he did not know.

Having conveyed your message in this manner, he added a great deal more, from which I gathered that Mr Inspector MaCool of Walkerton is the cause of the difficulties.

Mr MacGowan, would listen to no reasoning, but added I was at liberty to take up the manner with you.

I have therefore gone carefully over my school, and enclose a detailed list of what the children can do, together with the last examination that Mr MaCool gave the children as far as I can remember it. In fairness to myself and the children I would ask you to look this over.

I might have informed you in 1926 that Mr MaCool has, from the first inspection given me the impression that he resented your making my appointment here, over his head so to speak. He, I am told, looks upon the appointments of teachers in his district as being something within his powere, and school trustees in French Bay white school, some seven miles down the lake told me that if Mr MaCool likes a teacher whom he has obtained, everything is alright, otherwise it is all wrong. I have been told this on several occasions.

At the last inspection Mr MaCool, only took notes of the number in each grade. In the past he has noted details of the work, but this time he did not, was present from 9.40 till 10.55, with 15 children present. It seems to me that his judgement was formed beforehand, which is most unfair.

The statement that no progress has been made has caused me so much astonishment, that I took an unexpected opportunity to obtain the opinion of an entire stranger to myself, and the children, as to this being correct

The Rev.Father Cadeau. Roman Catholic missionary for this and Cape [redacted] reserves, called to see me. Throughout Bruce he is well known and spoken of as being well informed upon local Indian matters, and he is one whom I felt that he would at least be fair. I have only met him once before, some years ago at Cape Croker, and then only for a minute or so. Also I should add that the children at this end are not of his faith.

I requested him to examine the school in any manner he saw fit, either in English or Indian, or both, and he stayed with us the whole afternoon.

At four o-clock he informed me that the work, in his judgenent was entirely satisfactory, and that I had reason to be proud of the progress and that whoever had informed the Dept. that no progress had been made was very much mistaken.

I did not ask the Rev,Father to inform you this, or if you have any confidence in his judgement I do not know, nor can I say what he might tell you if you should ask. I might aslo say that Mr MaCool told the the children that they were doing very nicely, and gave me no hint as to his dis-satisfaction.

Among your instructions to me in 1925, you may recall these. "Do not quarrel, or have discord with the parents if at all possible to advoid it". This has been advoided, but when I pointed this out to Mr MacGowan and that there was general satisfaction among the parents I was told that the Dept. took no notice whatever of the Indians likes or dislikes.

If the Provinical authorities maintain that the Indian children must conform to white standards, as Mr MacGowan claimed, I must state that the conditions under which these people live make such a thing impossible. Mr MaCool informed me some time ago that "he had never been in an Indian house and would not care to go in" thus showing that he knows nothing of their conditions, neither does he appear to grasp the fact that the only English they hear is from myself.

They live on a semi-starvation diet, often come to school without any thing to eat at midday, and never more than two pieces of dry bread, and I am disposed to think that the Junior Red Cross would be very much astonished that they can do as much as they can.

They have made progress, and can continue to do so at the present rate, but I feel that the conditions conveyed by Mr MacGowan message (i.e. that there must be a great improvement to satisfy Mr MaCool) cannot be done, for nothing I could do would satisfy Mr MaCool, so I will, with your permission, communicate at once with the Bishop of Saskatchewan, or some other Anglican Bishop in the west with whom I trust you will permit me to undertake future school work.

I must however express regret that we cannot reap the fruits of a good deal of real work in the school here, and that we should be put to the expense of moving, and a general upheaval, a regret, I think too, will be felt by a good many friends we have made during our stay in Bruce.

Yours faithfully,

P. H. Gutteridge

Dear Sir:

I have your letter of the 8th instant, with enclosures, reporting on the progress that has been made at the French Bay Indian Day School. I asked Inspector McGookin to inform you that this school, under your management, would be given another year's trial, i. e., to June, 1932, but that the Department expected you would get better results than in the past. It is true that the reports received from the Provincial Inspector and from Indian Affairs officers have been far from satisfactory, and it was my duty to seriously consider either closing the school or arranging for a new incumbent. The present attendance and the prospects for pupils in the early future suggest that the school be kept open, and it has been decided to give you a further trial of one year. Mr. Indian Agent Robertson was so informed on the 23rd ultimo.

The Department hopes that you will bend every energy towards making your school a real success during the next academic year and that the institution will have a general civilizing influence on the reserve.

Dear Sir .-

I hereby respectfully submit, for your careful consideration,my application for the position of teacher on the Indian Reserve at Saugeen, Bruce County, Southampton,Ont.

I have a Permanent First Class Certificate. In addition I hav e also an Elementary Physical Culture, an Elementary Art., an Elementary Vocal Music Certificate,an Intermediate Agric. Certificate, a Strathcona Grade B. Certificate,and three Religious Instruction Certificates. I have also taken a course in Book-keeping and business management from the I.C.S.schools so as to be qualified to handle the executive duties of a school Principal properly.

I have also the honor to be a graduate of the new Two Year Normal School Course. I have had two years of Professional Training at the Normal School. I have had four years of successful experience as a teacher in Ontario Public Schools. This experience,together with my two years of Professional Training,gives me a very great advantage over the ordinary teacher.

I take a special interest in sports and athletics and in all kinds of school activities. I spend most of my spare time organizing and supervising playground activities. I also take a special interest in the teaching of Agriculture and in beautifying the school grounds by planting trees,shrubs and flowers. I can also guarantee absolute satisfaction in all matters of school management,organization,and Discipline,as well as the highest efficiency in the teaching of the curriculum. I am interested in music and teach singing in my schools at which I have made a great success.

I am well acquainted with Indian characteristcs and customs as I lived for twenty years near the Indian Reserve at Deseronto,and I have taught school for two years near the reserve at Southampton. I am also acquainted with Dr.Crow and some of the leading Indians in the Reserve and I can assure you that I would be able to live there with the best of harmony and sociability among the natives.

I am sending you under special cover some testimonials and references. If my application be accepted I assure you that I shall endeavour to do my very best to promote the welfare of the school in every way I can.

Trusting that my application will prove acceptable to you, I beg to remain,

Sincerely Yours,
John W. Cook

Sir:

I have been directed to acknowledge receipt of your letter of the 15th instant, applying for a position as teacher in an Indian day school on the Saugeen reserve, at Southampton, and stating the qualifications and experience which you possess.

In reply I have to say that, in the event of the school being continued during the coming academic year, there will be a vacancy for a teacher on this reserve, at the French Bay Indian Day School. Owing to a considerable reduction in the Appropriation for Indian Education, it has been found necessary to close certain schools, where there is a small attendance and where arrangements could be made for the children to attend other schools on the reserve. The question of continuing the French Bay School during the coming academic year is now receiving consideration. We will not be definitely aware, until about the middle of August, next, whether there will be sufficient funds to provide the expense of conducting this school. Should it be decided to continue classroom work at this point, your application will receive consideration.

Sir:

Replying to your letter of the 22nd instant, I have to say that it has been decided not to re-open the French Bay Indian Day School during the coming academic year. Our funds this year are so greatly reduced, that it has been found necessary to curtail expenditure in connection with our work. It is thought that most of the children could attend either one of the day schools on the Saugeen reserve. Later, if it is found necessary to re-open this school, the matter will receive further consideration.

Please see that the building is securely fastened and that all school material, such as books, etc., is properly stored.

Mr. BUSKARD.

With reference to phone enquiry from your office today, regarding the re-opening of French Bay Indian Day School, I have to say that, as it was found necessary to curtail expenditure in connection with our work this year, it was decided not to re-open this school during the next academic year, unless it ~~was~~ found necessary to do so later in the year. There are two other Indian day schools located on the reserve, and it is considered that the children who formerly attended French Bay could attend one of the other day schools. This school is located on the Saugeen reserve, No. 29, in the federal district of Bruce North.

I have your memorandum of the 2nd instant, enclosing correspondence which has been received from Mr. P. H. Gentleman, former teacher of the French Bay Indian Day School.

In connection with the points raised in Mr. Gentleman's letter, I would refer you to my memorandum of June 27th, last. This memorandum gave full information regarding Mr. Gentleman's services in Indian schools.

With reference to Mr. Gentleman's remarks regarding the other two teachers on the Saugeen reserve, I may say that somewhat similar complaints were received some time ago. At that time the Indian Agent was written and he reported that there were no grounds for such complaints. Mr. Gentleman was allowed two months' salary upon retirement from the position as teacher of the French Bay Indian Day School. This is the usual amount allowed when teachers have been in our employ for the same length of time as he was.

I have your letter of the 11th instant, regarding the request of the Saugeen Indian Council, to have the French Bay Indian Day School re-opened.

In reply I have to say it is regretted that, owing to curtailment in the Appropriation for Indian Education, it will not be possible to consider the re-opening of this school until the beginning of the new year, January first, 1934, if then. You might draw this matter to the Department's attention early in December, at which time you should give full particulars concerning the number of children who would attend, the condition of the building and what repairs or cleaning would be required to the school building and teacher's residence. When the Department receives particulars at that time, as to the cost involved in the fitting up of the building and the amount that would be required for the salary of a teacher from the first of January to the end of the school year - June 30th, 1934, consideration will be given concerning whether funds for the purpose can be provided.

MEMORANDUM

November 3, 1933

DR. MCGILL

The Prime Minister's Office has referred to the Superintendent General a further letter from Mr. P.H. Gentleman, a former teacher in the French Bay Indian School, from which the following is extracted:-

"In June the Indian Department directed Mr. Agent Robertson to inform me that my services would not be required, andin the same letter directed him to communicate with the Public School Inspector of the county of Bruce with a view of obtaining another teacher, giving details of salary etc.etc. I saw that letter.

"Later in the month, the Indian Department informed me that the school is to be closed owing to lack of funds.

"In 1923 a Mr. Wallace retired from that same school after twenty years or so service on a pension of $300.00 a year, which he received until he died. Mrs. Wallace informed me of this at the end of June last.

"The Indian Department informed me almost the same week that Indian school teachers are not entitled to pensions."

I wish you would let me have a memorandum which I can send to the Prime Minister's Office for incorporation in their reply.

Memorandum:

MF. BUSKARD.

Referring to your memo of the third instant, embodying an extract from a communication received by the Right Honourable The Prime Minister and referred to the Superintendent General, from P. H. Gentleman, former teacher of the French Bay Indian Day School, on the Saugeen Reserve, Chippewa Hill, Ont., I would state as follows:-

The services of Mr. Gentleman were dispensed with as from June 30th, last, on the report of the Provincial Public School Inspector and Mr. Inspector McCookin of this Department. In this connection I would refer you to my memorandum dated June 27th, last.

No successor has been appointed and the school, through poor attendance and lack of funds, has remained closed since Mr. Gentleman's services were terminated. At the time his services were dispensed with, it was intended to re-open the school at the beginning of the present academic year, viz.: September first, last; but, in the meantime, owing to a request for a further reduction in our Appropriation, it was decided not to re-open the school.

Mr. Gentleman refers to the case of Mr. Wallace, a former teacher, who was retired on superannuation. In this connection I would say that Mr. Wallace, who gave 23 years' service in our employ, was retired on account of

ill health and superannuated under the provisions of the Public Service Retirement Act, 1920, as amended 1921 and 1922. This Act was better known as the Calder Retirement Act. Under its provisions, it was not required that contributions be made by the person retired. This Act has now expired. As teachers of Indian day schools are not appointed by the Civil Service Commission, they cannot be classed as permanent Civil Servants and are therefore ineligible for superannuation. Since the going out of the Calder Act, the only provision we can make, under the requirements of the Auditor General, upon the retirement of a teacher who has given lengthy service - 10 years or over - is two months' retiring gratuity, which was granted and paid in the case of Mr. Gentleman.

I am sending you, herewith, a further letter addressed to the Superintendent General by Mr. P.H. Gentleman, formerly engaged as a teacher in the French Bay Indian Day School. Mr. Gentleman in the opening paragraph appears to be under a misapprehension that the Minister has asked for a special report on his case.

What the Minister actually told Mr. Gentleman in his previous letter was that he had asked for such a report, at the same time advising him as to the substance of your memorandum of November 7th.

Please let me have, with the return of the latest letter, a draft reply for the Minister's signature.

Dear Mr. Gentleman:

I have your letter of the 24th ultimo, with further reference to your claim for superannuation.

The Public Service Retirement Act, generally known as the Calder Act, expired on July first, 1924. It was in effect for a period of four years only. Under its provisions, it was not required that contributions be made by the person retired. Teachers of Indian schools are exempt from the operation of the provisions of the Civil Service Act in so far as the principle of competition in the matter of appointment is concerned and are therefore classed as "temporary" civil servants. Only permanent civil servants are eligible for superannuation, it being required that 5% of their salary be contributed to the Superannuation Fund. Temporary civil servants do not contribute and are therefore not eligible for superannuation.

No further purpose can be served in continuing correspondence. The only provision that could be made upon the retirement of a teacher who has given lengthy service - 10 years or over - is two months' retiring gratuity, which has been paid in your case.

Very truly yours,

P. H. Gentleman, Esq.,

Memorandum:

Mr. BUSKARD.

Referring to your memorandum of the 29th ultimo, to which is attached a further communication from Mr. P. H. Gentleman, former teacher of the French Bay Indian Day School, on the Saugeen Reserve, I would state as follows:-

Mr. Gentleman is under a misapprehension in regard to his being eligible for superannuation under the Public Service Retirement Act, 1920, better known as the Calder Act. In Section 8 of this Act, as amended, 1923, it is stated: "No person shall be retired under the provisions of this Act after the first day of July, 1924. This Act expired on that date, being superseded by the present Superannuation Act, which went into effect as from July 19, 1924. Under the Calder Act, it was not required that contributions be made by the person retired. Three teachers, who had lengthy service, were retired under its provisions, although they had made no contribution to the Superannuation Fund during their period of service. Under the present Act, it is required that five per cent. of salary of permanent employees be contributed.

Teachers in Indian day schools are exempt from the operation of the provisions of the Civil Service Act in so far as the principle of competition in the matter of appointment is concerned and are therefore classed as "temporary" civil servants. Only permanent civil servants are eligible for superannuation. Contributions to the Superannuation Fund cannot be accepted

in the case of temporary civil servants, and, since the going out of force of the Calder Act, there is no provision for superannuation or pension to teachers of Indian schools

Regarding Mr. Gentleman's assertion that, upon his first appointment as teacher, he was informed by the late Honourable David Laird and Mr. Graham, former Indian Commissioners, that he would be entitled to pension, I would say both these former officials were well aware that no provision was made for the superannuation of teachers. Mr. Gentleman has never contributed to any superannuation or pension fund, and there is no Act or Regulation now in force under which he could be granted superannuation.

With reference to the reasons for dispensing with Mr. Gentleman's services, I would refer you to memorandum dated June 27th, last, embodying the reports of Mr. Inspector McCookin and Mr. J. M. Game, Provincial Public School Inspector.

I am enclosing, for the Minister's signature, a draft reply to Mr. Gentleman and am also returning herewith his letter, as requested.

In my opinion it will serve no purpose to continue correspondence with Mr. Gentleman. The Department's position, regarding his dismissal and his claim for superannuation, has been fully explained to him, and I would respectfully suggest that the matter be considered closed. From our past experience with him, he is a "prolific letter writer".

I would request that you inform the Department, at the earliest possible date, how many children of school age could attend the French Bay School if it was re-opened. I would request, also, that you state the distance which each of the pupils would have to travel each day in order to attend either the Saugeen Village or the Scotch Settlement School. Please state whether you would recommend that the French Bay School be re-opened as from the beginning of the new year. If so, you should state what work or repairs would be required in cleaning and fitting up the school and teacher's residence, giving an estimate of the cost involved. Sir,-

I have the honor to refer to Department letter No. 3I-I-I, dated December 6th. and previous correspondence, regarding the French Bay Indian Day School.

I beg to say, there are twelve children who could attend the French Bay School, three Nashkewa children would be eight miles from the Village school and five from the Scotch Settlement school, five Root children and one Kewaquom would be seven and a half miles from the Village and four and a half from Scotch Settlement, one Thompson, seven miles from the Village and four from Scotch Settlement, one Stevens and one Ahonoquot, five miles from the Village and four from the Scotch Settlement, this is the distance one way. As the Scotch Settlement is filled up it would be necessary for these children to attend the Village school.

The French Bay school would not require any repairs before the summer holidays but it should be reshingled then, the only requirements would be the usuall class room requistion, The Teacher's residence would also do until summer holidays, at that time it would require some papering and painting inside. If the Department intended to supply the teacher with fuel and funiture this would have to be purchased as there is no fuel and the only funiture in the residence is one cook stove and one hearter, the fuel would cost about $3.00 per cord but I cannot give an estimate on the funiture until I know what the Department would consider purchaseing. The teacher's salary would be around $80.00 per month. I would recommend that the school be re-opened if possible.

Memorandum:

Mr. BUSKARD.

With reference to your memo of the first instant, regarding the re-opening of the French Bay Indian Day School, on the Saugeen reserve, in which you requested to be informed concerning the distance which the pupils of this school would have to travel in order to continue their education at one of the day schools on the reserve, I would say that, upon referring the matter to the local Indian Agent, he has supplied the following information:-

There are 12 children who could attend the French Bay School. Of this number, three are 5 miles from the nearest school, six are 4½ miles, and three are 4 miles. The Agent has recommended that this school be re-opened at the beginning of the new year. He states the school would not require any repairs before next summer holidays, when it should be reshingled. There is a teacher's residence in connection with this school, which does not require any repairs at the present time but will need some papering and painting inside, next summer. However, if the school is opened, it will be necessary to supply some furnishings for the teacher's residence at this time.

I would recommend that this school be re-opened as from January first, next, and that the services of a teacher be engaged. The salary allowed the former teacher, Mr. Gentleman, was at the rate of $100 per teaching month, less 10%. It is considered that a fully qualified teacher could be obtained for not more than $80 per teaching month, less 10%. If you approve of the re-opening of the school, I would request that you advise me the name, qualifications, etc., of the teacher who should receive the appointment.

Madam:

I have to inform you that the Department will be pleased to approve of your appointment as teacher of the French Bay Indian Day School, on the Saugeen reserve, near Southampton, Ont., as from the first proximo. The salary allowed will be at the rate of $80 per teaching month, less 10%.

The Department understands that you have a second class Ontario certificate. The local Indian Agent is Mr. Don. Robertson, Chippawa Hill, Ont. I would request that you communicate with him and inform him definitely of the date on which you will be prepared to commence duties, which, it is hoped, will be on or about the third proximo, the date the schools re-open after the present Christmas holidays.

There is a teacher's residence in connection with this school, where you may reside. Mr. Robertson will give you full information regarding the residence or the obtaining of boarding accommodation. He is also being instructed to arrange with you for the preparing and forwarding of a requisition for any classroom equipment and furnishings for the residence, if required.

We understand there are some 12 children who could attend this school. It is hoped that you will meet with every success in the work. I would request that you immediately communicate with Mr. Robertson, informing him of the date you will begin duties.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I have to inform you that it has been decided to re-open the French Bay Indian Day School, on the Saugeen reserve, as from January first, next. The appointment of Miss Winnifred Stead, of Wiarton, Ont., who holds a second class Ontario certificate, is being approved, to begin duties on or about the third proximo. The salary allowed is at the rate of $80 per teaching month, less 10%. I would request that, when Miss Stead arrives, you will give her every assistance you can in her work.

It is noted, from your letter of the 11th instant, that the school will not require any repairs before the summer holidays and that the only supplies necessary will be the usual classroom material. An order is being forwarded to the Government Stationery Office for a quantity of classroom supplies. If any other articles are required, the teacher should prepare a requisition and forward same through your office.

The Department is not aware whether Miss Stead will occupy the teacher's residence or if she will be able to obtain board near the school. If she occupies the residence, it is noted that it will be necessary to supply fuel and a quantity of furniture. If she lives in the residence, you may arrange for the purchase of the quantity of fuel required, which, it is noted, would cost about $3.00 per cord. At the earliest possible date, you should forward a list of the furnishings necessary, giving an estimate of the cost, if possible.

I would request that you exert every effort to make conditions as satisfactory as possible for Miss Stead. You should also inform the parents that the school is being re-opened and see that their children attend regularly each school day. Miss Stead is being requested to communicate with you and inform you of the date she will begin duties.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Your letter 31-1-1 of the 30th ult. did not reach me until the 1st inst. and being engaged I was unable to get away until the following noon. That afternoon in company with my Father I drove to the school and then called on the agent. Mr. D. Owing to this fact, and there being no other boarding house available. Mr. Robertson suggested that it would be in order for me to open the school on Monday morning next at 9 a m.

Having learned that a vacancy for the position of teacher in your school has occurred, I beg to offer myself as an applicant for the position.

Last year I completed a Course at Stratford Normal School and I secured a First-Class Interim Certificate. Besides this I received a Strathcona Physical Training Certificate and a Certificate for Religious Instruction.

While at Normal, I attended a Recreational Leadership Class at the Y. W. C. A. once a week under the direction of the Physical Training Instructress.

Perhaps I might state here that I teach a class of small boys in our Sunday School and sing in the choir. I can play for singing and act as accompanist for an orchestra in our home consisting of two violins, cornet, autoharp and organ. My reason for mentioning this is that some Boards enquire if the prospective teacher has any musical ability.

Dear Sir:--

It has been drawn to my attention that there will be an immediate opening for a teacher in the French Bay Indian School on the Saugeen Indian Reserve. During the past three and a half years I have been the School Inspector visiting this school and I have taken it upon myself to draw this impending vacancy to the attention of one of my former pupils, Mr. Armour Irwin, who is now seeking a position as teacher.

I have known Mr. Irwin for fifteen years--in fact I was his teacher during the last two years of his public school career (1920-1922), and I came to know him quite intimately. Always I found him to be reliable, studious and thoroughly conscientious. Just before he obtained his High School Entrance certificate I took him aside and advised him to direct himself to the teaching profession because I considered that he was of the right calibre for that work. Economic factors prevented Mr. Irwin from finishing his High School course at that time, but he never forgot my advice. After a number of years in other work he returned to High School after which he attended

Normal School (term 1934-1935). His work at the Normal School was brilliant as was shown by the fact that he was not required to write any of the final examinations.

Since Mr. Irwin was my pupil I have been more or less in touch with him and his career. He is now married and has two children. I have never had any occasion to change my opinion formed years ago concerning his excellent character. His presence in any community, white or Indian, would be a real asset. Moreover I have not the slightest doubt that he will make a success of his teaching career if conscientious endeavour can make it possible.

It might be worth while to add that Mr. Irwin, who now resides at 963 Ossington Avenue, Toronto, has been on relief for several years. During this time he finished his High School Course and attended Normal School under most difficult conditions because of the fact that for one, two or three days each week, (including Saturday-by special arrangement), he was engaged in relief work. Industry and ambition such as this require no comment.

I quite believe that the Department of Indian Affairs would make no mistake in engaging this estimable young man as a teacher in French Bay Indian School.

Dear Sir:

I am informed that Mr. Armour T. Irwin has made application for the position of teacher of a school at French Bay on the Saugeen Indian Reserve. Some few years ago I was a member of the Staff of Harbord Collegiate Institute of this city and Mr. Irwin was a pupil in attendance. He was a very conscientious, hard-working student who always did his best. Since that time he has attended the Normal School here, and the fact that he did not require to write on any of the Final Examinations at the end of the academic year on account of his work during the year, would seem to indicate that he was an outstanding student at the Normal School.

Mr. Irwin is a married man with two children, and I feel that he finds it necessary to secure a position if at all possible. I have no doubt that, if he can but have the opportunity of making a beginning in teaching, he will render very conscientious and efficient service. I have always found him most trustworthy, and I greatly regret that since he graduated there has not been one vacancy in which he might be given an opportunity to make a start, in my inspectorate.

Yours very truly,

J. E. Wilkinson.

Dear Mr. Sutherland:

I have received a letter from a young man named John E. Robertson of Southampton who is anxious to secure the appointment at the French Bay Indian Day School. His letter is backed up by his minister, Rev. Mr. Newnham of Southampton, and by the Rev. D. A. Cowan of Port Elgin.

Of course, I have told them all that the United Church has no authority in making nominations for the schools on the Saugeen Reserve, but I am sending on the information to you in the hope that Mr. Robertson's application may be favorably considered. I am quoting from his letter and this will give you the information concerning his case. I will suggest that he make regular application through the Indian Agent:-

"I am a member of the United Church. In the Sunday School I have played in the orchestra. I also take part in Young People's work. I do not use tobacco or alcohol. I hold a First Class Teacher's Certificate, a Religious Instruction and Physical Education Certificate. Last year I attended the University of Western Ontario and succeeded in obtaining the first year of my B.A. degree. Having lived near the Reserve most of my life I am fairly well acquainted with the Indians and their ways. I would do my best to help these people to improve their habits of living and make the Indian children better Canadian citizens. Knowing that Indians are musical and having played a cornet in several bands and orchestras, I would try to develop this talent in them. At Normal and at Western I played on hockey and ball teams. I would play these games with the Indians and teach them to be true sportsmen. I would be pleased to help the missionary in any way I could with his work in the mission field."

Trusting that you are well and with kindest regards,

I remain,

Yours faithfully,

Arthur Barner

Dear Sir,-

I have been informed by Mr. D. Robertson, agent of the Saugeen Indian Reserve, (Bruce County) that a vacancy has occurred on the teaching staff of the French Bay school, on that Reserve. I am therefore making application for the position of teacher.

I attended Normal School at Stratford last year and have a First Class Certificate, also the Strathcona Certificate in Physical Training.

I have had experience in Church Choirs and Concert Orchestras, and am willing to apply my knowledge along this line in school.

I am a member of a family which had business associations with the Indians of the Cape Croker Reserve (Bruce County), for many years, and I have a strong feeling of sympathy toward the Indians.

In religious belief, I am Protestant.

I am nineteen years of age.

Hoping that my application will be accepted.

I am,

Yours very sincerely,

Dear Mr. Sutherland.

In further reference to the opening at French Bay, I have received the enclosed letter from our Minister in Southampton which will speak for itself. I do not know any of the young people personally but I am sure you can accept Mr. Newnham's testimony in regard to them at full value. Of the three I favor the young man, Jack Robertson, as I think he would be able to give the right type of leadership on the Reserve.

I have made clear to Mr. Newnham that our Church has no right to make nominations to the positions on the Saugeen Reserve. But of course you know what a help it is to our Mission work when teachers are appointed who are in sympathy with our efforts among the people.

Many kind wishes to all

Dear Dr Barner,

I am writing you in regard to the vacancy in the French Bay school on the Saugeen Reserve. With Mr Mackenzie I am interested in getting the best type of teacher we can for the school,although possibly,as a Church,we may have little to do with the matter of filling the vacancy.

I should like to ask you to use what influence you may have in the matter in behalf of local unemployed teachers. In our own church,we have Miss Jean Black,an estimable girl of highest character and ideals. Miss Black has her Normal certificate,and has made application. She is active in our Sunday School and Young People's work,and would give fine service there.

Then we also have a young man,Jack Robertson. Jack has his Normal and,I believe,two years of his Arts work. He is quite musical and athletic,a teetotalar and non-smoker, and a member of our church. Jack would make an exceptionally fine teacher in the school,and would be a fine influence in the Reserve.

Miss Winona DeLong has also asked me to write you in her behalf. Miss Delong is a member of the local Batptist Church. She is a splendid girl,conscientious,earnest and able,and would also give a good account of herself there.

I shall be glad if you are able to do anything for either of these three fine young people.

With kindest regards,

Yours sincerely,

Re Forest Bay School

Dear Sir, I have had further communication with Miss Beatrice McDowell, who has applied for the position as teacher in the Forest Bay School on the Saugeen Reserve. She informs me that she is prepared to occupy the residence if engaged as teacher. Her mother and sister will, alternately, live with her.

This arrangement would give us a resident teacher who would be with us in our Sunday School work.

Memorandum:

MR. BUSKARD,-

Referring to telephone conversation with your office on Saturday, the 7th instant, regarding a vacancy for a teacher at the French Bay Indian Day School, on the Saugeen Reserve (No. 29 - Electoral District of Bruce North), I have now to inform you that a communication has been received from D. Robertson, Indian Agent, Chippawa Hill, Ont., in which he states that Miss Winnifred A. Stead, the teacher, was married on August 26th, last, and is now Mrs. A. Martin. He states that the marriage was not reported to him until the third instant and that Mrs. Martin intends to continue teaching at the French Bay School.

Section 36 (1) of the Civil Service Regulations provides as follows:-

1. "Hereafter, no married woman, whose husband is living, shall be eligible for appointment in the public service;

2. "Provided that, when the supply of experienced help for any particular kind of work is not sufficient to meet the demands of the public service, a married woman may be certified for temporary employment;

3. "Where it can be established by a married woman that her husband is unable, through illness or other cause, to contribute to her support, such married woman may be certified for permanent or temporary appointment."

MEMORANDUM:

The Honourable the Superintendent General,-

With reference to your memorandum of the 13th instant, regarding the dismissal, from the teaching service of this Department, of Mr. P. H. Gentleman, I beg to say that he was appointed teacher of the French Bay Indian Day School (Saugeen Reserve No. 29 - Electoral District of Bruce North), on October first, 1925, and his services were dispensed with as from June 30th, 1933.

The reports received from the Public School Inspector who visited this school during the period of his service showed that very little progress was being made. Mr. McGookin, Inspector of Indian Agencies, who visited the school in June, 1933, stated as follows:-

> "I have no hesitation in recommending a change of teacher at this school. I have done so in each report since 1929. The pupils are backward and compare unfavourably with the other two reserve day schools. There is an atmosphere of lifelessness and indolence about the whole classroom. The parents, in some cases, have changed their residence to allow the children to attend one of the two other schools on the reserve. This school is no credit to the Department."

In view of the adverse reports received regarding the work that was performed by Mr. Gentleman, the Department informed him that his services would not be required after the end of the academic year June 30, 1933. In consideration of his length of service, he was granted a retiring allowance equal to two months' salary.

I may say that, since Mr. Gentleman left this school, he has, on many occasions, written the former Minister, the Department and other parties, regarding his dismissal and requesting reinstatement. I might add that Mr. Gentleman's services were dispensed with solely on his record, and the Department cannot recommend his re-engagement in the Indian school service.

MEMORANDUM:

The Honourable the Superintendent General,-

Referring to your memorandum of the 16th instant, in further reference to mine of the 14th, regarding the dismissal from the teaching service of this Department of Mr. P. H. Gentleman, I have to say that Mr. Gentleman is a white man. He was born in England.

Mr. Gentleman was appointed, by the Anglican Church authorities, as a teacher at the Old Sun Indian Residential School, on the Blackfoot reserve, Alberta. We have no record of his length of service at this school. He was appointed teacher of the Indian Day School on the John Smith Reserve, Duck Lake agency, Sask., from July 1, 1913, and remained there until September 1, 1922, when he was transferred as teacher of the Grand Rapids Day School, at the northern end of Lake Manitoba.

Through lack of tact on his part with the church authorities and departmental officials, there was constant friction. It was considered if he was removed from church control and placed in an Indian school in the East, he would have a better opportunity for success. Therefore, he was appointed teacher of the French Bay Indian Day School (Saugeen Reserve, No. 29 - Electoral District of Bruce North) as from October 1, 1925, to the date of his dismissal, June 30, 1933, on account of unsatisfactory service.

This is to certify that Miss Vivian Mc Dougall was a teacher in the Southampton Public School for the past six years.

We found her to be efficient, very capable, and a good disciplinarian and are pleased to recommend her to any board wishing her services.

During the six years that Miss Mc Dougall was teaching in our school we had the most efficient staff we have had in many years. We are very sorry to lose such a valuable teacher.

Dear Sir:

I have before me a letter from the Prime Ministers office dated November 9th last stating that your attention has been called to my dismissal from the teaching staff of the Indian Department, and that I shall hear from you in connection with this matter in due course.

Since that date I am much astonished to learn from the last inspection report made on my pupils that the Indian children are expected to come up to the standard of white children, and the Public Schools Inspector examines the children with this end in view.

While it is creditable to advance Indian Education as far as possible,it is impossible to place Indian schools on a same basis as provinical rural schools; it is unjust to both children and teacher, and it makes me more than anxious that our requests made to the Prime Minister should be granted as soon as possible.

Hon. T. D. Pattullo,

VICTORIA, B. C.

Dear Sir:

The morning paper reports your intention of going to Ottawa towards the end of the week, and if this should be correct I am taking the liberty of bringing the following to your notice, which may be of some help to you in dealing with Dominion authorities.

As briefly as possible - I have been in the employ of the Indian Department for some years. First in 1905, at the instance of Commissioner Hon. David Laird, who promised me promotion and a pension at the end of twenty years service, and later from 1911 till 1933, nearly 27 years, as school teacher and reserve overseer. Promises were repeated in 1912 by Mr. Inspector Chisholm, Mr. Commissioner Graham in 1919, and by the late Mr. R. T. Ferrier, Supt. of Indian Education in Ottawa in 1925, who also told me that pensions for Indian school teachers had been done away with, but that as the promise was made, when the time came to retire, we would be taken care of; my wife also being on the staff.

In 1933, while in Ontario, I was discharged for no reason, and given a bonus of two months' salary.

In 1919, during the post office strike, or right after, our salary was doubled, as civil servants. In 1930, when all Dominion employees' salary was cut 10%, we also received the cut as civil servants. Our salary during this period has been on an average of $700 a year, and we have served in remote places in the western provinces and Ontario, spending over $4000 in expenses of moving, fixing departmental buildings and other items in connection with the schools. In my last school in Ontario the man who held the position a year before I was appointed was pensioned on $300 a year after 23 years' service.

We came to British Columbia in 1933, expecting to receive the retiring allowance, I can assure you long looked forward to. But owing to the attitude the Dominion Government has taken towards us, I have had to use my savings and my life insurance which has just about come to an end, and I shall in a couple of months have

to apply to your Relief Department for assistance. I am over fifty years of age, my wife over sixty.

On my dismissal, I took up the subject with the Members of Parliament for the County of Bruce. Nothing could be done. Mr. R. T. Murphy knew nothing about it. Some friends in Victoria wrote to Mr. Bennett, with the same result.

I have a letter from the Prime Minister agreeing to the following request I made to him on the matter:

> "If an authority, or commission of any kind can hear my case in Victoria, I will abide by any decision reached provided that such an authority does not consist of officials of the Indian Department."

The Prime Minister agreed to this in a kind of a way after the election, but all I can get now from Ottawa is a letter from a Departmental Secretary saying "contents of my letter is noted."

I would have liked to have an interview with you regarding this subject, as it is clearly one case that is Dominion responsibility. We have lived on Dominion lands (Indian Reserves) for nearly 27 years.

Believe me, my dear Sir,

Yours faithfully,

Dear Sir:

Mr. J. M. Wardle, Deputy Minister of the Interior, has transferred to this Department your letter of the 8th instant, with copy of a communication received by the Prime Minister of British Columbia from P. H. Gentleman, of Metchosin, B. C., with reference to superannuation on his retirement as teacher in Indian schools.

Teachers in Indian schools are exempt from the operation of the provisions of the Civil Service Act and are classed as "temporary" Civil Servants, and, as such, do not come under the Superannuation Act for permanent employees of the Federal Government. Mr. Gentleman has never contributed to any superannuation or pension fund, and there is no Act or Regulation now in force under which he could be granted superannuation.

The only provision made upon retirement of a teacher is a gratuity, equal to two months' salary, which Mr. Gentleman received. He appears to be under a misapprehension that he was promised superannuation upon retirement. The officials who, he states, made the promise were well aware that no provision was made for the superannuation of teachers.

Dear Sir,-

Kindly advise Mr. Kenneth B. McPherson that his services as teacher of the French Bay Indian Day School will not be required after the end of June.

You should, also, have him advise me, as soon as possible, if he wishes to continue as teacher of an Indian day school. If so, an endeavour will be made to transfer him to some other Indian school for the next academic year.

Dear Sir:

I have been advised by Mr. Robertson, Indian Agent for the Saugeen reserve that I am to be relieved of my duties as teacher at the French Bay Indian Day School but that I was asked to apply for another school.

I may say that I would be only too glad to accept another Indian school in any part of Ontario.

As you may be aware I hold an Interim First Class Certificate of 1935 and I will make it a Permanent Certificate in a few years.

For example I have advanced my class of beginners in my four months of teaching here through the greater part of their course yet by pictures and other illustrations have made sure that they understood everything.

As I have just received the necessary experience to conduct an Indian School in the best manner I sincerely hope you you see fit to let me use it in another Indian school. I also trust my successor at this school will find I have left the school in

Dear Sir,-

In reply to your letter (No 31-1-1) dated May 8th, 1936 I hereby wish to make a reply.

I obtained my High School Education at Port Elgin High School where I received my Junior and Honour Matriculation. I attended Stratford Normal School and I hold an Interim First Class Certificate. I have received my Strathcona Certificate in Physical Training. I was successful in obtaining two Grade A Certificates in Religion. This year I am taking post-graduate work in Agriculture and I expect to obtain an Elementary Certificate in Agriculture.

I am twenty-one years of age.

Dear Madam:

I have your letter of the 13th instant, stating the teaching qualifications which you possess. There will be a vacancy for a teacher at the French Bay Indian Day School, on the Saugeen Indian Reserve, as from September first, next. The qualifications which you possess are satisfactory, and the Department will be pleased to approve of your appointment as teacher from the date mentioned, the beginning of the next school year.

The salary allowed is at the rate of $80 per teaching month. Living quarters are provided.

The local Indian Agent is Mr. D. Robertson, Chippawa Hill, Ont. He is being informed of your appointment and requested, when you take up duties, at the beginning of September, next, to give you every possible assistance. When you arrive at Chippawa Hill, you should report to Mr. Robertson. If you accept the position, please fill in the enclosed Questionnaire and return same to the Department.

MEMORANDUM:

The Honourable the Superintendent General,-

Referring to Mr. Pratt's memorandum of the 7th instant, I wish to inform you that Miss Evelyn McCulloch, R. R. No. 1, Turnera, Ont., has been appointed teacher of the French Bay Indian Day School, on the Saugeen Reserve (Federal Electoral District of Bruce North), for the school year beginning September first, next, to replace Mr. Kenneth B. McPherson, who is terminating his services as from June 30th, next. The local Indian Agent has been informed of the appointment of Miss McCulloch and she has also been written.

With reference to the second last paragraph of memorandum above mentioned, regarding the transfer of Mr. Kenneth B. McPherson to some other school, I have to say that there will be a vacancy for the coming school year for a teacher at the River Settlement Indian Day School, Caradoc Indian Agency, (Electoral District of Middlesex West). If you approve, Mr. McPherson could be appointed teacher of this school. I shall be pleased to have your direction in the matter.

To Whom It May Concern;

I welcome the opportunity of writing in appreciation of the ability and personal qualities of Mr Jack Robertson of this town.

Mr Robertson is a splendid type of young man, clean living, thoroughly dependable, with the highest ideals, and conscientious in all he undertakes. He would, I am confident, do his best to give satisfaction in any position he might be called upon to fill, and would be a real asset to the school and community in which he teaches.

Mr. Robertson has won the highest respect of the people of Southampton. He is a very likeable young man with a pleasing manner and a favorite with young and old alike. I anticipate a fine career for him in the teaching profession. He will be very successful in dealing with the children in his schools.

Mr. Robertson's application is one worthy of the most serious consideration upon Board can give it,

Dear Sir—
I am submitting my application for French Bay school.
I hold a First Class certificate, the Lord Strathcona certificate in Physical Training and a certificate in Religious Instruction.
I also have one half my B.A. degree obtained at Western University. London. This includes Philosophy and Psychology which is a great help in dealing with Indian children.
I have no experience but my critic teacher at Stratford told our class I would go far in this profession. An experienced teacher is not always a good teacher.

Also played in Stratford Normal Orchestra and the Classical Orchestra at Western, and this winter conducted an orchestra. The Indians are nearly all musical and it would be a pleasure for me to form a band among them. I am now taking piano lessons and could play for anything required of me in the school or community.

Every school should have some athelatics because they develop the children's bodies, rest their minds and teach sportsmanship. I have played hockey and ball at both Stratford Normal and the Arts team at Western.

I am willing to secure a certificate in Agriculture this summer if your school requires one.

Dear Madam:

I have your letter of the 16th instant, regarding the overpayment to the amount of $480.00, made to you after you had given up duties as teacher at the French Bay Indian Day School.

As you were well aware, your services terminated at the end of December, last, and it was through error that monthly cheques were sent you for a six month period after that date. You should have been well aware that you were not entitled to the money and should have promptly returned the first cheque you received, as well as the subsequent cheques. At least, you should have made enquiry from Mr. Agent Robertson or the Department as to your being entitled to the cheques. I am sure you must have felt that, after only six months' service, you were not entitled to any superannuation or retiring allowance, and, to say the least, it is considered rather strange on your part that you retained and cashed the cheques. The Treasury Board and the Auditor General insist that you make early refund of the over-payments made you, to the amount of $480.00.

I would request that you give this matter your serious consideration and make the refund. Your early reply, stating what you are prepared to do in the matter, is requested.

With reference to the over-payment made to Mrs. A. Martin I have to say that possibly she could be proceeded against criminally for converting to her own use money that did not belong to her, but there is some doubt as to whether a conviction could be obtained, especially if the court should believe her story that she thought these payments were a bonus. I don't think the Department would be likely to take criminal proceedings in this matter, but even if it did that would not recover the money.

This woman apparently has no money and her husband is not responsible for the claim. Mrs. Martin states in one of her letters that she might be able to pay it in dribs but I do not imagine that there is much prospect of repayment. Beyond making a demand from time to time I do not see that there is anything the Department can do.

Dear Sirs.. There is a course of religious instruction, agreed upon by the O.R.E.A. and authorized by the Department of Education of Ontario, for use in the public schools, by the ministers of the churches.

Many of the ministerial associations have undertaken, with the permission of the Board of Education, in each case, to give religious instruction to the third and fourth classes of the schools, in one half hour period, each week.

With your permission, I would be pleased to follow the course in the three schools on the Saugeen Reserve. My plan would be to present in a simple way, the story and character of Christ, without any

A time could be arranged, to suit the convenience of the teacher in each school, for a half hour lesson each week.

We have developed, in our churches, a religious character, with low moral standards. The children are getting very little religious instruction of an ethical nature. We have no Indian leaders capable of teaching. Our Sunday schools are not getting anywhere.

I will be glad to get your decision in the matter.

Dear Sir:

Enclosed is a copy of letter just received from Rev. C. W. McKenzie, also a copy of our reply.

When Mr. McKenzie interviews you in connection with the matter, you should ascertain the opinion of the Indian parents, and, if they raise no objection, you should consult the teachers and arrange for a mutually satisfactory time for religious instruction.

Yours truly,

Dear Dr. McGill:

You will recall the unfortunate circumstances of the dismissal of Mr. Kenneth McPherson, teacher in the Indian School in North Bruce. I would be glad if you would advise me if there is any vacancy now or prospect of any vacancy on the staff of an Indian School where this young man could be placed. Please give this matter your usual kind attention.

Dear Mr. Sanderson,-

With reference to your letter of February 9th, I regret that, at the present time, there is no vacancy in any of the Indian day schools to which Mr. McPherson could be appointed.

It is, also, unlikely that there will be any vacancy between now and the end of the current academic year, namely, June 30th, next.

I have brought your letter to the attention of the Superintendent of Welfare and Training and, in the event of any vacancy occurring, Mr. McPherson will receive consideration.

Re: Mr. P. H. Gentleman

Dear Mr. Chambers:

I desire to acknowledge receipt of your letter of February 18th and also copy of a communication received by you from Mr. J. T. Gawthrop, attached thereto.

I can only state that Mr. Gentleman's claims for re-employment or for a superannuation allowance were carefully reviewed by the Superintendent General of Indian Affairs and by the departmental officials, immediately following his dismissal on June 30th, 1933. It was pointed out to Mr. Gentleman at that time that he had not been a member of the permanent Civil Service staff, nor had he at any time contributed to a superannuation fund, and consequently he had no claim for superannuation allowance. The decision was reached that Mr. Gentleman's request for re-employment could not be seriously entertained, in view of the unsatisfactory service he had been rendering over a period of years. The departmental files indicate that, if Mr. Gentleman had made any attempt whatever to follow the Inspectors' instructions during the last five years he was employed with the Department, or if he had made even a partial attempt to keep his school clean and in a sanitary condition, he would still be employed in an Indian day school.

This man steadfastly and persistently refused to accept advice from the Provincial School Inspector, the Indian Agent and the departmental Inspector for Ontario. Mr. Gentleman's letters indicate that he was

always right - the departmental officials always wrong. Mr. Gentleman was, naturally, disappointed at the refusal of the Department to consider his claims, with the result that he appealed again for reconsideration of his case. The files indicate that a very thorough enquiry was again instituted, in respect to his service with the Department and the reasons for dismissal, but the first decision was in no sense modified.

Immediately following the return to power of the present administration, Mr. Gentleman appealed to the Department, on the grounds that he had been unfairly dealt with. His case was again considered, the facts carefully reviewed, the departmental officials consulted and a decision reached that, in view of all the circumstances, Mr. Gentleman had no claim whatever on the Department. In this connection I note that Mr. Gawthrop visited the Department of Indian Affairs on July 24th, last, and interviewed the Departmental Solicitor and the Chief of the Schools Branch on behalf of Mr. Gentleman. At that time, Mr. Gawthrop received a full explanation of Mr. Gentleman's case and the reasons that led to his dismissal.

The fourth paragraph of Mr. Gawthrop's letter, in which he refers to certain physical disabilities from which Mrs. Gentleman is now suffering, is, in my judgment, worthy of comment. It is significant that Mr. Gentleman, when writing to the Department in August, 1925, from Leigh on Sea, Essex, England, where he was holidaying at that time, intimated: "I would also say that on reaching England I placed my wife in the hands of one of the best medical men in London, who is attached to two of the largest missionary societies, and was informed that she had a very weak heart and required at least three months' rest."

I think it is only fair to the Department and to the departmental officials that these facts should be known to you. May I further suggest that, if the time at your disposal will enable you to do so, you should call

at the Schools Branch and glance over the file on this case. If you do this, I feel confident you will be satisfied that the Department did not at any time treat this man harshly or unfairly but that he was kept in charge of schools for a number of years, largely on compassionate grounds, despite frequent requests for his dismissal from the field officials.

Dear Senator Green:

I am directed by the Minister to acknowledge receipt of your letter of March 15th, in which you ask for additional information with respect to the claim of Mr. P. H. Gentleman, that he had spent thousands of dollars during his period of service with the Department of Indian Affairs, on the understanding that these expenditures were made with the consent and approval of the Superintendent General and that he (Mr. Gentleman) would be reimbursed for the expenditures he had made.

I may state, by way of comment, that, immediately following a notice of dismissal received by Mr. Gentleman from the Department, early in June, 1933, he communicated with the Deputy Superintendent General of Indian Affairs in a letter dated June 6th, 1933. In this letter, Mr. Gentleman intimated that, over a period of years, he had spent "$818 in moving expenses; $185 in other travelling expenses; $337 on repairs to departmental buildings; $642 on Christmas tree prizes; $127 in sports day prizes; $225 in kindergarten school material and music supplies; $407 on relief to destitute Indians (not including free meals and things given from his house for sick women and children); and various odd amounts totalling $664".

Mr. Gentleman did not claim, in this letter, that these expenditures had been authorized by the Department, nor did he claim that he should be reimbursed for the expenditures made by him. His contention was that, in view of his generosity, he had a strong claim on the Government

for a superannuation allowance.

The Department has never at any time made an allowance to Indian day school teachers in lieu of travelling expenses. Supplies for Indian day schools are purchased by the Department, after they are authorised by Indian agents. There is not on file in the Department a vestige of evidence to indicate that Mr. Gentleman spent money on the repair of departmental buildings at any time, nor was it necessary that he should do so. Mr. Gentleman has been informed, on a number of occasions, that the two months' salary allowed him at the time of his dismissal is the maximum compensation to which he is entitled.

MEMORANDUM:

The Deputy Minister,-

Re: P. H. Gentleman
Victoria, B. C.

I am returning herewith correspondence attached to Mr. Pratt's memorandum of September 24th. It is somewhat difficult to supply additional information regarding the dismissal of Mr. Gentleman from the French Bay Indian Day School, in view of the large number of memoranda already sent forward with respect to the service of this man with the Department and the reasons for his dismissal.

It would appear, from the information contained in the second last paragraph of Mr. Gentleman's letter to Mr. Gawthrop, that the departmental officials became dissatisfied with this teacher's work as far back as 1915. Mr. Gentleman at that time and since then seems to be obsessed with the thought that the officials, for some reason or other that he does not explain, were prejudiced against him and entered into a conspiracy to have him removed from the school in which he was then teaching. It is altogether likely that the Anglican Church authorities and the departmental officials, when they transferred Mr. Gentleman to an Indian day school in the province of Ontario, did so in the hope that his work under new officials and in new surroundings might prove more satisfactory. The records indicate, however,

that just as

that, just as soon as he took up his duties in Ontario, the old obsession still remained with him - that the officials were critical of his work, seeking to persecute him and for some reason or other seeking his dismissal. It is perhaps unfortunate that this man clings so tenaciously to imaginary grievances that seem to have multiplied from year to year. It would be too much to hope that any explanation sent forward to him by the Department or made to his friends would tend in any way to change his attitude.

Mr. Gentleman was never, in my judgment, qualified to teach in an Indian day school. He was employed, however, at a time when fully qualified teachers were exceedingly difficult to secure. It is just possible that a mistake was made by both the departmental officials and the church authorities in continuing him as a teacher when his unfitness was emphasized from time to time by Indian Agents and by Inspectors responsible for the inspection of his schools. I am inclined to think that he was kept for a number of years largely on compassionate grounds.

MEMORANDUM:

Deputy Minister.

I have Mr. Pratt's memorandum of October 6th with reference to Mr. P.H. Gentleman, former teacher of the French Bay Indian Day School.

Mr. Gentleman has referred to the case of Mr. Wallace, a former teacher who was retired on superannuation. In this connection I may say that Mr. Wallace, who was in our employ as a teacher for twenty-three years, was retired on account of ill health in May 1923. He was superannuated under the provisions of the Public Service Retirement Act 1920, as amended in 1921 and 1922. This Act was better known as the Calder Act. Under its provisions it was not required that contributions be made by the person retired. This Act expired on July 1st,1924.

Attached is Mr. Game's report of his inspection of the French Bay School on May 31,1933.

I am directed by my Minister to acknowledge receipt of your letter of October 27 with reference to the French Bay Indian Day School on the Saugeen Reserve.

As no provision was made in the current year's appropriation for a higher salary for the teacher, Miss Evelyn McCulloch, it is not possible to favourably consider allowing her an increase.

The Department is writing to the Indian Agent with reference to the condition of the building.

Dear Mr. Tomlinson:-

I am directed by my Minister to acknowledge receipt of your letter of October 27th with reference to the French Bay Indian Day School on the Saugeen Reserve.

Miss McCulloch is allowed salary at the rate of $60.00 a teaching month. I understand that this amount compares favorably with the salaries paid in rural "white" schools situated comparatively close to the Saugeen Reserve. No provision was made in the current year's appropriation for higher salary for the teacher at the French Bay School and it is not possible to favourably consider allowing her an increase.

The Department is writing to the Indian Agent with reference to the condition of the building.

Dear Sir,

I understand that the subject of Teaching of Music, (vocal), in the schools of the Saugeen Reserve, may be considered by your department. If so, I would like to be an applicant for the position. I might mention that I hold the music Supervisors certificate issued ~~at~~ by the Department of Education at Toronto. I am also Organist & Choirmaster in the United Church at Southampton. I was music supervisor in the schools at Galt for 16 years. I am sure that Mr. Alex. Edwards, the member for Galt, would be glad to tell you of my work there. Dear Sir.. In my work on the Saugeen Reserve, I see a great field of service, which no one has yet entered. The whole generation of young people are growing up without musical training. They have musical ability and many have such a desire for music that they are playing away on the organ by ear.

I understand that you have engaged a director of music for the schools of the Six Nation Reserve, at Brantford. I suggest that you explore the possibility of engaging a director of music for the three schools of the Saugeen Reserve.

I have talked this matter over with the three teachers; and they all expressed their hearty approval of the proposition. The rural schools of the Province of Ontario, are rapidly being organized under musical directors; and musical festivals are held in the various inspectorates.

Reverend Sir:

I am in receipt of your letter of the 28th ultimo with reference to teaching music to the pupils attending the schools on the Saugeen Reserve.

No provision was made in our current year's appropriation for the salary for music teacher and consequently your request cannot receive favourable consideration at the present time.

You refer in your letter to the appointment of a music teacher on the Six Nations Reserve. This is largely experimental. There happened to be an Indian girl on that Reserve who had graduated from the College of Music and she was willing to accept a comparatively small amount for teaching music at the eleven schools in the Six Nations Agency. In addition the Six Nations Band is providing half her salary from their funds.

Dear Sir:

Before the recent by election I wrote to you calling your attention to the fact that my wife and I had been discharged by the late Bennett Government after many years service in the Indian Department, and that the present Government show no disposition to give us any opportunity to answer the charges brought against us.

In 1905 I was promised promotion and a pencion by the late Hon. David Laird, Indian Commissioner at Winnipeg, and in 1933 I was dismissed without reason and given a bonus of two months salary, and have only recently been informed that under the Calder Act of 1924 we are not entitled to the pension. Doubtless this is correct.

However, every once in awhile one comes across such items in the paper, such as I have clipped this evening, and which I am taking the liberty of enclosing.

It would appear that these men were appointed to their positions in 1933 at a salary of $10,000 a year and are provided with a pension of $2500 after five years work. I expect too, they were provided with a comfortable office in Ottawa in which to do their work. In contrast to this I started working for the Dominion Government in 1905 at a salary of $300 a year, and my retiring allowance in 1933 was just $180 compelling us to go on relief. Our work too was not in a comfortable office, far from it.

It does not seem to have occurred to any Government at Ottawa that we have long since past the days when Political activity was rewarded with high salaries and large pensions, while those at the foot of the scale are just cast adrift in their old age. Such customs prevailed I believe in 1838, but it does not seem that official Ottawa has advanced much since.

I trust you will understand that it is only by calling the attention of such things to Members of Parliament that any improvements can be obtained.

Yours faithfully,

(SGD) P. W. GENTLEMAN

June 6, 1938.

Dear Mr. Mayhew:

I am in receipt of your letter of May 16 enclosing copy of letter received from Mr. P. W. Gentleman, former teacher of the French Bay Indian Day School.

While Mr. Gentleman did not possess the requisite qualifications for teaching in an Ontario school we employed him as long as his services were considered satisfactory. However, it was decided that it would be in the best interests of the pupils to make a change in the teaching services of this school and we, therefore, dispensed with Mr. Gentleman's services at the end of June, 1933.

Teachers of Indian Day Schools do not contribute to superannuation fund and do not come under its provisions in any manner. The majority of Indian Day School teachers only remain in the work for a comparatively short time. In the few cases where teachers have been employed for several years we allow a gratuity of two months' salary on retirement. This payment was made to Mr. Gentleman at the time he was dismissed in 1933.

I was particularly pleased to learn from Inspector Game's report that you have an Entrance Class at your school. The Inspector intimates that this is the first time any pupil at your school, with the exception of Crawford Root, has taken up Entrance work. It is scarcely necessary to state that the existence of an Entrance Class at your school is very gratifying to me and to the officials of this Branch.

It is my hope that the Entrance pupils will make steady progress and that they will all be successful in passing their tests at the end of the academic year. You might at that time write and let us know what the actual results of the Entrance tests are.

With reference to your letter of the 3rd instant the Department will allow Miss McCulloch, teacher of the French Bay Indian day school, an increase in salary at the rate of $5.00 a teaching month effective from October 1, 1939, provided she gives Grade 9 work.

The attendance at this school is very small and there does not appear to be any reason why Miss McCulloch should not handle Grade 9 work as is done in the majority of country white schools throughout the Province as well as in many Indian day schools.

Please let me know at once if Miss McCulloch is prepared to give Grade 9 work this year to the daughter of Alex Root and also state if she would like to have the correspondence course from the Ontario Department of Education. Dear Sir:

As the French Bay School on the Saugeen Reserve is vacant I wish to make application for the position and trust that it shall be found acceptable to the Dept. I wish very much to receive this position as my home is quite near the Indian Reserve and I feel sure that I can give satisfactory service as I shall try to do.

I hold a permanent Second Class certificate, elementary certificates in Art and Agriculture, have taken the Second Year Normal Course and have nine years experience.

I have musical ability, can play the piano and can teach vocal music in the school.

I shall be glad to receive this position at the salary set by the Dept. for schools on Indian Reservations.

Thanking you for your consideration in this matter, I am,

Yours truly
Gladys Elder.

Dear Sirs.

The teachers of the schools on the Saugeen and Cape Croker reserves, have asked me to see if the Government would allow music to be taught in their schools. The children are very musical also the teachers, the Inspector Mr. J.M. Game is very anxious they should be given the same opportunity as other Rural schools. I am supervisor of music in schools around these districts, and feel it would be a great advantage to the Indian children if they could be given musical instruction as part of their course of study. I have spoken to the Agents, but they don't seem to know much about it, one was going to write the department and let ~~the~~ know but I have had no word from him, would you advise me what ~~to~~ your department would do in this matter or send word to the Inspector. Dear Sir:

I am in receipt of a cheque amounting to $74.40 as salary for month of October for teaching in French Bay School on Saugeen Reserve.

Since 2% is deducted, this would amount to $1.60 for Govts tax being deducted from $80.00 which should leave $78.40

I have a letter from the Dept. stating that I was hired for $80.00 a month so will you kindly look into this matter as I am afraid there is a mistake.

Thanking you for a speedy reply, I am,

Yours truly

Dear Madam:

I have your letter of the 17th instant, with reference to your salary as teacher of the French Bay Indian Day School.

I regret that no provision was made in our current year's appropriation for an increased salary at your school, and consequently favourable consideration cannot be given to your request.

In connection with the amount which you are paid, I would refer you to official letter of November 14, 1940. You will note from that letter that 5% of your salary is placed in the retirement fund, and when you give up duties as teacher at the Indian day school it will be refunded to you with interest at 4%.

The deduction of $1.60 monthly is the payment of the National Defence tax, which practically all wage-earners must pay.

Walkerton, May 1st, 1943.

To the Rural School Secretaries:

There is a very definite shortage of teachers and this condition will probably continue throughout the period of the war and possibly for some time afterwards. In this Inspectorate at the present time there are 23 married women engaged as teachers. They are all qualified but under normal circumstances would not have returned to the profession. Five School Boards even found it necessary to engage teachers who had been granted Temporary Permits by the Department of Education for one year only. Contracts must not be signed with the latter teachers again before advertising several times for qualified teachers in a newspaper with a more or less province-wide circulation.(e.g.The Globe and Mail). If this brings no results consult your local inspector who, if necessary, will recommend that Temporary Permits be granted to suitable persons.

School Boards would be well advised not to dispense with the services of teachers who are giving satisfactory service as they are not easily replaced. However, if a contract is to be terminated the Board should notify the teacher to this effect, in writing, before June 1st. When engaging experienced teachers it always advisable to obtain confidential statements from their former inspectors.

Inquiries from teachers concerning vacancies come to my office at this time of year but I do not always know which schools require teachers. School Secretaries could frequently be put in touch with prospective teachers more readily if they advised this office promptly of their needs.

It might be of some assistance when considering the salary of your teacher for 1943-44 to know the present trend of salaries. Below is a list of the average salaries paid to rural teachers in this Inspectorate at the beginning of each school year since 1931.

September 1931	$915	1935	$601	1939	$753
1932	814	1936	623	1940	768
1933	664	1937	654	1941	837
1934	625	1938	704	1942	955

From this it is apparent that salaries are definitely on the up-grade. The average for the coming year will probably be $1,000 or over. Several School Boards are now paying $1,100. If a new teacher is required, the earlier the Board advertises the less likelihood there is of difficulty in obtaining the services of one.

A questionnaire concerning your teacher for next year is inclosed. Contract forms will be mailed to each secretary this month.

Yours very truly,

J.M.Game, I.P.S.

Dear Mr. Robertson:-

I wish to acknowledge your letter of the 12th instant asking for the names of suitable teachers for French Bay Indian School. As you know, teachers are extremely difficult to procure but I would strongly urge that no unqualified teacher be engaged before the last week in August. The Department of Education is putting on a six-week Normal Summer Course commencing early in July, and successful students from this course will be available for appointment later in the summer. For example, Miss Wilma Giles of r.r.#2 Clifford, will be one of these and she might be interested in your school. If successful at the summer course she would hold a deferred interim second class certificate.

I shall keep your school in mind and from time to time will submit names of likely applicants. In the meantime I shall tell teachers inquiring about vacancies, of your school.

Dear Mr. Phelan:

I was in to see Dr. Doug today, and he informs me that there is a school at French Bay that you would let me have.

After talking with Dr. Doug I believe I would very much like to be sent to this school; please let me know by return mail the following particulars.

Is there a house attached to, or near the school? also I understand that there are three schools on the reserve, which one do you refer to? Dr. Doug was not quite sure of this. Will the salary be the same as on Gibson or more? I am perfectly satisfied to accept this school, but there are just a few things I wished to know.

Dear Mr. Phelan,

It is difficult for me to write this letter to you, but I find that I have no other alternative.

I am very fond of the Indian work, I believe you know that, and I have enjoyed every minute of the time I have served the Department but due to finances I find that it will be impossible to carry on much longer, unless a substantial increase in salary can be arranged. The house, I realize has had a fair amount of work done on it, but it is still far from comfortable. I don't mind certain hardships, but living conditions here are bad. I purchased a horse, so as could get out in the winter, but the barn is in

deplorable condition, the water situation is the hardest of all, with young children it is nothing but carry water all the time. a pump indoors would soon rectify this and I myself could instal same at a very low cost.

I find that unless conditions both in living and in wages do not improve, I'm afraid I will have to give up my work here, effective Jan. 1st. 1946. I don't want to Mr. Phelan, but I feel sure you will understand my position. I am taking up my B.A. degree and it all costs money. I would like more than anything to continue on with the department in some other position, if nothing can be done at the school end.

Mr. Mc-Neil saw the house when he was here ten days ago, and I feel if the matter was discussed with him it would be cleared up.

I trust something will be done on both of these counts.

Yours in anticipation,

Dear Sir:

I am not familiar with Government appointments but have been advised to write you regarding the following.

There is an Indian school namely French Bay Indian School, on Saugeen Reserve, near Southampton, that is vacant. I applied for the position but they say it is entirely up to the Indian Department who they choose.

This school would be very convenient for me and as I have been given to understand a word from our Member would have a great influence, I have taken the privilege to write you.

However, you will know more about such requests and if so and you would care to put a word in for me, I would appreciate the favor very much.

The appointment, I understand, will be made to begin March 1st.

Thanking you in anticipation, I am

Yours truly,

Jessie Seaman.

Dear Ford:

I enclose herewith letter from Jessie Seaman of Southampton, relative to French Bay School, Saugeen Reserve.

I know nothing about her qualifications, experience, etc., but owing to scarcity of teachers I thought it might be well to refer the matter to your Department and have her case investigated.

In the meantime, I have requested that she forward a proper application to the Indian Agent at Chippawa Hill. I doubt very much whether any returned man would be available for this position.

Your attention will oblige,

ACTING DEPUTY MINISTER

I have Mr. Pratt's memorandum of February 20, together with letters from Mr. Whicher and Miss Jessie Seaman, in regard to the French Bay Indian Day School.

This school became vacant about the first of February. A week or two previous to that date we had advertised in the Globe and Mail and in the London Free Press for a teacher for one of the schools in the Caradoc Agency. We selected a teacher for that particular vacancy, but among the other applications was one from Mr. Louis A. Sampson. Mr. Sampson had taught for three years prior to the war in an Indian day school in the James Bay Agency. According to his own statement, he joined the Army in January, 1940, and at the time of making application for appointment he was receiving treatment for arthritis at the East General Hospital, Toronto. He has now been discharged from the Army and we appointed him teacher of the French Bay School, effective February 18, 1946.

I enclose draft reply to Mr. Whicher.

Dear Miss Dean:

I have not had a reply as yet from Mr. Davis in Winnipeg, but have just been informed today of the resignation of the teacher at the French Bay Indian Day School.

This is a small school with only nine children, situated some six miles from Chippewa Hill, Ont. It is eight miles from Southampton, Ont., the nearest railway station. The school is made of brick and is an old building. There are six rooms in the teacherage, and is also rather old.

For further details, I would ask you to write Mr. D. Robertson, Indian Superintendent, Southampton.

With a First Class Certificate and your experience, you would be entitled to a starting salary of $1920 in academic year. I would suggest that you write to Mr. Robertson if you are at all interested in this school, and also please let me know so that we can, if necessary, make any plans.

I wish to accept the position offered to me in Brandon School.

The living accommodation should be made suitable before employing anyone to teach here. It is very discouraging and not conducive to efficient teaching.

Brandon, Manitoba.

Dear Mr. Strapp:

We have a letter from ~~Miss~~ Mrs. Barbara Dean who is at present teaching at the French Bay School in the Saugeen Agency, in which she mentions that she has been offered a position in the Brandon School. I presume that she refers to your school.

Please let me know if you have offered her a position and if at the time you realized that she was already in our employ.

For your personal information I may say that Miss Dean formerly taught at the Birtle Residential School and from information that we have received, the Presbyterian Church authorities, under whose auspices the school is operated, were well satisfied when she gave up duties with them.

An early reply would be appreciated.

Yours sincerely,

Mr. Don Robertson,

The following letter has just been received from Miss Barbara Dean, teacher of the French Bay School:

"I can contain myself no longer re my position here.

"I know that I can serve more adequately and to better advantage in a residential school so I wish to accept the position offered to me in Brandon School.

"The living accommodation should be made suitable before employing anyone to teach here. It is very discouraging and not conducive to efficient teaching nor happy living.

"There are not many pupils and since many of my belongings are in Manitoba, I would like to return to that province under your Department."

If Miss Dean has not already discussed the above matter with you, you should interview her at once and let us have a report at the earliest possible date. It is hoped that Miss Dean will continue in charge of the school until at least the end of December.

I wish to refer to Department File NO. 3I-I-I (E) regarding Miss Barbara Dean, teacher at the French Bay Indian Day School.

I met Miss Dean at the Southampton station Monday afternoon, September 6th. and drove her to the French Bay School, I visited the school different times during the month and found no complaintes, except she asked for a stove pipe damper, and elbow for the school and a quart of white paint for the house, this was purchased and delivered to her.

On the evening of September 29th. Miss Dean came to the Agency Residence and returned the keys of the school and teacher's residence to me stating she was leaving.

At the end of June there were nine pupils attending this school, at the end of September Miss Dean had sixteen on the roll, three of the new pupils are 7 and one six years of age, the Isaac Root family is moving from Scotch Settlement to French Bay, this will incfeasse the number on the roll by at least four.

I would recommend the operation of the school if possible, on account of the number of pupils to be transported.

Dear Mrs. Anderson:

Further to my letter of October 15, I have information concerning another position which might interest you. We have just now been informed of a vacancy which has occurred at the French Bay Indian Day School, near Chippawa Hill, Ontario. This school has a small pupilage with only 16 children enrolled. The teacherage has three bedrooms and a hall upstairs with a kitchen and a pantry down stairs. There is a summer kitchen attached. The barn is used as a garage and as an outside toilet. If you wish any further details concerning this position, I would ask that you write directly to Mr. D. Robertson, Superintendent, Indian Agency, Chippawa Hill, Ontario.

Dear Mr. Phelan;

I am in receipt of your letter with reference to Mrs. Dean.

I received an application from this person in reply to my advertisement in the Toronto papers. I wrote to her at a Toronto address and received a reply by wire from Southampton accepting the position.

I certainly did not know that she was in the employ of your branch or I would not have contacted her at all.

I do not know just where to contact her as a wire sent to her at Southampton, I am informed by the C.N. Telegraphs, cannot be delivered as she has already left there.

I contacted the Principal at Birtle and was under the impression that his difficulty with Mrs. Dean was her extra curricular activities.

Dear sir:-

Mr. Neary - from the Indian Dept. - has written me of a vacancy at the French Bay Indian Day School. I am interested in having the position. Is the present teacher continuing until Dec. or does the position need to be filled now?

Is the school & teacherage in a good condition and is there electricity in the building? Is the residence completely furnished? Is the school & reservation on the lake and far from the good highway? My husband & two sons will be with me.

I have taught for seven years in Indian schools and four years in Provincial public schools in Northern Ontario. I have a permanent second class certificate.

Please let me know as soon as possible about the position & it would take me awhile to get ready & come.

We have received a letter from Mrs. Anderson advising that she is not particularly interested in the position at the French Bay School. Apparently her husband wishes to get work near the school and as it is five miles to the highway, she feels that this would not be possible. Have you heard from Mrs. Davison, to whom I wrote on October 25? You are probably also aware that there is a possibility that Miss Adair may be transferred from the Gibson School to French Bay.

I have also been advised that the teacherage at this school is only partially furnished. Please find attached a copy of our standard list of furniture for the teacherages at one-room schools. Would you please prepare a requisition based on this list so that we can complete the furnishings at this school to requirements. The colours of the rugs can be indicated as decided by the colour scheme of the various rooms. Naturally, the changes in the sizes of these rugs should also be indicated. The sizes in the list are for our new standard school teacherage and will naturally not fit the rooms of our older teacherages.

Dear Mr. Neary:-

After receiving your letter regarding the French Bay Indian School, I wrote to the agent there for some information. His reply was rather vague & discouraging. He stated that the residence was partly furnished but didn't say what that included. He also said the school was five miles from the highway but didn't give anything further in that line either. By the time I would hear from him again so much time would have elapsed. I feel that I should dismiss the matter and allow you to contact other teachers. I know it is important to have the vacancy filled at once and I would rather not delay you longer.

Although I was very interested when I heard of the vacancy I had decided to await further news from the Walpole Island School. I am hoping that my application for that position may be favourably considered in the near future. I have written to

Mr. Stallwood there, at the same time I sent in my application.

I would have liked to be at Chippewa Hill but feel that it is quite a gamble to accept the position without more information. If the five miles to the highway is closed all winter it would eliminate the possibility of my husband getting to work; and he had planned to find employment near there as soon as we were settled & he had rested a month or so.

I trust that I have not inconvenienced you but I have written promptly & you & Mr. Robertson, on Oct. 30th.

Thanking you very sincerely for contacting me about this school-

Southampton, Ont. March 21, 1923.

Mr. T. J. Wallace, school teacher, Saugeen Indian Reserve has had a recent attack of Pleurisy from which he is slowly convalescing.

He has been suffering for years from Chronic bronchitis and asthma. He has had two attacks of Pneumonia in the last twelve years and three attacks of Pleurisy in the last three years. His right-lung is fibrosed and as a result the right-chest is shrunken. In my opinion he is unfit for farther service. He is physically down and out.

Sir:

I have to acknowledge receipt of your letter of the 29th ultimo, tendering your resignation as teacher of the French Bay School on the Saugeen Reserve to take effect at the end of the present month.

In reply I beg to say that the circumstances under which you find it necessary to terminate your services have been noted, and your resignation is accepted. Before leaving, you should prepare and hand to the local Indian Agent your quarterly return showing the attendance, days taught, etc., and he will forward the same to the Department, when payment of salary and bonus due you to the end of the present month will be made.

Grand Lucrn Agency Ont. Sept 29/24

An application has been received from Harvey Lindsay to succeed you as teacher. We would prefer a teacher having higher qualifications, and we are requesting the Public School Inspector, Mr. McCool, to nominate the services of a qualified teacher. In the event, however, of his being unable to do so, the application of Mr. Lindsay will receive consideration.

We are informing Mr. Agent Putnam of your resignation and the date on which same will take effect.

Your obedient servant,

A. F. MacKenzie,
Acting Asst. Deputy and Secretary.

Ottawa, August 29th, 1925.

Sir:

I have to acknowledge your letter of the 22nd instant, informing the Department that you have notified Mr. Green, teacher of the French Bay Indian Day School, that his services will not be required after the 30th proximo. The Department has appointed Mr. P. H. Gentleman, who has taught in Indian schools in Western Canada for some years. This teacher will arrive on or about October 1st. Salary will be allowed at the rate of $100 per teaching month.

Mr. Gentleman's personal effects are in Western Canada, and he is arranging to ship them by freight to Southampton in your care. In a week or ten days, you should communicate with the freight agent at Southampton, asking him to inform you when these effects have arrived from Selkirk, Man. Upon receipt of notice concerning their arrival, you should make arrangements to accept shipment and arrange for storage either in Southampton or at the teacher's residence. Mr. Gentleman, himself, will reimburse you for your expenses in this connection. This action concerning his effects is necessary as Mr. Gentleman is now in England on holiday and has arranged with friends in Selkirk to make the freight shipment.

RECORDS

Dear Sir:-

Would you kindly advise me by return mail, if Mr. O. H. Gentleman, Teacher, now in your Service at Shoppewa Hill, Ont, was recommended to your Department by Dr. J. B. K. Westgate of Winnipeg, or any other officer

of the Missionary Society of the Church of England in Canada, and at what time the recommendation was made? I am informed Mr Gentleman entered your service Sometime in the Spring of 1922, upon severing his connection with the Old Fort School, on the Blackfoot Reserve.

Thanking You,

Yours Very truly.

February,13,1929.

Dear Mr Ferrier.

I have a half yearly premium on an insurance policy due on the 29th of this month, which I am unable to meet.

I have always understood that I have 30 days grace in which to make payment, and I intended taking care of this out of my March salary, but the 30 days would expire just before I would receive this cheque, and I wrote to the company to ask for an extension of time. The enclosed is their reply, from which I gather they require $10.34 for this privilage. I have never been behind in these payments, and the old loan mentioned I can take care of in September as the purpose for which this loan was made me in 1925 is returnable this year.

I am making quarterly payments to London, but our expenses this time last year with Owen Sound Hospital, put me back all the year, and I had to manage a loan at the Bank for the September quarter, which I have just settled, and of course I dont want to fall down on the policy.

Under these circumstance could you make us an advance of $100 on our present quarters salary, or rather have this amount placed to my credit at the Bank of Commerce Southampton by Saturday the 25th, which would enable me to have this payment on hand at Winnipeg by the 29th.

I am not entirely certain about the 30 days grace, but I think this is stated in the policy. The company however are holding the policy on the loan, which was originally $500. The loan interest I paid last year in August in a lump sum.

I hope you will be able to make me an advance. I do not like to ask the Bank for another loan so early. It would cost much less than $10.34 if it becomes necessary, but I want to advoid it if it is possible to do so. Please let me have the attached back again.

Yours faithfully,

J. K. Eastman.

Ottawa, December 30, 1933.

Madam:

I have to inform you that the Department will be pleased to approve of your appointment as teacher of the French Bay Indian Day School, on the Saugeen reserve, near Southampton, Ont., as from the first proximo. The salary allowed will be at the rate of $80 per teaching month, less 10%.

The Department understands that you have a second class Ontario certificate. The local Indian Agent is Mr. Don. Robertson, Chippawa Hill, Ont. I would request that you communicate with him and inform him definitely of the date on which you will be prepared to commence duties, which, it is hoped, will be on or about the third proximo, the date the schools re-open after the present Christmas holidays.

There is a teacher's residence in connection with this school, where you may reside. Mr. Robertson will give you full information regarding the residence or the obtaining of boarding accommodation. He is also being instructed to arrange with you for the preparing and forwarding of a requisition for any classroom equipment and furnishings for the residence, if required.

We understand there are some 12 children who could attend this school. It is hoped that you will meet with every success in the work. I would request that you immediately communicate with Mr. Robertson, informing him of the date you will begin duties.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Miss Winnifred Stead,
C/o W. J. Stead,
Wiarton, Ont.

Ottawa, November 5th, 1935.

Sir,-

With reference to the employment of Mrs. A. Martin (nee Miss Winnifred A. Stead) as teacher of the French Bay Indian Day School, I beg to direct your attention to Section 36 (1) of the Civil Service Regulations, which provides as follows:-

(1) "Hereafter, no married woman, whose husband is living, shall be eligible for appointment in the public service;

(2) "Provided that, when the supply of experienced help for any particular kind of work is not sufficient to meet the demands of the public service, a married woman may be certified for temporary employment;

(3) "Where it can be established by a married woman that her husband is unable, through illness or other cause, to contribute to her support, such married woman may be certified for permanent or temporary appointment."

In the public service, when a woman marries, she is required, under the regulations, to resign her position. It is, therefore, necessary to dispense with Miss Stead's services and you should, therefore, advise her that her employment as teacher of the French Bay Indian Day School will terminate when the school closes for the Christmas holidays.

You will be advised later regarding the name and qualifications of the teacher whom the Department has decided to place in charge of this school.

Sir.

I have the honor to reply to your letter of 31st ultimo that I examined the well at French Bay and found not more than three inches of water. This well is about twenty seven feet deep and the sides are planked. The well digger informs me that it would not be necessary to remove this in order to deepen the well. He thinks an additional depth of three feet would ensure a constant supply of water but this would cost probably three dollars a foot as it would have to be planked.

Sir

I have the honor to State that Miss. Nellen Cameron Teacher of French Bay School has requested me to have 3 rooms of Dwelling House at French Bay School papered the size of rooms as follows

Kitchen 10 x 15 ft 7 ft high with the ceiling.
Hall 10 ft Long 9 ft high with ceiling 5 x 10 ft
Parlor 10 x 15 ft 9 ft high with ceiling 10 x 15 ft.
Also a pane of glass 16 x 32 in which was broken three years ago by the Shutter

I would recommend this papering as the calcoming done at the time of rebuilding was poorely done. and the walls + repair
look bad there will have to be something done with them, I think papering will be as cheap in the end as anything else that could be done with them

Sir

I have the honor to refer the Depty- to my letter dated June 19th. and also official letter dated May 24th No. 153978-----5 and to inform the Depty that my estimate of the cost of the Stable proposed to be erected at French Bay in letter of June 19th last, was too low.

I may say that my reason for this error was that when I got quotations on building materials needed. I found it greatly advanced in price as will be shown in the following quotation

Hemlock formerly quoted at $ 6.00 per M. now costs $ 9.00 per M. and other building material including hardware has also advanced

On account of the advance of cost in material the total cost of proposed building to be erected. will amount to $ 110.00 or $ 115.00

Kindly inform me at your earliest convenience whether the Depty sanctions this expenditure as Mr. Wallace the teacher wishes the building finished in time to lay in a supply of hay. and Haying is now commenced

Sir,-

I have the honor to acknowledge letter of the 10th inst- No. 153978/5-

In reply I would inform the Dept- that as instructed in letter referred to I awarded the contract of erecting proposed Stable to be built for the use of the Teacher at French Bay School to Henry Ritchie at the price of $112.00/100.

The said stable is now completed according to contract- I would therefore recommend that the contract-price be paid

In connection with the enclosed a/c I would inform the Dept- that I neglected to put in the estimate of said Stable, the cost of a gang-way into it- and as the stable could not be used without a gangway. I had the cost of it sanctioned by the Indian Council minute of which I herewith enclose, and had it constructed by H. Ritchie the acct of which I also enclose, and would recommend the payment-

Sir

I have the honor to herewith enclose a/c in duplicate of the expences in Connection with Repairs of Well, at the French Bay School.

I would inform the Dep't that as suggested in official letter dated July 24th last - No. 153978-----5 - that the supply of water in the well referred to was sufficient and the quality good. Until the month of November, when the supply failed. I then had the well made four and one half feet deeper, at that depth, the water came in so fast that it could not conveniently have been made deeper. In a short time it was three ft deep in the well, and has kept that depth since. The quality of the water is good. To prevent the sand from filling in I had the well bricked with 1st class hard Brick & filled in behind with gravel or grout.

As the pumps then in the well would not work in the extra depth I bought a new one & sold the old one to one of the Indians

I hope this was not exceeding my authority & that it will be satisfactory to the Dept

MEMORANDUM

To the Secretary-

Ottawa 15th August 1901-

I beg to report that during my recent visit at the Saugeen Indian Reserve, I examined the stable erected for the teacher at French Bay, about which complaint was made to the Deputy Minister, and found it completed in accordance with the specification. It was not quite finished until after my arrival at the Reserve, when the Agent told me he had instructed Henry Ritchie, the Contractor, to have it finished, as I was going to inspect it.

The teacher was absent from home and the door of the stable was locked, but I had a view of the inside through the window. I measured the dimensions and found them correct, and I made an estimate of the work, which after making what I consider ample allowance for everything, including workmanship, I found to be $102.58. The actual cost paid Ritchie is $118.50

In this connection, I may state that the Rev. W.B. Danard, in a communication to the Minister last Month, on File 59273/2, states that the Teacher at French Bay told him that he had to board Henry Ritchie and to furnish the hinges for the doors in order to get it built, and that he got no pay for the same, and also that Ritchie built it as he thought best, it being left to him to do so by the Agent.

Owing to the Teacher's absence, I am unable to verify this, but if it is true, the Agent should have made Ritchie pay for his board and also the hinges, as the contract price included the whole work.

Ottawa 15th August 1901-

Sir-

It has been represented to the Department that the Teacher at French Bay School, Mr. Wallace, had to board Henry Ritchie, the Indian who built the stable at that place and that he had not been paid for this; and further that in order to get the stable built, the Teacher had to buy the hinges for the doors out of his own funds.

As the contract price was in full for the work, the teacher should not have been called upon to board the Contractor, or his men, nor should he have been compelled to pay for the hinges for the doors.

I have to request you to state whether these representations are correct or otherwise, and if correct, to explain why you did not collect and pay over to the Teacher the amount to which he was entitled for board and hinges.

Sir:-

I have the honour to forward to the Department a list of the necessary repairs to be made at the Scotch Settlement and French Bay Schools, which has been sanctioned by the Indian Council at the regular monthly meeting held July 2nd, 1901.

Motion-

Moved by Peter Henry, 2nd. by David Root.

That the necessary repairs be made on the School Houses and teachers' dwellings at the Indian village, French Bay and Scotch Settlement, also on the Council chamber in accordance with the report made to the Indian Council and that the expenses be deducted from band funds. Carried

Certified correct.

I would inform the Department that as my time was taken up by pay-day and the visit of Mr. Geo. C. Chitty, Inspector, I have been unable until now to examine said buildings and make estimates of the improvements required. The list of improvements herewith enclosed is necessary in every item and I would recommend these repairs to be made.

I have not been able to make an estimate of the painting of the roof and outside woodwork but would recommend that it be done. Would the Department kindly advise me in the matter at their earliest convenience as I should like to have the repairs made on the interior of the school houses before the opening of the school term.

Dear Sir, —— In respect to Mr. McLean's letter of inquiry re "my boarding Henry Ritchie, the Indian who built the Stable at French Bay, and his men &c" I beg to inform you that I boarded Henry Ritchie, but I did not board his men. I have further to inform you that I did not buy the hinges for the doors as stated in Mr. McLean's letter. I beg to inform you further, that while I did board Henry Ritchie free of any monetary consideration, I was informed by Mr. Ritchie that certain very necessary and indispensable portions of the interior finishings would not be done by him as he could not afford to do them owing to the low figure per which he had taken the contract and were not included in his contract. To get him to do this work which he claimed was beyond his contract I boarded him free of cost, and it was in connection with this work that I purchased a couple of pair of small hinges, I beg to inform you further that I make no claim on the Department for Mr. Ritchies board. I beg to inform you still further that this complaint to the Department did not come from me, I have yet to write my first complaint to the Indian Department concerning you or any other official of the same

Sir-

I beg to acknowledge the receipt of your letter of the 21st Instant, enclosing a letter addressed to you by Mr. T.J.Wallace, Teacher of the School at French Bay, relating to the building of the Stable at that place, and in reply to inform you that Mr.Wallace fully admits the correctness of the representations made to the Department in this matter, inasmuch as he states that he boarded Ritchie and bought the hinges, in order to get him to do the work. As the price paid Ritchie for building the Stable was largely in excess of the estimate you gave in the first instance and as the price paid was ample to pay for the proper completion of the work, the Teacher should not have been called upon to supplement the amount. Although Mr.Wallace did not complain to the Department nor ask payment, it is evident, notwithstanding his statements, that he felt aggrieved in the matter and you should have ascertained that everything was satisfactory before you settled with Ritchie.

I have the honor to forward Resolution passed by the Chippewa Indian Council on the 6th inst

Moved by Ed J Madwishmind Sec by Peter Henry That the Yard around the French Bay School house be Leveled, and seeded with Lawn grass The cost to be taked from the Band funds

Carried

certified Correct-

Referring to the above Resolution I would inform the Dept that the School Inspector Mr. Clendenning in his last Report asked that this work be done. I do not like to break the sod of the natural grass as I believe the soil being light-blowing sand & being disturbed by the children It will be a long time before a sod will again be formed thus giving the wind an opportunity to blow the sand & make it uneaken again It will cost about $12.00 or $15.00 & if the Dept thinks best we will try it

I would say in explanation of this a/c that I let the Contract of these Repairs in Sept 1901. to James Cook for the sum of $75 he secured the shingles and left them at the School but did no work at that time

Last January he said he would give up the Contract. but as I could not get the work done by any other person. I again made a bargain with him, he was to provide the material at the prices in the enclosed a/c and I was to pay him $1.50 per day for doing the work

The work has been satisfactorily done and does not exceed The amount authorized

Dr. Sir.

I have the honor to forward to the Dept. Resolution No 6 passed by the Chippewas of Saugeen in their regular monthly Council for July. Held July 6th. 1903.

Moved by David Root 2nd by Peter Henry
That a new chimney be built on the summer kitchen of the teacher's dwelling at French Bay. Costs to be taken from Band Funds.
Certified Correct Carried.

I would recommend that the chimney referred to in the above resolution be erected as it is dangerous to have the stove pipe going through the roof. The kitchen is much lower than the main building and the chimney will therefore have to be built about eight feet above the roof and ~~ten~~ twelve feet below. It will require 6 bricks per foot which at $ per M will amount $3.60
Cartage -- 8 miles 2.00
Sand and Lime with cartage 2.00
Laying brick and Labour 5.00
The estimated cost will be according to above figures twelve dollars and sixty cents.

Sir:-

I have the honor to state in explanation of the enclosed resolution, that the well referred to has good water, but the supply, from four to six pails, every twenty four hours, is not sufficient for the needs of the school and the teacher's family

I think that if the well was sunk 8' or 10' below the present source, it would gather a sufficient supply. It would cost $1.25 per ft. beside the cost of lining, to keep the sand from coming in, and if the nature of the soil is such that it will not gather a sufficient supply we will have to sink until we find a stronger spring

I therefore cannot estimate the cost, but would recommend that the work be done

Sir:-

I have the honor to state that I found it necessary to have the Schools at French Bay & Scotch Settlement cleaned & repaired as stated in enclosed a/c.

There is an item in Matthew Martain's a/c $2.25 for repairing Church foundation & one in John's & Telford's 2 Sacks cement $1.20 which was used for the same purpose; and should perhaps have been rendered on a seperate Form, but as it was included with the other work and material I thought it best to leave it there.

authorized Nov. 25. 05 to 32615.

As the rain ran down the Belfry posts and destroyed the plaster on the ceiling I thought best to have it repaired.

Martain has made a good job and I would recommend that the a/c be paid from the Band funds in accordance with the enclosed resolution

I have the honor to state in reply to official letter above quoted that I submitted the plan of dry earth closets to Henry Ritchie Con Indian of this Band. and to The Chippawa Lumber Co. and have received the ~~above~~ enclosed offers.

I would say ~~that~~ I think a smaller closet would suit the children, and prevent more than two going in at the same time. The teachers are also of the same opinion

I asked for figures on both sizes but the Chippawa Lumber Company only submitted one set of figures

The filling required at the French Bay School will take about 130 cubic yards, and will cost about $80.00 if filled with gravel as proposed by Mr. McCool

I would suggest that where it requires filling a foot or two deep, that one half at least earth be used. The gravel will pack much better, and I think will make a better job. If the filling is made half earth it will cost about $60.00

Sir,-

I have to acknowledge the receipt of your letter of the 8th inst., quoting prices for the filling required around the French Bay school-house.

In reply I beg to say that the Department approves of your suggestion that a mixture of earth and gravel be used for this purpose and you may have the work done as soon as possible, the cost not to exceed the sum mentioned, namely, $60.00.

You will be good enough to see that this job is done in a satisfactory manner.

Sir,-

I shall be glad if you will be good enough to state whether, in your opinion, Sec. 36, Chap. 39, an Act respecting the Public Works of Canada, Revised Statutes '06, which states that whenever the Minister having charge of a Department shall invite tenders by public advertisement for the execution of certain works under its direction, applies to cases in which an Agent of the Department obtains prices for such work, Verbally or in writing, to be performed on Indian reserves and to be Paid out of Indian funds or money not specially voted for that purpose.

As a case in point; two closets are required at an Indian school and our Agent has received two offers from responsible builders to put them up for stated sums. Payment would be made from the interest money of the band. Before accepting either of these offers would it be necessary to obtain the sanction of His Excellency the Governor in Council?

Ottawa, 11th July 1908.

S i r;

I have the honour to acknowledge receipt of your letter of 23rd ultimo -153978- in which you ask for an opinion as to whether under section 36 of the Public Works Act tenders received must be submitted to the Governor-in-Council in cases in which an agent of the department obtains prices for work, verbally or in writing, to be performed on Indian reserves and to be paid out of Indian funds or money not specially voted for that purpose. As a case in point you instance two closets which are required at an Indian school and in connection with which your agent has received two offers from responsible builders to put them up for stated sums.

In reply I beg to state that in my opinion whenever tenders are invited those received must be submitted to the Governor-in-Council before the contract is awarded, and that, whether the invitation is by advertisement or otherwise.

Where it is inconvenient to go to Council with tenders and the work comes within the definition of paragraph (c) of section 36 it is competent to the Minister to deal with the case under that paragraph.

It does not, I think, as a matter of law, make any difference that the payment for the work will be made from the interest money of the band in the instance to which you refer.

I have the honour to be,

The Acting Deputy Minister,-

On March 19 Mr. Agent Scoffield was asked to obtain an estimate of the cost of erecting new closets for the French Bay and Scotch Settlement schools in accordance with the plans and specifications sent him. The Agent submitted the plans to builders and received two offers, one from an Indian of the band named Henry Ritchie for the sum of $131.00, and another offer from the Chippawa Lumber Company for $130.00.

You will see there is only $1 difference and from the Agent's letter it would appear that he considers the Indian as competent to carry out the work.

As there was some doubt as to the application of Sec. 36, Chap. 39 An Act respecting the Public Works of Canada Revised Statutes '06 to this case, the Department of Justice was asked for its opinion and on the 11th inst. it replied that it was of opinion whenever tenders are invited those received must be submitted to the Governor in Council before the contract is awarded, whether the invitation is by advertisement or otherwise. In view of this opinion these tenders should be submitted to Council, but I think in the memorandum it would be only fair to state that one of the tenderers is an Indian and that he is competent to perform the work satisfactorily, the difference being so slight I think he should get the preference.

His Excellency

The Governor General in Council.

The undersigned begs to report that, it being necessary to provide new dry-earth closets in connection with the French Bay school and the Scotch Settlement school, on the reserve of the Chippewa Indians of Saugeen, in the County of Bruce, Ontario, the two following offers have been received for the construction of the four closets (two at each school - being a separate building for each sex),-

Henry Ritchie's, Chippawa Hill, Ont.,	for	$131.00
The Chippewa Lumber Company's, Southampton, Ont,	"	130.00

The undersigned would state in connection with these offers that Henry Ritchie, whose offer is slightly higer than the other, is an Indian of the Saugeen Band; and, as it is desirable to have Indians perform such work on their reserves as they are capable of, and as there is a difference of only one dollar between the two offers, the undersigned would suggest the advisability of accepting Ritchie's offer.

The tenders are submitted herewith, as

Submitting offers for construction of closets for two schools on Saugeen Indian Reserve.

These closets are reported by the public school inspector as being required.

The Agent did not advertise for tenders but just asked parties for offers. (Apparently, however, the two who have offered to do the work were the only two whom he asked to offer, as he says " I submitted the plan of dry closets to Henry Ritchie, an Indian of this band, and to the Chippawa Lumber Co., and have received the enclosed offers." The enclosed offers are the two herewith.) Probably these are the only parties in the vicinity whom he knew to be available for the work.

Indians are employed by the Dept. when possible and it is desirable that Ritchie should get the work.

Sir:—

I have the honor to state that a large number of wells in this vicinity has gone dry since the hard frost. There has not been much rain since before harvest, and the supply of water has gradually got less in a number of wells. At the Scotch Settlement there is hardly enough to supply the pupils and Teachers family.

At French Bay School the well has failed to supply a sufficient quantity for three weeks or a month, and the last two weeks the well has been and is dry. The Teacher has to carry all the water for the use of his family over a quarter of a mile. He notified me last Saturday that if I did not get a supply of water he would close the School.

I was thinking that if we got a thaw in January the water would again return to the wells, but we are not likely to get a thaw or rain for some time now, and I hardly know what to advise the Dept to do.

The new crib that was put in this well in 1905 had to be made about 14" smaller than the old one so that it would go down inside the old crib. If I tried to deepen the well, there would have to be a new crib started from the bottom 14" smaller than the present one, which would be too small for a man to work inside of. The quicksand comes in so rapidly that we cannot deepen the well without cribbing it. This leaves

This leaves the present well useless. unless we make a drive well of it, That is, drive a perforated pipe until we get a sufficient supply of water.

In this way the old well would save us cost of driving about 24 feet, and perhaps we would get a permanent supply of water. If we dig a new well we will have the same difficulty to contend with that we had before that is digging in quick-sand

I would therefore recommend the Drive well

Will the Dept advise me in regard to this matter.

Sir:-

I have the honor to state that I have had the Drive Pumps put in at French Bay School and we got about 7 ft of water in the pipe which I think will give a permanent supply. The pump is not working as it should. We will wait until we get a pump that will work more easily before rendering the a/c

I enclose another Teacher T. J. Wallace's account $4.00 for water supplied during the time the well was dry

I would recommend the a/c be paid from the Band funds

Sir:—

I have the honor to enclose herewith a letter from T.J. Wallace Teacher French Bay School Section Sangeen Reserve

I would say that I sent an Indian to temporally repair the fence and afterward brought the matter before the Indian Council, who passed the following resolution, I would recommend that the fence be built, and the cost taken from the Band fund.

The length of fence is 110 Rods and will take 125 Posts, 225 stakes, 300 lbs Staples, 50 lbs Brace wire, 25 lbs Spikes 1200 lbs wire, and about $25.00 to do the work, Total Cost about $100.00 one hundred Dollars.

Moved by A. Ritchie Seconded by Peter Henry

That a new wire fence be erected around the Teachers garden Lot at French Bay Section, and the costs be taken from the Band Funds, carried

Certified correct—

I also enclose another letter from T.J. Wallace in regard to improvements required in his dwelling. I brought the matter before the Indian Council and Councilman Shyahba was delegated to examine the dwelling

Dear Sir,
As you are aware, I notified you personally on the 17th current month, that a portion of the fence surrounding the teacher's lot at French Bay was wrecked by age, decay and the wind, leaving the property an open commons. The posts are rotted off, the lumber decayed, and useless on two sides south and east, In order to allow of a crop this season Prompt action is a necessity as seed-time is already here. There will be required new posts, New lumber, (otherwise wire) besides the expenses of labor in connection therewith and nails as well. You instructed me "to toggle this up for myself as you had done with yours". This I must refuse to do, as I do not consider it any part of my duty to keep in repair, at my own expense, Public properties on the Reserve. A portion of the fence is entirely wrecked, the balance of the two sides mentioned above, remain standing on props, and has been in this condition over three years. I have kept this fence in repair for over eight years at my own expense for nails and labor. It is so decayed I cannot do it now as, having but one hand, I cannot do the labor.

Sincerely yours

T. J. Wallace

Chippewa Hill, Ont,

Dear Sir,

The teachers dwelling house at French Bay, requires some improvements, and you are hereby respectfully requested to give this matter your attention.

The kitchen and the two rooms down stairs and the hall down stairs require papering. These rooms are now absolutely filthy with fly-dirt and other natural causes and are thus rendered unsanitary and unfit to live in, in their present condition.

The kitchen was papered seven years ago this spring, and the other two rooms and hall have not been papered for over ten years. This work we want done in the month of May, Current year if at all possible.

Sincerely yours

Dear Sir,—

I beg to inform you that the Physiology mailed to me reached me in good condition. Contents of enclosed circular noted. Shall follow your instructions to the best of my ability. Have been giving attention to this subject all along.

Doing a little with the Calesthenics. Room small, no ventilation. Shall give it full attention as soon as the season will permit of outside exercises.

The ventilation and the seating of my school-room at French Bay require immediate attention. A number of the seats are broken and I cannot seat all my pupils at times. New and modern seats should be installed as early as possible, single seats, The windows should be weighted so as to be easily raised at the bottom and lowered from the top as no other system could very well be installed now. I am convinced it was owing to the vitiated air of my school-room that I fell a prey to Pneumnia on December 6th last. Pupils complain continually of head-ache. Two pupils left the school-room sick and are dead. As it is, the school is in winter a pest hole and if not improved I shall, for the sake of my own life, be compelled to seek employment elsewhere. However, I have confidence that the Department will look carefully to improving conditions as I have suggested re ventilation and seating &c.

I have the honor to state re ventilation in French Bay School that when the Building was erected it, and also the other School houses, ~~the~~ windows were fitted with weights, and made to lower from the top, but have never worked satisfactory in fact- none of them are now working.

I few years ago I had the window casing taken off, new ropes put in and the weights adjusted, but they did not work for more than six months until they would not work at all.

The ventilation of the School rooms is of great importance and I am pleased that the matter is being considered by the Dept.

The School room at French Bay & Scotch Settlement are heated by wood stoves placed at the end of the rooms near the enterance. The pipe is about 10' from the floor, runs to the other end of the room, where it enters the chimney

Chief Accountant,

Referring to your memo. respecting ventilation of French Bay school, I have to say that I cannot offer any suggestions without either an inspection of the building or a definite plan of same.

With respect to the windows which will not work. It is possible that they may be made effective by the use of chains or tape instead of ropes, unless the trouble is with the pocket, in that case it might be necessary to make alterations to the frames and pullies; or possibly what is required is a thin interfering strip.

Dear Sir,

I beg to inform the Department, that owing to the large attendance of pupils at this school at present and for some time past I cannot seat comfortably all the pupils. I have seating capacity for 28 pupils, 14 boys and 14 girls. I have on my roll 32 pupils and two or three others who ought to be here. On the Roll I have 17 boys and 15 girls, so you will readily understand my difficulty. My average for the month of April is 28, my average for last week is 30.4.

I also beg to draw the attention of the Department to the fact that in the event of the Department placing new single chairs or new seats of any kind in this school-room a new floor is an absolute necessity. The portion of the floor upon which the chairs and desks would sit is worn out. Originally a pine floor, under the seats where the childrens feet rest is worn in places almost through but the pine knots in the floor did not wear, hence the old floor is so uneven that to place chairs and desks with any degree of regularity or solidity would be practically impossible. Moreover, in tearing up the old seats, many of which

are [illegible] down by nails other than screw-nails, the old pine floor will of necessity receive more or less damage generally more. Will the Department pardon me if I offer a suggestion? To my mind, the proper thing to do, would be to lay a new hard-wood floor over the entire room on top of the old one provided this is practicable. The room is very cold on windy days in winter, and hence very uncomfortable and unhealthy for both teacher and pupils. The present floor is a single one and the ventilators (broken) being open renders the floor so cold that the feet are always cold. The double floor would largely remedy this defect. There has been a most excellent hard-wood single floor placed up the centre some few years ago I think probably five years ago.

I am seating the pupils three in a seat at present. This I shall endeavour to get along with until the approaching mid-summer vacation and I hope the Department will then see that new single chairs and desks are installed in order to facilitate my work here and relieve the over-crowding.

Sincerely yours

T. J. Wallace

Sir,

I have the honor to acknowledge official letter regarding the report of seating the School at French Bay.

I would say that on account of being ill, it was impossible for me to forward my report at the proper time.

I enclose herewith a diagram of the plan proposed by Mr. Wallace.

He wishes to have 34 single seats
12 of the Largest size
14 of the Medium size and
8 of the Smallest size

The school room inside is 19'6" x 29'8"

We think the enclosed plan is the best division, we can make, of the space available hoping it will be satisfactory to the Dept—

Ottawa, May 16, 1911.

Sir,

Referring to your letter of March 10th, last, in regard to the lack of ventilation in the French Bay school I beg to say that the Department would like you to consult a reliable builder with a view to having the windows fixed so that they will raise and lower properly. It is possible that this might be made effective by the use of chains or tape instead of rope, unless the trouble is with the pocket in which case it might be necessary to make alterations to the frame and pulleys, or it might be that a thin interfering strip is required, but a competent mechanic will no doubt be able to make some suggestions.

AT the same time you should obtain an estimate of the cost of laying a hardwood floor.

In order to provide further for ventilation the Department thinks it would be well to have two tin, zinc, or galvanized iron pipes of sufficient size to allow air to be changed three times an hour (the ducts being about nine inches by twelve inches) extending on opposite sides from near the floor, connecting below with the class-room and running up through the ceiling beside the chimney, and so, placed as to be well heated. ~~When~~ the pipe cannot be so placed, pipes of large diameter (a foot) with revolving cowls on the top of each will prove effective. slides, should also be provided in these ducts near the ceiling for use only in warm weather or when the room is overheated. An estimate of the cost of this work should also be obtained.

Dear Sir:-

I have carefully examined the school at the Scotch settlement and find the windows in very bad condition. They require to be re-modled. The sash cords are broken and the weights are not properly balanced. It will require a practical carpenter to repair them

Indian Affairs. (RG 10, Volume 6125, File 388-5, part 1)

It also requires sash pulls and plates and some half pound weights to properly balance the sash and also new cords. To floor the room would require five hundred and fifty feet (550') of hard wood flooring and put two yale locks on door of house & Remove all seats and re-seat it would cost fifty five Dollars ($55.) And quarter sand floor strips.

Seven hundred and twenty feet (720') of hard wood flooring to cover the room. This would cost seventy Dollars ($70.)
I would recommend the two ventilating flues at each side of the room extending ~~from~~ twelve inches from the floor through the ceiling the same to be

Sir,

Sometime in May, last, you shipped to Mr. John Scoffield, Indian Agent, Chippawa Hill, Ont., thirty-four single desks for the French Bay School in his Agency. Parts of a certain number of these desks were broken in transit. Mr. Scoffield states that he wrote you asking you to replace these parts and that he has not heard from you. I would ask you to be good enough to give this matter early attention.

Your obedient servant,

J. D. McLean

Sir:—

I have the honor to enclose herewith a/c of Jas. McKenzie for repairing at Scotch Settlement & French Bay Schools Sarnia Reserve

I would inform the Dept that when the Contract was let, it was the intention to lay a new floor on top of the old one; To do so we would have to ~~lay~~ take half inch strip on the old floor, which would cause a vacancy between the floors where dust & vermin would lodge causing an insanitary condition

We therefore left the hardwood floor already laid in the isle, a few years ago, which was good, and we laid a new hardwood floor to match it, in the rest of the room

It made a good job and saved $ 18.20 The rest of the work is done according to Contract. and is also very satisfactory

The windows & Ventilators work easy & the Teacher at French Bay has expressed himself as being well Satisfied.

The contract is all completed with the exception of 4 Desks at Fr Bay School, Some of the castings of these Desks & Seats were broken as reported to the Dept. And I have written 3 times, Telephoned once to John B. Snider asking him to replace the

Referring to your letter of the 21st ultimo, I re-enclose herewith Constable Richie's account rendered at $31.20 for expenses in connection with bringing the Wahbezee boys to the Mount Elgin Institute, and I beg to point out that the Constable should charge his railway fee and a per diem wage for his services, instead of a mileage rate. The work of bringing pupils to a school does not come under the schedule of fees allowed a constable when employed in connection with the ordinary discharge of his duties relative to prisoners.

Sir,

I have the honor to forward to the Dept Resolution passed by the Indian Council at their monthly meeting held Feb 5th /12

Moved by Jno. Nashkawa Sec.d by A. Ritchie
That this council wish to add $8.00 per year to the salary of T. J. Wallace for Care-Taking of the French Bay School making the total amount $28.00 per year.
Certified Correct— Carried

I would say in reference to the above resolution that it was considered just to Teacher T. J. Wallace to pay him the $8.00 per annum more as he is doing the same amount of Scrubbing at the French Bay School as what is being done at the Scotch Settlement School,

I would therefore recommend that the addition to his Salary as care taker be authorized by the Dept.

Sir:-

I have the honor to state that Elijah Kabegona is unwilling to allow his two boys to be sent to Mount Elgin industrial school, and the teacher T. J. Callaer says the boys must leave the reserve. I am very anxious that the boys should be sent now that there is a vacancy for them.

I enclose Rev Mr Cittys card stating that they may be sent by the 1st July

I would say that the boys have not attended school two months in the past six months, and when they are on the reserve only entice other boys away from school.

I would recommend the Dept. to authorize me to send these boys to Muncey school also to advance the expence of sending them which will be about $30 = thirty Dollars and for which I hearewith enclose vouchers.

I would say in reference to the above

sandy nature of the soil The wind has
deep holes worked in the ground. In
some places it will require gravell, in
other places perhaps earth & sod will do.

Sir:—

I have the honor to state that I found it necessary to have the iron pump at French Bay repaired.

This pump supplied both the French Bay School and the School teachers residence and as the valves had worn out and it was otherwise out of order it had to be repaired with out delay.

The man who put in the pump in the first place made a satisfactory job of it and I herewith inclose his account which I would recommend be paid from the band funds.

I have the honor to be Sir,
Your obedient Servant.

Sir,-

I beg to acknowledge the receipt of your letter dated the 6th instant in reference to repairs to French Bay School Teacher's residence, with estimate for doing the work prepared by C. W. Conway, and in reply to inform you that you may have the Summer-kitchen fitted up and plastered, etc., with the changes suggested and made habitable for Winter use, also all repairs to the main building, including siding up in metal and painting for a total sum not to exceed $265.00.

The work may be let to Mr. Conway at his estimated price to wholly complete the work or for you to purchase the material and employ the necessary labour as will be most economical.

Providing the work is let by contract, it will be necessary for you to issue a certificate, and if day work accounts and time-sheets for labour to be sent in certified by you.

The work should be proceeded with as soon as possibl

Chatham, Ont., May 31, 1920.

Dear Mr. Scott:

When I visited the Saugeen Reserve, the agent, Mr. Stout, drew my attention to the condition of the ceiling in the school house at French Bay. About three sq. ft. of the plaster had broken and fallen to the floor and several other parts have cracked and are likely to fall any time.

The house, that the teacher lives in is starting to rust on the outside and is badly in need of a coat of paint. The school teacher was inquiring whether he was entitled to a bonus or not.

I would recommend that this matter be looked into in order that the work might be done during the summer holidays.

Yours truly,

J. G. McCharles

Ottawa, June 7, 1920.

Sir,-

Mr. McPharlin, Assistant Agricultural Representative of the Department, who recently visited the Saugeen Reserves, states that his attention was drawn by you to the condition of the ceiling in the school house at French Bay. About three square feet of the plaster is broken and fallen to the floor and several other parts are cracked and likely to fall at any time.

You should take the necessary steps to have the ceiling repaired. At any point where the plaster is broken and likely to fall it should be removed and replastered. You should have this work done as cheaply as possible and it should be performed during the coming summer holidays.

Mr. McPharlin states that the teacher's house is badly in need of a coat of paint.

I have to request that you will be good enough to forward a report as to the cost of having the painting done. You should state the quantity of paint that would be required and the cost of the labour in having the painting done. If possible, you should obtain a price from several men competent to do this work and submit the prices received for the consideration of the Department. You should furnish these prices as soon as possible, in order that, if it is decided to have the work done, it can be carried out during the summer holidays.

You may inform the teacher that the bonus is being continued during the present fiscal year.

Your obedient servant,

D. E. McLEAN

Moved by Andrew Ritchie Sec by Joe Kahgee that the Teachers Residence and School House at French Bay be painted and that a metal ceiling be put in the school House as the plaster on the ceiling is in bad condition school and Residence to have two coats of paint and the ceiling of school to have one coat of paint the total cost not to exceed $245.00

carried

I would recommend that the Dept- authorize the above mentioned painting and repairing as the ceiling in the school is in bad condition part of the plaster is already off and more quite loose and liable to come off at any time and I would recommend that metal ceiling be put on as it would be a diffficult matter to make a good job by trying to repair with plaster and the school and Residence requires painting

Sir,-

I beg to acknowledge the receipt of your letter of the 7th instant with reference to the painting of the teacher's residence and school house at the French Bay School, also the providing of a metal ceiling in the class-room of the school, and in reply to say that you should obtain and submit to the Department prices for the painting of the school and teacher's residence.

With reference to the ceiling in the class-room, prices should be obtained for metal ceiling and also an alternative price for finishing the ceiling in 5/8" V-jointed sheeting. As metal ceiling is very expensive at the present time, it is possible that it would be much more economical to put the V-jointed sheeting on the ceiling with just as satisfactory results. This information is desired as soon as possible.

Mr. Scott:

Indian Agent Stout has re ported that the French Bay teacher's residence and school house are badly in need of paint outside and in, also a new ceiling, and he was requested to obtain prices for the work and submit the same to the Department. He has forwarded two prices, the lowest being that of J. A. Aitcheson, of Southampton, of $277.00, and I would recommend that this price be accepted and the agent instructed to have the work done.

The Accountant states that the interest funds of the band are $2197.00.

OTTAWA, August 15th, 1922.

Sir: -

I have to acknowledge the receipt of your letter of the 8th instant, embodying a resolution of the council of the Chippewas of Saugeen that a new cement platford be built at the French Bay Indian Day School to replace the present wooden platform, which is in a dangerous condition.

In reply I beg to say that the Department approves of this resolution, and you may therefore arrange to have the cement platform built. The cost of the work should not exceed the sum of $50.00.

It will be necessary, in the purchase of any material required, to obtain competitive prices, and the material should be purchased from the firm quoting the lowest price.

You should see that this work is completed in a satisfactory manner, and that a good grade of cement is used.

When the work of erecting this platform is completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred in the purchase of the materiál and for the labour employed. A memo. should accompany these vouchers showing the names of the firms asked to quote a price and the prices quoted.

Kindly give this matter your early attention, as this platform should be completed before the school re-opens after the present summer holidays.

Dear Sir—
Enclosed please find a bill for erecting a hen-house and driving-shed as explained in said bill. If this double building was erected now it would cost sixty or eighty dollars at the present rate of the material used.
I presented this bill to the Indian Council at their last sitting. The Council seemed to think that the Department had paid me this bill or pretended to think so. The Council decided to leave it to a Band meeting. Knowing well what a lot of irresponsible fellows at a Band meeting would do I withdrew the bill. The Agent advised me to sell the building. This I refuse to do. I prefer to leave it to the Indians rather than do a shabby trick of that kind.
I also, at my own expense, lined the two feed bins with tin sheeting to save the grain from rodents at an expense of $5.00.
Now I have a proposition to make to the Department viz
When I came here over twenty-three years ago I brought with me a good stove. I set

up my own stove and used it for years until it was burned out. The Department then bought a stove which I have been using since. Twice since the Department purchased said stove I have bought at my own expense new linings for the fire-box. All stove-pipes belong to me.

The building I erected has been utilized to store the School-garden tools, 5 shovels, 5 hoes, 2 garden-rakes and a watering can. Also to store the storm-windows & storm-door. Here is stored also the extension ladder, If this building were not here the Department would be under the necessity of providing a building for the safe storage of these things.

In lieu of this building and lining the feed bins and burning out my own stove here will the Department allow me to take this stove with me when I leave at the end of June?

If the Department considers my proposition fair and reasonable I ask it to grant it. If not then me will let the matter drop but under no circumstances will I allow the bill to be brought before the Indian Council again as I consider they grossly insulted me by insinuating that the Department paid this bill at the time viz October 1908.

Yours sincerely T. J. Walluce

Sir:

I have to acknowledge the receipt of your letter of the 3rd instant, enclosing an account for the expenditure incurred by you in the erection of a hen house and driving shed at the French Bay Indian Day School.

In reply I beg to say that you should have forwarded these accounts at the time the work was done, if it was intended that the Department would be called upon to pay the expenditure incurred. We have no information regarding this matter, and you should place your claim with the Indian Agent. The same applies to the question of the stove. You should request the Agent to report regarding these matters.

Department of Indian Affairs,
Ottawa, Ont.

Attention J.D. McLean.

Dear Sir:

We have received a letter from Mr. T.A. Stout, Indian Agent, Chippawa Hill, in reply to our letter of November 8th acknowledging receipt of $4.65 and notifying him that there was still an account for $9.69 outstanding in July. He states in this letter that he took the matter up with the Indian Department and they notified him that they had forwarded the Globe Printing Co., cheque for $9.69 in July.

As we have no trace of this cheque being received, we would be glad if you would look it up and see if it has come through the bank, and if so, kindly let us know the date it was endorsed. If you have no trace of this cheque, we would be very glad if you would stop payment on it and issue a new one so that we may be able to close out this account.

Yours very truly,

"The Globe"

Dear Sir,-

In reply to your letter of the 19th instant, I beg to say that official cheque No. 3105, dated the 31st July, 1923, was sent to you in payment of your account of $9.69 for advertising for a Teacher for the French Bay Indian School. The said cheque was cashed at Toronto on the 1st August and has been returned to the Department of Finance in the usual way; apparently it was promptly endorsed before being cashed at the Bank.

I trust the foregoing information will enable you to trace the payment in your books.

I may add that the amount was paid at the amount at which it was taxed by the King's Printer.

Yours truly,

Accountant and Purchasing Agent.

Sir,-

The Public School Inspector in his reports of inspection on the Scotch Settlement and French Bay Indian Day Schools, has drawn attention to the condition of the school grounds at each of these schools. He states that the grounds are covered with weeds and are a bad object lesson to the children and the passers by. A very little trouble should keep the grounds at all the schools clear from weeds.

I have to request that you will arrange, as soon as possible, to have the weeds cut and the grounds cleared up at each of the schools. This matter should receive your prompt attention. No unnecessary expenditure should be incurred for the purpose. If there is any cost to the Department in having this work done, you should forward properly certified vouchers, in duplicate, covering the expenditure at each of the schools separately.

I have the honor to refer to your letter 31-3-4 of the 18th inst. re supplies for French Bay school. The well, in question, the cribbing was wooden construction, and has given away. It is an eighteen foot well, and would need to be deepened two feet, and cement cribbing be put in, and a cement top put on the well. The pumps are out of repair, but I think it is from pumping sand. The door in question is not in use, and I think it would be as well nailed up, as it is the driving shed door. The fences I think we can leave till next year. I would estimate fixing the well at $28.00, and as far as the pumps are concerned, I couldn't tell anything about what they would cost till we got them out.

I have your letter of the 28th instant, regarding the repairs required to the well at the French Bay Indian Day School.

In reply I beg to say that you should arrange to have this well deepened, and cement cribbing put in, also a cement top put on same. If you find that a new pump is required, you may arrange for the purchase and installation of same. No unnecessary expense should be incurred in having this well placed in a satisfactory condition, and when the work has been completed, you should forward properly certified vouchers, in duplicate, covering the expenditure incurred.

We note that you are of opinion that any repairs required to the fences can stand over until next year.

If you consider it advisable, you may arrange to have the door in the driving shed nailed up.

Please have the repairs to the well completed as soon as possible.

The walls of the school are much in need of being whitewashed, also, the closets. The whitewash in the closets has fallen and covers the floors pretty well. It should be swept clean out of the closets.

The cement steps at school entrance are badly broken, no doubt from frost.

Sir:

The Public School Inspector, in a report on his recent inspection of the French Bay Indian Day School, states that the walls of the school are much in need of being whitewashed. He says, further, that the whitewash in the closets has fallen down and covered the floors and that it should be swept out. He reports, also, that the cement steps at the school entrance are badly broken.

Please furnish a report at an early date as to whether you would advise that the walls of the classroom be whitewashed. If so, you should state the approximate cost of having the work done and whether it would be possible to have it performed without interfering with the regular classroom duties. It is thought that the teacher could have the older boys sweep out the closets. If they require whitewashing, I should be pleased to have a report from you relative to the cost, etc. Please state, also, what you would advise be done to repair the cement steps at the school entrance. The Department will expect an early reply regarding these matters.

Sir,—

I have the honor to reply to your letter No. 31-1-5 of the 12th, inst. re French Bay Indian school.

I might say that it would not be necessary to whitewash the walls of the school until next year as it would probably interfere with the classroom duties. The fallen whitewash in the closets can easily be swept out. The cement steps which have three sides to the entrance, two of which are chipped on the edges and the third is in as good repair as ever, and the pupils use this side. I took the matter of these steps up with the teacher the last time I visited the school and we both agreed that they could be held over until another year. My reason for doing this is that I am of the private opinion that this school will in a short time be closed as it is situated in the poorest part of the Reserve, and two families, Livingstone Ritchie and Alex Root are talking of buying property down near the Scotch Settlement portion. Mr. Parker on his last visit to the Reserve was also of the same opinion.

Mr. McCool is apparently of the opinion that work done by the Government does not cost anything and as this Reserve has so many buildings to look after I don't care to spend any unnecessary money, and the schools in question are second to none in this vicinity.

I have the honor to remain,

Sir:

I beg to submit the following report on my visit of inspection to the Saugeen Agency.

x x x

FRENCH BAY SCHOOL: is no credit to us. If this school is to be maintained, a considerable expenditure will be necessary to put it in something like decent condition. The whole place looks like decay and neglect. The inside walls and woodwork need several coats of paint. All the outside woodwork around the windows, doors and belfry, needs painting. The cement steps at the front entrance are broken to pieces and new ones will have to be provided. The two closets are very dilapidated and past all repairing. New ones are badly needed. The chimney needs pointing and some bricks replaced. New wire and posts are needed for the fence enclosing the school grounds and residence. Some of the present posts might be used for the fence at the back end of the lot. The school grounds are very untidy and neglected looking.

I would also like to take this opportunity of pointing out the need of window screen and screen door for the schoolhouse. I must say that I feel rather strongly upon this point. Of course the need is not a present one, but with the children's clothes so dirty, my schoolhouse in the fall of the year becomes very trying. I have never before been without screens, and I hope that this improvement might be granted to us before another fall comes round. I feel sure that if Nurse Cousins had paid us a visit in the fall she would see the need of this.

Note on Fencing

The original fencing round the house and School put up nearly 40 years ago is pretty rotton. When I came here the number of children attending hardly seemed to justify any expence in connection with this, but there appearances now to be a good School in prospect for some years to come. Last year in August the rescue Corps went through the house fence and ruined my garden.

This same applies to the screened approaches to the children closets. I have nailed them up several times but there is nothing left to nail to.

The school steps also need repairs badly.

P. H. Gentleman.

Doubtless the small attendance in past years did not do much to have repairs kept up. The fence posts have done pretty for but they will have to be renewed.

Sir:

I beg to acknowledge receipt of your letter of the 31st ultimo, requesting the Department to supply fencing for the land around the French Bay Indian Day School.

Owing to the small attendance, the Department has been seriously considering the question of closing this school at the end of the present academic year, and, under these circumstances, we are not prepared to incur any expenditure at the present time.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

Referring to your letter of the 18th instant, regarding the repairs required to the school building and teacher's residence at the French Bay Indian Day School, I have to say that, in view of this school being kept in operation for another year, as you are being advised in a separate communication, the Department will approve of the more urgent repairs required being carried out to the school and residence. It is not intended that any large expenditure be incurred, but only the work necessary to make the school and residence comfortable during the next school year is to be performed.

I shall be pleased to have a list, in detail, showing the work which you consider urgent and necessary, and an estimate of the cost of the material, labour, etc., in having the repairs carried out. When we have this information, further consideration will be given regarding these repairs.

Sir:

I have your letter of the 28th ultimo, giving an estimate of the repairs required to the teacher's residence and schoolroom at the French Bay Indian Day School.

In reply I have to say that, as our funds for the present fiscal year are extremely limited, it will only be possible to authorize the reshingling of the teacher's residence, which, it is noted, you estimate will cost approximately $130. You may arrange to purchase the shingles, nails, etc., required, obtaining same at the lowest possible price. A good grade of shingles should be obtained. You should employ Indian labour as far as possible in having the work carried out, keeping proper time sheets, in duplicate, for the labour employed. Certified accounts, in duplicate, should also be forwarded covering the cost of the shingles and other materials. You should arrange to have the shingling completed at an early date, keeping all expenditure as low as possible, and you should see that a satisfactory job is completed.

The repapering of the kitchen and the painting of the classroom will have to stand over for the present.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Inspector McGookin, who recently visited the Saugeen Reserve, states that the roof on the French Bay Indian Day School is leaking near the bell tower and that a few new shingles are required. As the expenditure necessary is likely to be small, you should have the above repairs made at once.

The Inspector also states that the wood shed should have a new roof and that the fence needs tightening up and a few new posts. You should keep these improvements in mind and write the Department early next spring regarding them, stating what expenditure would be necessary.

You should inform the teacher that three pictures suitable for classroom decoration have been ordered from the Government Stationery Office and will go forward in the near future.

Chippawa Hill.

Sir -

I would like to suggest that a wash basin, pitcher, soap and towels be placed in each of the schools. I have noticed that many of the children seem not to have been making proper use of soap and water at their homes and I think it would be good for them to use it at the school when they do not do so at their own homes.

One other matter would be the installing of a telephone at each of the school teacher's houses. In case of illness the Indians could telephone from these places and some time

Sir,-

I have the honor to enclose herewith two recommendations received from Dr. Scott.

I beg to say, Dan Wahbezee is paid under No. I22. Regarding the school supplies there are towels, soap and basin in each of the schools at the present time, these articals are supplied to each school regular, as for installing the telephone at each school I think this would be out of the question as two of the school are four and six miles from the line.

Sir:

With reference to your letter of the 12th instant, I beg to say that you may have the teacher's residence at the French Bay Indian Day School repaired. It is noted that the cost of papering and painting the interior and erecting cement steps will not exceed $86.00. This amount includes both material and labour.

It is noted, also, that this work will be done by Mr. Robert McVittie.

Owing to lack of funds, it is regretted that the Department cannot authorize the shingling of the school. You may have some minor repairs made in order that the building may be habitable for another year. The cost of these repairs should be kept as low as possible.

Ottawa, June 25, 1935.

Sir:

The Public School Inspector, in a report on his recent inspection of the French Bay Indian Day School, states that new roofing is required, especially on the south side of the school building; also that there should be an extension outward of the down pipe from the eavetrough at one corner of the school. He also recommends that the following repairs be carried out: -

(1) Repairs to school door.
(2) Metal lining in the urinal in the boys' closet.
(3) New window pane for boys' water closet.
(4) New fence around school yard, as, at present, cattle can and do get in at several places.

I shall be pleased to have an estimate of the cost of the labour and material required in the repairs to the roof of the school building and in the erection of a new fence around the school yard; also in the other repairs mentioned. You should give this matter your early attention and furnish the particulars asked for. You should also state how you would propose that the work be carried out. Would it be satisfactory to use Indian labour or would it be necessary to employ outside help? When we have your report, consideration will be given as to the funds that will be available for the carrying out of any of the above work.

The toilets at all the schools in your Agency should be thoroughly cleaned and placed in a good, sanitary condition during the summer holidays. You should arrange to have this work done, forwarding accounts, in triplicate, properly certified, covering the expenditure incurred.

A. F. MacKenzie,
Secretary.

Sir,-

I have the honor to refer to Department letter No. 31-I-5, dated June 25th. regarding repairs required at the French Bay Indian Day School.

I beg to say, the fence could be erected by Indian labour, this would cost around $100.00 for wire, gates, posts and labour. Enclosed please find estimate for the other repairs from Mr. Robt. McVittie, this estimate includes material and labour.

Ottawa, July 16, 1935.

Sir:

I have your letter of the 8th instant, regarding the repairs required at the French Bay Indian Day School and giving an estimate of the cost of the work, viz.: shingling roof with best grade of cedar shingles and galvanized ridge roll; covering metal deck on bell tower; repairing galvanized iron in urinal troughs and outside door on porch and main door. I have also the estimate covering the cost of erecting a fence around the school yard.

E.R. 3486

You may arrange for the purchase of the materials required in the repairs to the school, and also the posts, wire, etc., required to erect a fence. Indian labour should be employed, as far as possible, in the erection of the fence. All the above authorized work should be carried out during the present summer holidays. The Department will leave this matter in your hands, to see that a satisfactory job is completed in the repairs to the school and the erection of the fence. Please have the work performed at the lowest possible cost.

I enclose an encumbrance certificate, authorizing an expenditure to the amount of $200 in connection with the work above mentioned. You should obtain itemized accounts, in triplicate, covering the cost of all materials, and forward vouchers, in triplicate, for the labour employed. Please state definitely thereon the number of days or hours each man was employed and the rate paid. On each copy of the voucher, you should state that the expenditure was incurred under authority of E. R. No. 3486.

Sir,-

I have the honor to enclose herewith vouchers amounting to $6.50 for cleaning the French Bay School and teachers' residence.

I beg to say, the former teacher, Mr. K. McPherson, left this school and residence in very poor condition, as to cleanliness, I had to hire the cleaning done.

The well in connection with the school needs repairing, and both locks on the teachers' residence needs replaceing, also three panes of glass in the residence and a new cover for the couch, The cover would cost about $4.00 but I cannot give an estimate for the other repairs as I would have to have a plumber from Southampton come out to do the work.

I have the honor to remain, Sir,

Dear Sir,-

With reference to your letter of the 3rd instant, you may expend an amount not exceeding $4.00 in having the couch covered in the teacher's residence at the French Bay Indian Day School.

You may, also, purchase the glass necessary and have the pump and locks repaired.

Yours truly,

A. F. MacKenzie.

Ottawa, November 17, 1936.

Dear Sir,-

In reporting regarding his inspection of the French Bay Indian Day School on the 28th ultimo, Inspector Game writes:-

"1. Latch for boys' water closet door and drain pipe for the urinal. This building is very dirty and the boys have collected there a number of sticks and boards.

"2. A new down pipe and elbow from the eaves at the rear of the school. Water is now discharged against the foundation and this will ultimately cause a settling with a consequent costly repair job.

"3. Repairs to the eave trough at the front of the school.

"4. Brace for metal jacket around stove."

As the above repairs will not involve any large expenditure, you may arrange to have the necessary work done. It is considered that, when you visit the schools, you should ascertain the minor repairs that are required and advise the Department. These matters should not be left to the School Inspector to report.

You may inform the teacher that supplementary reading books for the junior classes will be sent to her.

Yours truly,

T. R. L. MacInnes.

MEMORANDUM:

Mr. Hoey.

Saugeen Agency.
French Bay Indian Day School.

The walls and ceiling of the classroom are in a disgraceful state. The paint on the woodwork has peeled off in streaks. The plaster has fallen down in some places. The metal ceiling is rusting into holes.

The outside woodwork is in a similar condition.
The two closets are beyond repair. They have probably done service for the life of the school and should be replaced.

A desk chair for the Teacher is needed, an old broken kitchen chair is in use at present.

The teacher asks to be supplied with a dozen desk ink wells. Small open bottles are being used and are constantly spilling. Similar wells to those supplied with new desks are what she wants.

A map of Bruce County for classroom work is needed. The School Inspector has criticised neglect in providing each of the three Day Schools in the Agency with this map.

TEACHER'S RESIDENCE.

The all metal siding is beginning to deteriorate, rust is causing damage and unless painted within a reasonable time the metal will decay beyond repair.

The inside plaster of the front porch is falling down, about half of it is already gone showing the bare laths.

The downstairs part - ceilings and walls - are giving way and need painting in the worst way.

The downstairs room used as a bedroom should have a congoleum rug on the floor. It is of soft boards, badly worn and splintered in places.

The teacher has to have a car but there is no accommodation for it at the school. The barn which is in fairly good repair could be used as a garage by building a plank entrance. The material is available at the Agency office and a handy Indian could do the job in a day or two at a total cost of $10.00 or less.

This whole school property in its present condition is not a good example to the Indians of how to take care of their own buildings.

RECOMMENDED.

A desk chair for classroom,
1 Dozen ink wells
1 map of Bruce County
1 Congoleum rug for bedroom floor.
Alterations to barn to accommodate teacher's car.

Ottawa, January 30, 1937.

Dear Sir,-

In reporting regarding his recent inspection of the French Bay Indian Day School, Inspector McGookin states that the walls, ceiling and woodwork of the classroom require painting, also that the plaster and the metal ceiling should be repaired. Please let me have an estimate of the cost of doing the necessary work in the above regard.

The Inspector also mentions that new closets are needed. An estimate of the cost of erecting new closets should also be given.

Please let me know the name of the manufacturer of the desks for which the twelve (12) ink wells are required.

The teacher asked Mr. McGookin for a map of Bruce County. Owing to their cost, we do not usually supply county maps. You might let me know what maps are at present in this school and their condition.

With regard to the teacher's residence, Mr. McGookin writes:-

> "The all metal siding is beginning to deteriorate, rust is causing damage and unless painted within a reasonable time the metal will decay beyond repair.
>
> "The inside plaster of the front porch is falling down, about half of it is already gone showing the bare laths.
>
> "The downstairs part - ceilings and walls - are giving way and need painting in the worst way."

Please submit an estimate of the cost of making the above improvements.

A request was also received from the teacher for repairs to the barn in order that he might use it as a garage. You should inform the teacher that the Department does not provide garages at Indian day schools.

R. A. Hoey.

Sir,-

I have the honor to refer to Department letter NO. 31-I-5, dated January 30th. regarding repairs to the French Bay Indian Day School and Teacher's Residence.

I beg to say, repairing and re-decorating the class room would cost about $150.00, the two closets about $25.00 each. The name on the desks is Snider, Waterloo, Ont. The following maps are at present in this school and in very good condition, America, British Isls, Canada, Africa, Asia, Ontario and Europe.

Regarding the teacher's residence, it would cost about $200.00 to repair and re-decorate the interior and paint the metal siding out side, this would include at least two coats of paint.

Dear Sir,-

With reference to your letter of the 8th instant, you may arrange for the erection of two new closets at the French Bay Indian Day School. It is noted that these will cost $25.00 each.

In view of the information contained in your letter, it is considered that this school has sufficient maps.

An order will be placed with the Government Stationery Office for twelve(12) ink wells.

Regarding the painting and redecorating of the classroom and teacher's residence, you should write again about July 1st, next, at which time the Department will be in a position to decide if funds for the purpose can be allowed.

Dear Sir:-

In writing the Department recently, Mr. W.R. Tomlinson, M.P., states that he recently visited the schools on the Saugeen Reserve and ascertained that the French Bay School is in a deplorable condition of repair and that the teacher has to teach under unsanitary conditions. Please let me have a full report regarding the condition of the French Bay School.

If the interior of this school is in such bad condition as Mr. Tomlinson states, the Department is surprised that you have not previously brought the matter to our attention.

Dear Sir:-

I am in receipt of your letter of November 12th with reference to the French Bay Indian Day School.

In your letter of February 8th last you estimated the cost of repairing and re-decorating the classroom at $150. This amount appears rather high. Would it not be possible to have the necessary work done at a much lower cost? If such is possible, you should also let me know if the work could be done during the Christmas holidays.

Re: French Bay Indian Day School,
Saugeen Agency, Ontario.

On roll, 14; average attendance, 12.

The interior of the classroom is dingy and neglected looking. Plaster is broken in patches and the woodwork has become discoloured and dirty. If funds can be found, the classroom should be painted and cleaned up during the summer holidays.

There is an old dilapidated shed, 18'x12', on the school grounds, used as a chicken coop but useless now. I would suggest Agent Robertson be given permission to give it to an Indian to demolish and clean up the debris for the material. It is an eye-sore and useless for any purpose.

The double doors on the school shed are off. They should be patched and rehung. It looks careless to have them in the shape they are. An Indian could do this little job. The cost would not exceed $10.00. I would recommend Agent Robertson be instructed to have this done.

The teacher's residence needs redecorating inside and out. Nothing has been done to it for years and it is fast going to decay. It is a metal sheeted building and rust is beginning to show effects, several places the metal is eaten right through. The inside walls and ceilings are badly in need of redecorating.

The teacher complained that she had not got the school supplies requisitioned for in early September. I was there on the 25th October.

Dear Sir:

In reporting on his recent visit to the French Bay Indian Day School, Inspector McCookin states that there is an old dilapidated shed on the school grounds. He suggests that you arrange with some Indian to demolish it and give him material for his work. This action is approved and you should make the necessary arrangements.

March 25, 1938.

Dear Sir:

In preparing our estimates for the fiscal year 1938-39 it was found possible to include an amount of $300.00 only for repairs to the three schools in the Saugeen Agency. It has now been intimated to us that the French Bay School is in such bad state of repair that practically the whole amount should be spent on this school.

I would appreciate your reporting fully regarding the condition of the school and teacher's residence. You might let me know the approximate cost of the repairs required to each. You might also state what it would cost to paint the interior of the teacher's residence. In official letter of November 29 last you were instructed to arrange for demolishing an old shed on the school grounds. Please let me know if this has been done.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

DEPUTY MINISTER

I am in receipt of Mr. Pratt's memorandum of March 22 with reference to repairing the French Bay Indian Day School.

The Indian Agent is being written and requested to report regarding the repairs that are required. I might add that during the Christmas holidays the interior of the school was painted, Indians being employed to do the work.

Sir,-

I have the honor to refer to Department letter NO. 31-I-5, dated March 25th. regarding estimates for the three schools on the Saugeen Agency.

I beg to say, the interior of the French Bay school was re-decorated during the Christmas holidays and is now in good condition, it would cost about $60.00 to paint the outside of the school. Regarding the residence, this house is in bad shape, it is a frame house covered with metal siding, this siding is badly rusted and I do not think it would do any good to paint it as the rust would show through, the interior is also in need of re-decorating, it would cost at least $300.00 to put this residence in good shape. Regarding demolishing an old shed on the grounds I may say that I made arrangements with Ed. Thompson, an Indian, to take this away and repair the stable to be used for a garage, the stable has been fixed up but he is waiting on better weather to remove the shed, this will be done in the near future.

I would like to have the class room at the Scotch settlement school re-decorated this year as it is very dull, this would cost about $75.00.

Ottawa,
April 12, 1938.

Dear Sir:

With reference to your letter of the 6th instant please let me have complete information regarding the metal siding that would be required for the teacher's residence at the French Bay School. Full particulars regarding the size of each piece of siding and the total quantity necessary should be given in order that the matter may be placed before the Purchasing Agent.

You should also let me know the kind and quantity of paint that will be needed to paint the interior of the teacher's residence.

Please let me have an estimate of the cost of the labour required for placing the metal siding on the building and also of painting the interior.

EXTRACT
31-1-6

As you were informed in official letter of the 25th ultimo the Department has only $300.00 available for repairs and improvements at the three schools in the Saugeen Agency. Consequently, the cost of the repairs mentioned above for the French Bay School should be kept within the amount that has been provided. I regret that it is not possible to authorize at the present time the painting of the exterior of the French Bay School nor the interior of the Scotch Settlement School. Regarding the latter you might write again about the middle of July and the matter will receive further consideration at that time.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

The classroom has been much improved and brightened up since the walls and ceiling have been painted and the desks varnished last year. The outside woodwork, door and windows, should be painted as soon as possible to prevent further deterioration. The agent was instructed to get one of the Indians to make a small wood box for fuel and have it placed at the rear of the classroom, and also to have the stove pipes treated with stove enamel.
